*REMARKS*

RAIN fell in parts of all districts except Hissar, Montgomery and Muzaffargarh (maximum 5·07" at Naraingarh, Ambala district and minimum 0·01" at Multan). It was beneficial to standing crops. Condition of standing crops (tobacco, vegetables, sugarcane, cotton, fodder, etc.) is average to good on irrigated and generally average on unirrigated areas. Reaping of extra spring crops and sowing of autumn crops continue. Fodder is sufficient except in parts of some districts. Drinking water is generally sufficient. Supplies of canal water are sufficient except in Pakpattan, Dipalpur, Eastern and Mailsi canals. Condition of cattle is generally fair except in Hissar. The daily average number of workers at test works in progress in Rohtak was 15,041. Retail prices in seers per rupee are as follows :—

§§The figures entered were received too late per insertion in the Supplement to the *Punjab Gazette* dated 16th June, 1939.

NOTES.—Prices of rice as shown in the statement are for the quality in common demand.
Variations in prices are due to fluctuations in imports and exports.

*No wholesale salt sold.

‡Not sold.

‡‡Statement not received.

§Not procurable.

††Under enquiry.

The grades of salt for which quotations are given in this statement are as follows:—

| | |
|---|---|
| Hissar ... ... ... ... | Didwana. |
| Rohtak, Gurgaon and Karnal ... ... ... | Sambhar. |
| Remaining districts ... ... ... ... | Rock or Sendha. |

The price of "Bathu" and "Masur" at Simla during the fortnight ending 15th June, 1939, was Nil and 7 seers per rupee, respectively.

In the statement for the fortnight ending 31st January, [illegible], under head [illegible] [illegible] under head (Wheat against Karnal *read* "13 seers 8 chhataks" *for* ††

OFFICE OF DIRECTOR OF LAND RECORDS, PUNJAB:
Lahore, dated the 27th June, 1939.

MOHAMMAD ISMAIL,
HEAD ASSISTANT OF STATISTICS,
Office of Director of Land Records, Punjab.

(a) Not available.

Average percentage ratio of current to pre-war prices or unweighted index number = 97.

Unweighted index number of wholesale prices for the first fortnight of June, 1938, was 95.

KATTI RAM,
SUPERINTENDENT,
*for Director of Land Records, Punjab.*

## SUMMARY OF METEOROLOGICAL CONDITIONS OVER THE PUNJAB AND THE NORTH-WEST FRONTIER PROVINCE DURING MARCH, 1939.

*The chief feature of the weather of the month was the widespread rainfall that occurred in the provinces in connection with western disturbances.*

The last disturbance of the previous month which affected the provinces on the first two days of the month caused local falls in the North-West Frontier Province and ew falls in the east and north Punjab on the first and a few thundershowers in the Punjab hills on the 2nd. Six more western disturbances entered north-west India during month. Of these the third did not affect the provinces. The first disturbance caused widespread light showers of rain or snow in the North-West Frontier and the Punjab hills he 4th. The 2nd disturbance gave scattered showers in the provinces on the 7th, 8th and 10th, and fairly widespread rain or snow on the 9th while the fourth caused scattered vers in the provinces on the 21st. The fifth was responsible for fairly widespread rain in the provinces on the 23rd and in the Punjab on the 24th, local or scattered showers in provinces on the 22nd and local falls in the Punjab hills on the 25th. The last disturbance which was fairly active caused nearly general rain in the North-West Frontier Proe on the 26th, 28th and 29th, local rain there on the 27th and a few falls on the 25th and 30th ; this disturbance also caused fairly widespread showers in the Punjab on the and 27th and a few falls there between the 28th and 30th. The total rainfall of the month was in slight excess in Simla and in moderate to large excess elsewhere.

Temperatures were generally below normal during the first week. By the beginning of the second week a cold wave appeared over the North-West Frontier which gradually ead over the provinces when low temperatures prevailed till about the 20th. Consequently on the mean of the month both maximum and minimum temperatures were erally below normal.

Cloud amount was normal or in excess except at Montgomery where it was in defect. Humidity was in defect at Parachinar and normal or in excess elsewhere.

**Published by Authority.**

No. 28 LAHORE, FRIDAY, JULY 14, 1939.

## PART I.

## STATISTICAL.

**Weather and Crop Report for the week ending 8 a. m., Monday, the 10th July, 1939.**

This report deals with all the districts of the province except Gurdaspur.

| No. | Reporting Station. | Rain. | 1. Supply of fodder. 2. Water supply for— (a) Drinking. (b) Canal irrigation. 3. Condition of cattle. | Retail prices in seers per rupee | Prospects of Spring | Prospects of Autumn. |
|---|---|---|---|---|---|---|
| | Hissar .. | 0·90 at Siwani .. 0·50 at Sirsa. No rain fell at other stations. | 1. Scarcity of fodder still continues except in Nahri tracts where people are managing on rabi and kharif crops. In baranl tracts grass is available to a little extent. Arrangements have been made to distribute fodder in kind in the district. 2. (a) Sufficient. (b) Perennial canals are flowing by rotation. Ghaggar canals are flowing but are doing no inundation. 3. Condition of cattle is still poor due to want of fodder. About 54,000 cattle are being maintained on fodder taccavi besides cattle in the cattle concentration camp but these cattle are being returned to the zamindars concerned | Wheat, 14½ Gram, 11⅛. Barley, 17. Bajra, 13¼. Jowar, 13½. | .. | More rain is badly needed. Condition of standing crops average on irrigated areas. Sowing of jowar, bajra and gowara continues in a few villages of Sirsa and Hissar tahsils on unirrigated areas. |
| 2 | Rohtak .. | 0·64 at Gohana .. 0·18 at Salhawas. 1 80 at Sonepat. No rain fell at other stations. | 1. Scarcity of fodder in unirrigated areas continues. Fodder is being imported on concession rates from outside the district. 2. (a) Sufficient for the present. (b) Adequate. 3. Generally satisfactory. | Wheat, 14½ .. Gram, 12. Barley, 16½. Gochni, 13 Jowar, 13 Bajra, 13¼. | – | More rain is badly needed. Condition of standing crops average. Sowing of jowar, bajra and other fodder crops continues. Resowing of crops had to be done on account of strong dry winds in some places, otherwise germination is good. |

GGP

| No. | Reporting Station. | Rain. | 1. Supply of fodder. 2. Water supply for— (a) Drinking. (b) Canal irrigation. 3. Condition of cattle. | Retail prices in seers per rupee. | Prospects of Spring. | Prospects of Autumn. |
|---|---|---|---|---|---|---|
| 3 | Gurgaon | 0·40 at Sadr .. 0·10 at Farrakhnagar. 0·46 at Rewari. 2·06 at Taoru. 0·17 at Firozpur-Jhirka. 0·20 at Punahana. No rain fell at other stations. | 1. Good. | Wheat, 19½ ..<br>Jowar, 17.<br>Bajra, 18.<br>Gram, 15. | Condition and expected yield of extra spring crops average. | Condition of standing crops average. Sowings continue. |

### *REMARKS*

RAIN fell in parts of all the reporting districts except Ferozepore (maximum 3·79" at Nawanshahr, Jullundur district, and minimum 0·05" at Rawalpindi and at Tarn Taran, Amritsar district). It was useful for standing crops but more rain is needed. Condition of standing crops (tobacco, vegetables, sugarcane, cotton, fodder, etc.) is average to good on irrigated and generally average on unirrigated areas. Standing crops are reported to have been affected by strong winds in parts of Rohtak and Gurgaon. Reaping of extra spring crops and sowing of autumn crops continue. Fodder is sufficient except in parts of a few districts. Supplies of drinking and canal water are generally sufficient. Condition of cattle is generally fair except in Hissar. The daily average number of workers at test works in progress in Rohtak and Gurgaon was 15,923 and 7,830 respectively. Retail prices in seers per rupee are as follows :—

## PART I.

## STATISTICAL.

**Weather and Crop Report for the week ending 8 a. m., Monday, the 17th Ju'y, 1939.**

This report deals with all the districts of the province.

| No. | Reporting Station. | Rain. | 1. Supply of fodder.<br>2. Water supply for— (a) Drinking. (b) Canal irrigation.<br>3. Condition of cattle. | Retail prices in seers per rupee | Prospects of Spring | Prospects of Autumn. |
|---|---|---|---|---|---|---|
| 1 | Hissar | 0·15 at Sadr<br>0·23 at Hansi.<br>0·16 at Bhiwani.<br>No rain fell at other stations. | 1. Scarcity of fodder continues except in Nahri tracts where people are managing on rabi and kharif crops. Grass is available to a little extent in places where it has rained. Arrangements have been made to distribute fodder in kind in the district.<br>2. (a) Drinking water is sufficient in the Nahri tracts, but it is running short in barani village ponds where rain was insufficient.<br>(b) Perennial canals are flowing by rotation. Ghaggar canals are flowing but doing no inundation.<br>3. Condition of cattle is still poor due to want of fodder. About 54,000 cattle are being maintained on fodder taccavi besides cattle in the cattle concentration camp but these cattle are being returned to the zamindars concerned. | Wheat, 13½<br>Gram, 11¼.<br>Barley, 17.<br>Bajra, 13.<br>Jowar, 13. | .. | More rain is badly wanted. Condition of standing crops average on irrigated area. Crops on unirrigated area are withering for want of rain. In some villages they are being damaged by high winds. Sowing of cotton, jowar, bajra, etc., continues. |
| 2 | Rohtak | 0·28 at Rohtak ..<br>2·55 at Gohana.<br>0·08 at Jhajjar.<br>0·25 at Sonepat.<br>No rain fell at other stations. | 1. Scarcity of fodder in unirrigated areas continues. Fodder is being imported on concession rates from outside the district.<br>2. (a) Sufficient for the present.<br>(b) Adequate.<br>3. Generally satisfactory. | Wheat, 14½<br>Gram, 12.<br>Barley, 16½.<br>Gochni, 13.<br>Jowar, 13<br>Bajra, 13½. | .. | More rain is badly needed. Condition of standing crops average. Sowing of jowar, bajra and maize continues in some barani tracts. |

| 26 | Jhang .. | 1·50 at Sadr .. 1·05 at Chiniot. *Nil* at Shorkot. | 1. Green fodder is not available. Dry is available. 2. (a) Sufficient. (b) Canals are flowing. 3. Fair. | Wheat, 18 to 19 Gram, 13. Jowar, 16. Bajra, 14. Maize 16. | Harvesting of tobacco continues. Yield is 90 per cent. of the normal. | Rain was beneficial to standing crops. Condition of standing crops average. Sowing of jowar and other fodder crops continues. |
| 27 | Multan .. | *Nil* .. | 1. Sufficient .. 2. (a) Do. (b) Lower Bari Doab canal is flowing regularly while perennial and non-perennial canals from Sutlej are flowing by rotation with inadequate supply of water. The Haveli Project canals are flowing but the zamindars are not satisfied with sites of fixation and size of certain outlets. 3. Generally good. | Wheat, 17 .. Gram, 11¾. Barley, 20. Jowar, 16. Bajra, 16. Maize, 13. | Reaping of extra spring crops continues. | Condition of standing crops generally average. Sowing of chari, bajra, pulses, til and fodder continues. |
| 28 | Muzaffargarh | *Nil* .. | 1. Sufficient .. 2. (a) Do. (b) Canals are flowing with full supplies of water. 3. Generally average. | Wheat, 20 Gram, 12½. Barley, 20. Jowar, 15. Bajra, 16. Rice, 13. | .. | Condition of standing crops average. Sowings are in progress. |
| 29 | Dera Ghazi Khan | *Nil* .. | 1. Sufficient except in Pachadh tracts. 2. (a) Do. (b) All canals are flowing with sufficient supply of water except Massuwah, Dhingana, Shoria, and Chandor Canals. 3. Good. | Wheat, 21 Jowar, 17. Bajra, 17. Gram, 15⅝. | .. | Condition of standing crops average except in Sanghar tahsil where it is below average. Sowings continue. |

*REMARKS*

RAIN fell in all districts of the Province except Multan, Muzaffargarh and Dera Ghazi Khan (maximum in plains 5·37″ at Gurgaon and minimum 0·07″ at Ferozepore City). It was beneficial to standing crops but more rain is needed. Condition of standing crops (vegetables, sugarcane, cotton, fodder, etc.) is average to good on irrigated and generally average on unirrigated areas. Standing crops are reported to have been damaged by strong winds in parts of Hissar. Reaping of extra spring crops and sowing of autumn crops continue. Fodder is sufficient except in parts of a few districts. Drinking water is generally sufficient. Supplies of canal water are sufficient except in Ghaggar, Pakpattan, Dipalpur, Eastern and Mailsi canals. Condition of cattle is generally fair except in Hissar. The daily average number of workers at test works in progress in Rohtak and Gurgaon was 15,112 and 9,602 respectively. Retail prices in seers per rupee are as follows :—

### STATISTICAL.

**Weather and Crop Report for the week ending 8 a. m., Monday, the 24th July, 1939.**

This report deals with all the districts of the province.

| No. | Reporting Station. | Rain. | 1. Supply of fodder. 2. Water supply for— (a) Drinking. (b) Canal irrigation. 3. Condition of cattle. | Retail prices in seers per rupee. | Prospects of Spring. | Prospects of Autumn. |
|---|---|---|---|---|---|---|
| 1 | Hissar | 0·03 at Fatehabad. 1·12 at Budhlada. 2·30 at Tohana. No rain fell at other stations. | 1. Scarcity of fodder continues except in Nahri tracts where people are managing on rabi and kharif crops. Grass is available in places where it has rained. Arrangements have been made to distribute fodder in kind in the district. 2. (a) Drinking water is sufficient in Nahri tracts. It is also available in Barani tracts except some villages where it is running short on account of insufficient rainfall. (b) Perennial canals are flowing by rotation. Ghaggar canals are flowing with no inundation. 3. Condition of cattle is still poor due to want of fodder. About 54,000 cattle are being maintained on fodder taccavi besides cattle in the cattle concentration camp but these cattle are being returned to the zamindars concerned | Wheat, 13½ Gram, 11½. Barley, 17. Bajra, 13. Jowar, 13 | .. | Condition of standing corps average on irrigated area. On unirrigated area crops are withering in the tracts where rainfall was not enough and in some villages they are being damaged by high winds. Sowing of jowar, bajra, rice, pulses, til, etc., continues. |
| 2 | Rohtak | 0·32 at Sadr .. 0·60 at Gohana. 0·37 at Sonepat. 0·30 at Beri. No rain fell at other stations. | 1. Scarcity of fodder in unirrigated tracts continues. Import of fodder is discontinued for the present on the expectation of kharif crop and production of green grass. 2. (a) Drinking water for cattle is sufficient in some villages while in others rain is badly needed for this purpose. (b) Perennial canals are flowing by rotation and the supply of water is adequate. 3. Generally satisfactory. | Wheat, 15 Gram, 12. Barley, 16½. Gochni, 13½. Jowar, 13. Bajra, 13½. | .. | Rain is badly needed especially in Jhajjar tahsil. Condition of standing crops average. Sowing of jowar, bajra, pulses, etc., continues in parts of the district where it rained. |

| No. | Reporting Station. | Rain. | 1. Supply of fodder. 2. Water supply for— (a) Drinking. (b) Canal irrigation. 3. Condition of cattle | Retail prices in seers per rupee. | Prospects of Spring. | Prospects of Autumn. |
|---|---|---|---|---|---|---|
| | urgaon .. | 0·41 at Sadr ..<br>0·20 at Farrakh-nagar.<br>0·50 at Khol.<br>0·20 at Nuh.<br>0·08 at Firozpur-Jhirka.<br>0·11 at Punahana.<br>0·01 at Ballabgarh<br>No rain fell at other stations. | 1. Sufficient for the present except in the affected areas.<br>2. (a) Sufficient in wells but in pools generally insufficient.<br>(b) Canal flowed in Ballabgarh and Firozpur-Jhirka by rotation.<br>3. Generally satisfactory. | Wheat, 12 to 14 ..<br>Gram, 11¾.<br>Barley, 16½ to 17.<br>Jowar, 12.<br>Bajra, 12. | .. | More rain is badly needed. Condition of standing crops average on irrigated and poor to below average on unirrigated areas. In Rewari tahsil winds have affected the crops to some extent. Sowing of chari, jowar, bajra, etc., continues. |
| 4 | Karnal .. | 0·78 at Sadr ..<br>0·85 at Panipat.<br>3·85 at Rajaund.<br>0·60 at Kaithal.<br>0·12 at Thanesar.<br>*Nil* at Guhla. | 1. Sufficient ..<br>2. (a) Do.<br>(b) Satisfactory.<br>3. Do. | Wheat, 14¾ ..<br>Gram, 11½.<br>Barley, 19½. | .. | Condition of standing crops satisfactory. Sowing of rice, jowar, bajra, maize, pulses, and chari continues. |

| 28 | Muzaffargarh | *Nil* .. | 1. Sufficient ..<br>2. (a) Do.<br>(b) Canals are flowing with normal supplies of water with the exception of the Ganesh, which is dry, a breach having occur ed about 15 miles from the head.<br>3. Generally average. | Wheat, 20 ..<br>Gram, 12½.<br>Barley, 20½.<br>Jowar, 15.<br>Bajra, 16.<br>Rice, 13. | .. | Condition of standing crops generally normal. Sowings are in progress. |
| 29 | Dera Ghazi Khan | *Nil* .. | 1. Sufficient except in Pachadh tracts.<br>2. (a) Do.<br>(b) All the canals are flowing with sufficient supply of water.<br>3. Good. | Wheat, 21½ ..<br>Jowar, 17.<br>Bajra, 17.<br>Gram, 16. | .. | Condition of standing crops average except in Sanghar tahsil where it is below average. Sowings continue. |

*REMARKS*

RAIN fell in parts of all districts of the Province except Gujranwala, Gujrat, Mianwali, Multan, Muzaffargarh and Dera Ghazi Khan (maximum in plains 4·11" at Tamman, Attock district and minimum 0·01" at Amritsar and at Ballabgarh, Gurgaon district). It was useful for standing crops but more rain is wanted. Condition of standing crops (vegetables, sugarcane, cotton, fodder, etc.) is generally average to good on irrigated and average on unirrigated areas. Standing crops are reported to have been affected by strong winds in parts of Hissar and Gurgaon. Reaping of extra spring crops and sowing of autumn crops continue. Fodder is sufficient except in parts of a few districts. Supplies of drinking and canal water are generally sufficient. Condition of cattle is generally fair except in Hissar. The daily average number of workers at test works in progress in Rohtak and Gurgaon was 20,913 and 9,770 respectively. Retail prices in seers per rupee are as follows :—

Average percentage ratio of current to pre-war prices or unweighted index number = 91.

Unweighted index number of wholesale prices for the first fortnight of July, 1938, was 94.

KATTI RAM,

Superintendent,

for Director of Land Records, Punjab.

# Notes on the condition and prospects of crops etc., in each district of the Punjab for the month of June, 1939.

## 1.—HISSAR DISTRICT.

Rainfall was meagre except in Hissar, Bhiwani and Sirsa tahsils, where, too, it was not evenly distributed and there were places that received scanty rainfall like other tahsils. However it helped in preparing land for sowing and was beneficial to standing crops. More rain is wanted. There was a little hail storm in Hissar tahsil. It caused damage to the early sown cotton to an estimate of 70 per cent. The condition of standing irrigated crops is average. The condition of unirrigated standing crops improved only in the last fortnight of the month, due to the rainfall. Sowing of bajra, jowar, mung, gowar, moth and other kharif crops commenced. The condition of cattle is poor due to an acute scarcity of fodder in the district except in Nahri illaqas where people manage on rabi and kharif crops. Arrangements have been made to distribute fodder taccavi in kind in the district. About 54,000 cattle are maintained by the district authorities besides the cattle in the cattle Concentration Camp from where cattle are being returned to the Zamindars concerned. No cattle disease was reported during the month. Public health is generally good except that small-pox occurred in some villages in the district. Perennial canals went on running by rotation. Ghaggar canals were dry practically for the whole month, *i.e.*, flowed in bed during the last week. Drinking water is sufficient in Nahri illaqas and a scarcity was felt in barani villages where village ponds had dried up but towards the close of the month rain water was available in them. Weather changed from hot to cold and cloudy. Famine relief works are in progress in 15 centres. Prices of food stuffs were generally stationary.

## 2.—ROHTAK DISTRICT.

Water in ponds of the barani villages is sufficient for the present but more rain is needed. Sowing of irrigated jowar and bajra continued and that of unirrigated jowar, bajra, gowar and mung is also going on in those tracts of the district where it rained. Germination is good, but in some sandy places resowing had to be done on account of strong dry winds. Condition of irrigated sugarcane, cotton, jowar and bajra is good while that of unirrigated jowar and bajra is average. Scarcity of fodder in the unirrigated tracts of the district continues. Fodder is being imported on concession rates from outside the district. Foot and mouth disease in cattle continues in some villages of the district but the general condition is on the whole satisfactory. Public health has been satisfactory during the month under report. Supply of canal water was adequate.

## 3.—GURGAON DISTRICT.

During the month under report, rainfall varied from 1·76 to 4·81 inches at various places in the district. It proved beneficial to the standing crops and kharif sowing. Weather remained generally hot. The rainfall was average to above average throughout the district except Nuh where it was below average. Condition of standing crops, *i.e.*, sugarcane, cotton, chari, jowar, bajra, gowar mung and mash was average on irrigated and below average on unirrigated areas. Cotton, chari jowar, bajra, gowar, mung and mash were being sown in the district. Food grains are available. Fooder is available for the present except that its scarcity is being felt in the affected areas. Drinking water in wells was sufficient for human beings and cattle. Water in ponds was not sufficient. The condition of cattle remained generally satisfactory. Rinderpest and foot and mouth diseases were reported from a few villages of the district. Hot winds have affected the standing kharif crops in Bhur tracts. Canal flowed in Firozpur Jhirka, Ballabgarh, Palwal and Nuh tahsils by rotation. General state of public health for the month under report was satisfactory with the exception that 13 deaths and 65 cases of small-pox were reported in the district. Besides to this 3 cases and one death from cerebro-spinal fever were reported from the town of Palwal and Sohna only.

## 4.—KARNAL DISTRICT.

The rainfall during the month under report proved beneficial to kharif sowings and the standing sugarcane and other kharif crops. The condition of standing kharif crops is satisfactory on both irrigated and unirrigated areas. The yield is expected to be normal on both kinds of soils. The condition of cattle is satisfactory on the whole though there were complaints of foot and mouth and rinder pest diseases in two villages of Guhla Sub-tahsil. Public health is satisfactory on the whole but small-pox disease has broken out in seven villages in Panipat and thanesar Tahsils and Guhla Sub-tahsil. Canals worked satisfactory according to their programme. Prices are stationarily.

5.—AMBALA DISTRICT.

Rain is about average in tahsil Kharar and above average in the other tahsils which is sufficient. It helped in the sowing of kharif crops except rice. Rice was only planted in a few villages of tahsil Naraingarh and Jagadhri. Condition of standing crops, such as, sugarcane and extra rabi is average on both kinds of areas. Condition of cattle is generally good. Fodder was insufficient. Small-pox disease was reported from some villages. Western Jumna canal flowed with adequate supply of water. Prices are almost stationary.

6.—SIMLA DISTRICT.

Sowing has been completed. Condition of crops is average. Condition of cattle on the whole; is good but foot and mouth disease is reported in some villages of Kotkhai and Simla tahsils. The diseased animals are under veterinary treatment. No death occurred. Public health is good. In the villages of Purag and Chadiana Digar in Kotkhai tahsil the disease of measles is spreading amongst children, of whom 2 have died. Water in hill streams in sufficient.

7.—KANGRA DISTRICT.

Rainfall during the month was much above the average except at Kulu, Naggar, Kangra and Lower Dharamsala where it was below the average Rice, mash, maize, til and kodra were sown during the month. The condition of standing crops both in irrigated and unirrigated areas is satisfactory. Cattle are in fair condition. Fodder is sufficient. Foot and mouth, hæmorrhagic septicæmia and rinderpest cattle diseases existed in some parts of the district. Public health is fair There has been a complaint of small-pox in three villages of Nurpur and two villages of Hamirpur tahsils. One cholera case is reported from one village of Nurpur tahsil. Water in streams and Kuhls was sufficient for irrigation purposes. Prices are stationary.

8.—HOSHIARPUR DISTRICT.

The rainfall was below average in Hoshiarpur tahsil, and above average at the remaining stations in the district. The rains during the first week of the month of July, has made up the deficiency of the Hoshiarpur Station as well. The kharif sowings commenced during the month normally. The prospects are hopeful. The condition of irrigated crops is good and those of unirrigated crops is satisfactory. Harvesting of tobacco is completed with satisfactory result ; yield is normal. Condition of cattle is generally good, with the exception of a few villages of Garhshankar and Una tahsils, wherefrom foot and mouth disease is reported. Public health is generally good, however, small-pox is reported from a few villages of Garhshankar and Una tahsils. Shah Nahr continued working and the river Sutlej flooded during the month, in Una tahsil only.

9.—JULLUNDUR DISTRICT.

Rainfall was above average throughout the district except tahsil Nakodar. Sowing of fodder continues. Condition of the standing irrigated crops is good and that of unirrigated is average. Cattle are generally in good condition, but stray cases of foot and mouth and throat diseases have been reported from Phillaur and Nawanshahr tahsils. Public health is generally good, but stray cases of small-pox have been reported from different parts of the district.

10.—LUDHIANA DISTRICT.

The sowing of cotton has been completed during the month under report and the sowing of other kharif crops has commenced. The season is fair. The condition of the standing extra spring crops is about average. The condition of cattle remained satisfactory on the whole. Public health is generally satisfactory except a few cases of small-pox in a few villages of the district. Sarhind canal has been flowing regularly.

11.—FEROZEPORE DISTRICT.

Rainfall proved beneficial to the standing crops, but it is still insufficient. Condition of standing crops is average in irrigated and below average in unirrigated areas. Condition of cattle is generally good. Fodder and drinking water are sufficient. Public health is generally good, though some complaints of small-pox have been received from 3 villages of Zira tahsil.

12.—LAHORE DISTRICT.

There was sufficient rainfall throughout the district during the month under report, which proved beneficial to the standing crops. The condition of standing crops is average. The condition of cattle remained generally satisfactory. Fodder (green and dry) is sufficient. With the exception of report of cholera from one village of Chunian tahsil, the general condition of public health is good. The canals remained working by rotation and the water supply was adequate.

### 13.—AMRITSAR DISTRICT.

The rainfall during the month is average. The condition of standing crops is on the whole good in both kinds of areas. Yield is expected to be average in both kinds of areas on the whole. Sowing of rice and fodder is in progress. The condition of cattle is air. Public health is good. Canals are working by rotation and the supply is sufficient.

### 14.—GURDASPUR DISTRICT.

The rainfall during the month was above average in Batala and Shakargarh tahsils and below average in Gurdaspur and Pathankot tahsils. Sowing of rice, maize, mash and fodder crops is in progress. The condition of the standing kharif crops is reported to be good. The condition of cattle is generally good except for a slight complaint of hæmorrhagic septicæmia and foot and mouth diseases reported in some villages of the Batala and Shakargarh tahsils. Public health was generally good except for a complaint of small-pox in one village of tahsil Shakargarh. Necessary preventive measures are being taken by the District Medical Officer of Health. Government canals are running and irrigating the lands.

### 15.—SIALKOT DISTRICT.

Rainfall during the month under report in Narowal 2·16, Pasrur 2·15, Daska 3·76 and in Sialkot 4·12 inches, respectively, which was beneficial to standing crops. Sowing of fodder, rice, nursery rice, maize, chari and bajra continued during the month under report. Candition of standing crops is good in the irrigated and normal in the unirrigated areas on the whole. The yield of wheat and tobacco harvested during the month under report is above average in the irrigated and below average in the unirrigated areas. The condition of cattle is generally satisfactory, but there have been complaints of rinderpest, hæmorrhagic septicæmia, foot and mouth diseases in certain villages in the district. Public health is generally satisfactory, but there has been complaints of small-pox and cholera diseases in certain villages of the district. Upper Chenab canal with its branches is running. The Nallah Deg was flooded twice during the month under report, but to no effect to the standing crops.

### 16.—GUJRANWALA DISTRICT.

Showers of rain fell over the isolated parts of the district and proved beneficial to the standing crops. However, more rain is still needed. Sowing of kharif fodder crops and seedling of rice remained in progress. Transplantation of rice has also commenced in some places. Condition of standing crops is generally average to good on irrigated and average on unirrigated areas. However, sugarcane has been damaged slightly by top borer in the Gujranwala tahsil. Harvesting of wheat was completed by the middle of the month and thereafter no important crop has been harvested. Condition of cattle is generally satisfactory except that in a few villages of the Wazirabad and Gujranwala tahsils *daba* and foot and mouth diseases were prevailing. Fodder and bhusa are sufficient. With the exception of slight complaint of of small-pox in the Hafizabad tahsil the general state of public health is satisfactory. Canals ran by rotation and the supply is sufficient.

### 17.—SHEIKHUPURA DISTRICT.

The rainfall during the month under report was, Sheikhupura 0·91″, Shahdara 2·89″ and Nankana Sahib 0·25″. The recent rains proved beneficial to the standing crops. Lands are prepared for rice in the rice tract on a large scale. The season remained favourable. The condition of the standing crops both on irrigated and unirrigated areas is reported to be good. The outturn is expected to be normal. Public health and the condition of the cattle is reported to be good. Canals kept running throughout the month rotationally. There was no high flood in the river Ravi.

### 18.—GUJRAT DISTRICT.

There was moderate rainfall all over the district during the month varying from 1·71 to 2·99 inches, The sowing of fodder crops was continued and that of the other kharif crops begun. Germination was fair. The condition of standing crops was good on the irrigated and average on unirrigated areas. Nothing was harvested during the month. Cattle were generally in fair condition. Some complaints of *pir* were however received from a few villages of Phalia tahsil. Fodder and drinking water were sufficient. Public health was generally good. Some complaints of small-pox were received from some villages of Kharian tahsil and the Public Health Department took prompt steps against its further spreading. Canals remained flowing and there were no complaints regarding water spuply. **Stocks of food stuffs were sufficient in markets and with big zamindars. The prices remained stationary.**

19.—SHAHPUR DISTRICT.

There was fair rainfall varying from 0·15" to 1·96" on all rainguage stations. It was beneficial to standing crops. Vegetables, cotton and other fodder crops have been sown in this month. Condition of standing crops remained fair to good in irrigated and average in unirrigated areas. Wheat and gram were harvested during this month with average outturns. Cattle generally remained in fair condition except for a few complaints of foot and mouth and hæmorrhagic septicæmia diseases. Fodder and drinking water are sufficient. Public health is satisfactory except for a few complaints of small-pox. Lower Jhelum and inundation canals remained flowing with no complaint of water supply. Rural development scheme is in progress in the Shahpur tahsil.

20.—JHELUM DISTRICT.

Rainfall during the month 1·62", 0·47" and 2·51" at Pind Dadan Khan, Jhelum and Chakwal respectively, which proved beneficial to the standing extra spring crops. Kharif sowings have commenced. The condition of the extra spring crops is average on the whole. The condition of cattle is generally good. Public health is generally good. Prices are stationary.

21.—RAWALPINDI DISTRICT.

The rainfall during the month was below average. The condition of the standing crops is average throughout the district. The yield is expected to be normal. The condition of cattle is fair except in some villages of Rawalpindi, Gujarkhan, Kahuta and Murree where foot and mouth, black quarter and hæmorrhagic septicæmia are reported. Public health is generally good throughout the district except in some villages of Gujarkhan and Kahuta tahsils where small-pox disease and cholera are reported. Prices are stationary.

22.—ATTOCK DISTRICT.

Rainfall was above average in the district except Tala Gang tahsil where it was below average. It proved very beneficial to the standing crops. Sowings of cotton, moth, fodder, mung, jowar and bajra were made during this month. Condition of standing crops is good owing to the rain. An average yield is expected. Condition of cattle is satisfactory on the whole, but foot and mouth disease is reported in 3, 8 and 2 villages of Fateh Jang, Attock and Pindi Gheb tahsils respectively. The public health is fair on the whole, but 41 cases and 5 deaths by small-pox and one case of cholera were reported during the month. Fodder is procurable. Prices are stationary.

23.—MIANWALI DISTRICT.

Rainfall at Mianwali 0·70", at Isakhel nil and at Bhakhar 0·02" only. In Mianwali tahsil rainfall had a good effect on standing extra spring crops. Condition of extra spring crops is average on irrigated areas but below average to average on unirrigated areas. Condition of cattle was generally fair. One hundred and fifty heads of cattle drowned in river Indus on account of heavy windstorm. Fodder is sufficient but some trouble is being felt in thal tract of Bhakhar tahsil. Public health remained satisfactory on the whole. Nammal canal in Mianwali remained closed, while Kurram canal in Isakhel remained working during the month. Season is hot.

24.—MONTGOMERY DISTRICT.

Sowing of kharif crops continued during the month. The condition of standing crops is about average. The condition of cattle is satisfactory. In certain villages the cattle suffered from foot and mouth disease. The public health of the district remained disturbed by small-pox throughout the month under report. Fifty-two cases and 11 deaths took place at 30 villages in the District Board area and the town of Pakpattan. All the places were visited by the staff and as many as 9,169 persons were protected against the disease by means of vaccination (835 primary and 8,334 revaccination). A few cases of typhoid fever were also reported from Montgomery and Pakpattan tahsils. The necessary preventive measures were adopted. The Lower Bari Doab canal and Sutlej Valley Project canals have been flowing.

25.—LYALLPUR DISTRICT.

Rain at Toba Tek Singh 0·55", at Samundari 1·40", at Lyallpur 1·05" and at Jaranwala 0·44". Sowing of fodder is in progress. The condition of the standing crops is on the whole normal. There is a complaint of small-pox and foot and mouth disease in some villages of the district. Fodder is sufficient. There is a complaint of small-pox in 6 villages of the district. Canals are working satisfactorily.

26.—JHANG DISTRICT.

The rain has been below average in all the tahsils of the district, but it was useful to the standing crops. Chari, Sawankh, maize, jowar and gowara have been sown during the month. No crop was harvested during the month. The condition of the crops is average. Bhusa is available. There is a complaint of small pox in some villages of Jhang and Shorkot tahsils. Canals are working as usual. There has been a little flood in the rivers.

27.—MULTAN DISTRICT.

Rain at Mailsi 0·16", Shujabad 2·99", Multan 1·02", Kabirwala 1·21", and Khanewal 1·07", proved useful to the standing crops. Sowings of chari, gawara, cotton, maize, mash, mung and moth crops continued, germination is good. Condition of standing crops was generally good. Harvesting of wheat gram, barley, rawan, peas, taramira and vegetables continued, outturn generally average except in hail-stricken areas where the outturn was below average. Condition of cattle was generally good except some villages and chaks of Mailsi and Lodhran tahsils wherefrom complaints of rinderpest and foot and mouth diseases were reported. The Veterinary Assistants were informed direct by the tahsildars concerned to take preventive measures. Supply of fodder was generally sufficient. During the month 65 seizures and 21 deaths from small-pox and enteric fever were reported from different parts of Multan, Shujabad, Khanewal, Lodhran and Mailsi tahsils, otherwise the district remained free from all other epidemics. Lower Bari Doab canal flowing regularly while perennial and non-perennial canals from Sutlej were running by rotation with indequate supply of water. The Haveli Project canals were also flowing but the zamindars were not satisfied. Stocks of food-grains and drinking water are sufficient.

28.—MUZAFFARGARH DISTRICT.

The rainfall in the southern two tahsils was above average, and benefited the standing crops, facilitating also the sowing of rice, indigo and cotton. The condition of the standing crops was average on both classes of soil. The garnering of wheat is over and the outturn per acre was normal, Foot and mouth disease was reported in Alipur and Leiah tahsils while in the other two tahsils the condition of cattle was fair. White bhusa and grazing were available. The public health was fair except for some small-pox in Alipur. Canals are running with full supplies of water. Both the rivers are running high—the Chenab especially. Prices are stationary.

29.—DERA GHAZI KHAN DISTRICT.

Rain at Taunsa 0·60", Dera Ghazi Khan 1·19", Fort Munro 3·13", Jampur 0·07" and Rajanpur 0·17". It was above average in Taunsa, Dera Ghazi Khan and Fort Munro and below average in Jampur and Rajanpur. It was useful for the standing crops. The condition and expected yield of the standing crops are on the whole average. Rice broadcasted and dried up at the tail of Qadra canal was resown. There was complaint of foot and mouth and rinderpest diseases in some villages of Rajanpur tahsil only. Fodder was sufficient except in Pachahd tracts. There was complaint of typhoid fever in Sanghar tahsil, otherwise the public health was good. All the canals flowed with sufficient supply of water except tail of Qadra canal where the broadcasted rice crop was once dried and was resown. Due to rain hill torrents flowed. There was no inundation in the river. Prices are stationary.

# SUPPLEMENT TO

# The Government Gazette, Punjab.

**Published by Authority.**

No. 31. LAHORE, FRIDAY, AUGUST 4, 1939.

## PART I.
## STATISTICAL.

**Weather and Crop Report for the week ending 8 a. m., Monday, the 31st July, 1939.**

This report deals with all the districts of the province.

| No. | Reporting Station. | Rain. | 1. Supply of fodder. 2. Water supply for— (a) Drinking. (b) Canal irrigation. 3. Condition of cattle. | Retail prices in seers per rupee. | Prospects of Spring. | Prospects of Autumn. |
|---|---|---|---|---|---|---|
| 1 | Hissar .. | 0·75 at Budhlada 0·18 at Fatehabad 0·11 at Hansi. No rain fell at other stations. | 1. Scarcity of fodder continues except in Nahri tracts where people are managing on rabi and kharif crops. Green grass is also available in places where it has rained. Arrangements have been made to distribute fodder in kind in the district. 2. (a) Drinking water is sufficient in Nahri tracts. It is also available in Barani *ilaqas* except some villages where it is running short on account of absence of rain. (b) Perennial canals are flowing by rotation. Ghaggar canals are flowing with no inundation. 3. Condition of cattle is still poor due to want of fodder. About 54,000 cattle are being maintained on fodder taccavi besides the cattle in the cattle concentration camp but these cattle are being returned to the zamindars concerned. | Wheat, 14 Gram, 11¼. Barley, 17. Bajra, 13. Jowar, 13 | -- | More rain is badly wanted. Condition of standing crops average on irrigated area. On unirrigated area It is bad in Sirsa tahsil. In Hissar and Fatehabad tahsils crops are withering and will be spoiled if it does not rain during the next ten days. In Hansi and Bhiwani the condition is still average. Sowing of jowar, bajra, and rice continues. |
| 2 | Rohtak | - *Nil* .. | 1. Scarcity of fodder in unirrigated tracts continues. In a few barani villages where there have been good rains, green grass has grown which will last for some days. 2. (a) Drinking water is insufficient in about all the villages in the unirrigated tracts. (b) Perennial canals are flowing by rotation and the supply of water is adequate. 3. Generally satisfactory. | Wheat, 15 .. Gram, 12. Barley, 16½. Gochni, 13½. Jowar, 13. Bajra, 13½. | -- | Rain is badly needed. Condition of standing crops average on irrigated and about average on unirrigated areas. Unirrigated crops are withering. Sowing of jowar, bajra, pulses, etc., continues in some parts of the district, on unirrigated area where there has been rain. |

| No. | Reporting Station. | Rain. | 1. Supply of fodder. 2. Water supply for— (a) Drinking. (b) Canal irrigation. 3. Condition of cattle. | Retail prices in seers per rupee. | Prospects of — Spring. | Prospects of — Autumn. |
|---|---|---|---|---|---|---|
| 3 | Gurgaon .. | 0·30 at Sadr .. 0·06 at Nuh. 0·27 at Firozpur-Jhirka. 0·32 at Hasanpur. 0·22 at Palwal. 0·17 at Sohna. 0·40 at Punahana. 0·48 at Ballabgarh. No rain fell at other stations. | 1. Sufficient except in affected areas. 2. (a) Sufficient in wells. Pools are generally still dry in the whole of the district owing to insufficiency of rains. (b) Canal flowed in Palwal, Nuh Firozpur-Jhirka and Ballabgarh tahsils. 3. Generally satisfactory. | Wheat, 12½ to 14½ Gram, 11½ to 12. Barley, 17. Jowar, 12. Bajra, 12. | .. | Condition of standing crops average on irrigated and poor to below average on unirrigated areas. Insufficiency of rains and strong winds have nearly dried up the standing crops in Palwal, Firozpur-Jhirka and Rewari tahsils. Sowing of jowar, bajra, and gow... are in progress in unirrigated areas of Pahwal and Gurgaon tahsils. |
| 4 | Karnal .. | 0·86 at Sadr .. 0·33 at Panipat. 2·12 at Kaithal. 1·39 at Guhla. 3·92 at Thanesar. *Nil* at Rajaund. | 1. Sufficient .. 2. (a) Do. (b) Satisfactory. 3. Do. | Wheat, 14¾ Gram, 11½ Barley, 19½ | .. | Condition of standing crops satisfactory. Sowing of rice, jowar, bajra, chari and pulses continues. |
| 5 | Ambala .. | 2·83 at Sadr .. 7·90 at Jagadhri. 5·98 at Naraingarh. 1·31 at Kharar. 2·30 at Rupar. 8·33 at Kasauli. | 1. Sufficient .. 2. (a) Do. (b) Western Jumna canal is flowing. 3. Generally good. | Wheat, white, 13¾ Wheat, red, 14. Gram, 10¾. Barley 17½. | .. | Condition of standing crops average on irrigated and below average on unirrigated areas. Sowing of rice continues. |
| 6 | Simla .. | 11·34 at Simla .. 1·01 at Kotgarh. | 1. Sufficient .. 2. (a) Do. (b) Water in hill streams is sufficient. 3. Generally good. | Wheat, 11 1/16 .. Gram, 9. Barley, 13. Maize, 13. Masur, 7. Rice, ordinary, 9 | .. | Condition of standing crops average in Simla and nearly good in Kot Khai tahsil. |
| 7 | Kangra .. | 9·15 at Sadr .. 0·69 at Banjar. 0·43 at Kulu. 1·57 at Nagar. 10·93 at Palampur. 1·33 at Hamirpur. 2·52 at Dehra. 5·19 at Kangra. 2·03 at Nurpur. | 1. Sufficient .. 2. (a) Do. 3. Fair. | Wheat, 14½ .. Gram, 9½. Barley, 16. Maize, 15. Rice, common, 10. | | Condition of standing crops satisfactory. |
| 8 | Hoshiarpur .. | 1·13 at Sadr .. 0·23 at Dasuya. 1·89 at Una. 2·57 at Garhshankar. *Nil* at Tanda. | 1. Sufficient .. 2. (a) Adequate. (b) Shah Nahr is flowing. 3. Generally good. | Wheat, white, 15 Wheat, red, 16½. Gram, 12½. Barley, 17½. Rice, common, 8 to 10. | .. More rain is still needed especially for unirrigated crops. Condition of standing crops average. *Kutra* insect has disappeared due to rainfall. | |
| 9 | Jullundur .. | 0·67 at Sadr .. 0·30 at Nakodar. 2·79 at Phillaur. 1·61 at Nawanshahr. | 1. Sufficient in Jullundur and Nawanshahr tahsils. White bhoosa is needed for cattle in Phillaur and Nakodar tahsils. 2. (a) Sufficient. 3. Generally good. | Wheat, white, 17 Wheat, red, 17½. Gram, 12½. Barley, 20. Maize, 18. | .. | More rain is needed in Jullundur and Nakodar tahsils. Condition of standing crops good on irrigated and average on unirrigated areas. |
| 10 | Ludhiana .. | 1·33 at Sadr .. 3·03 at Samrala 0·42 at Jagraon. | 1. Scarcity of dry fodder is being felt in some villages of Ludhiana tahsil. 2. (a) Sufficient. (b) Do. 3. Generally satisfactory. | Wheat, 17½ .. Gram, 12½. Barley, 17½. Maize, 15½. | .. | Condition of standing crops above normal. Sowings are in progress. |

| No. | Reporting Station. | Rain. | 1. Supply of fodder.<br>2. Water supply for—<br>(a) Drinking.<br>(b) Canal irrigation<br>3. Condition of cattle. | Retail prices in seers per rupee. | Prospects of — Spring. | Prospects of — Autumn. |
|---|---|---|---|---|---|---|
| 11 | Ferozepore | 0·21 at Sadr.<br>0·39 at Moga.<br>2·22 at Zira.<br>0·23 at Ferozepore City.<br>0·07 at Muktsar.<br>No rain fell at other stations. | 1. Sufficient.<br>2. (a) Do.<br>(b) Inundation and perennial canals are flowing with normal supply of water.<br>3. Generally good. | Wheat, 17 to 18.<br>Gram, 12 to 13.<br>Barley, 22 to 23 | | Rain was useful for standing crops. Condition of standing crops average on irrigated and below average on unirrigated areas. Sowing of chari, jowar, bajra and moth continues. |
| 12 | Lahore | 0·73 at Sadr.<br>0·28 at Kasur.<br>*Nil* at Chunian. | 1. Sufficient.<br>2. (a) Do.<br>(b) Canals are flowing by rotation and the supply of water is adequate.<br>3. Generally good. | Wheat, 17½.<br>Gram, 12.<br>Barley, 19½. | Condition of vegetables average. | Rain was beneficial to standing crops. Condition of cotton, sugarcane, maize and fodder average. Sowing of rice and fodder continues. |
| 13 | Amritsar | 0·60 at Sadr.<br>0·70 at Tarn Taran.<br>0·83 at Ajnala. | 1. Sufficient.<br>2 (a) Do.<br>(b) Canals are flowing by rotation and the supply of water is sufficient.<br>3. Good. | Wheat, 18½.<br>Gram, 13. | | Condition of standing crops good in Amritsar and Tarn Taran tahsils and average elsewhere on irrigated and good in Amritsar and average elsewhere on unirrigated areas. Sowing of rice, maize, til and fodder continues. |
| 14 | Gurdaspur | 0·89 at Sadr.<br>2·13 at Batala.<br>0·79 at Shakargarh.<br>1·40 at Pathankot. | 1. Sufficient.<br>2. (a) Do.<br>(b) Do.<br>3. Good. | Wheat, 19.<br>Gram, 11½.<br>Barley, 24.<br>Rice, 10½.<br>Maize, 17½. | | More rain is needed. Condition of standing crops average. Sowing of rice, til, char and pulses continues. |
| 15 | Sialkot | 1·38 at Sadr.<br>0·12 at Narowal.<br>0·76 at Pasrur.<br>0·37 at Daska. | 1. Ample.<br>2. (a) Sufficient.<br>(b) Upper Chenab canal with its branches is flowing.<br>3. Generally satisfactory. | Wheat, white, 17¾.<br>Wheat, red 18¾.<br>Gram, 11⅞.<br>Maize, 16 13/16.<br>Rice, ordinary, 11⅝. | Condition of extra spring crops average on irrigated and below average on unirrigated areas. Harvesting of extra spring crops continues. | Condition of standing crops above average on irrigated and average on unirrigated areas. Sowing of rice, bajra, maize, and fodder, continues. |
| 16 | Gujranwala | 0·75 at Sadr.<br>0·08 at Ram Nagar.<br>1·47 at Wazirabad.<br>0·71 at Hafizabad. | 1. Sufficient.<br>2. (a) Do.<br>(b) Canals are flowing by rotation.<br>3. Generally satisfactory. | Wheat, 18 1/16.<br>Gram, 12 11/16.<br>Barley, 22.<br>Rice, 11. | | More rain is needed. Condition of standing crops generally average. Sowing of rice and fodder crops continues. |
| 17 | Sheikhupura | 0·85 at Sadr.<br>0·31 at Shahdara.<br>0·28 at Nankana Sahib. | 1. Sufficient.<br>2. (a) Do.<br>(b) Canals are flowing by rotation.<br>3. Good. | Wheat, 17½.<br>Gram, 13½.<br>Barley, 21.<br>Rice, 10.<br>Maize, 19.<br>Jowar, 18.<br>Bajra, 18. | | More rain is needed for unirrigated crops. Condition of standing crops good on irrigated areas. Sowing of rice and other crops is in progress in canal irrigated areas only. |

| No. | Reporting Station. | Rain. | 1. Supply of fodder<br>2. Water supply for—<br>(a) Drinking.<br>(b) Canal irrigation.<br>3. Condition of cattle. | Retail prices in seers per rupee. | Prospects of Spring. | Prospects of Autumn. |
|---|---|---|---|---|---|---|
| 18 | Gujrat .. | 1·70 at Sadr.<br>2·44 at Kharian.<br>0·67 at Phalia. | 1. Sufficient ..<br>2. (a) Do.<br>(b) Satisfactory.<br>3. Good. | Wheat, 19 to 20..<br>Gram, 12½.<br>Barley, 19.<br>Maize, 16.<br>Bajra, 14.<br>Jowar, 14. | .. | Condition of standing crops fair to good on irrigated and fair to average on unirrigated areas. Sowing of jowar, bajra, til and pulses continues. |
| 19 | Shahpur .. | 0·25 at Sadr ..<br>0·50 at Sakesar.<br>0·17 at Naushahra<br>No rain fell at other stations. | 1. Sufficient ..<br>2. (a) Do.<br>(b) Lower Jhelum canal is closed.<br>3. Generally fair. | Wheat, 18 to 20..<br>Gram, 12 to 13.<br>Barley, 19 to 21.<br>Jowar, 15 to 18.<br>Bajra, 15 to 17.<br>Maize, 15 to 16. | .. | Rain was beneficial to standing crops. Condition of standing crops good on irrigated and average on unirrigated areas. Sowing of bajra and fodder crops continues. |
| 20 | Jhelum .. | 0·57 at Sadar<br>0·05 at Chakwal.<br>*Nil* at Pind Dadan Khan. | 1. Average with the exception of Thal circle of Pind Dadan Khan tahsil.<br>2. (a) Sufficient.<br>3. Generally good. | Wheat, 17 ..<br>Gram, 11¾.<br>Barley, 7 1/16.<br>Bajra, 14¾. | .. | Condition of standing crops average. |
| 21 | Rawalpindi .. | 0·10 at Sadr.<br>1·69 at Gujar Khan.<br>0·40 at Kahuta.<br>2·92 at Murree. | 1. Sufficient ..<br>2. (a) Do<br>3. Fair. | Wheat, 16 ..<br>Gram, 10¾.<br>Barley, 18¾<br>Jowar, 16.<br>Bajra, 15.<br>Maize, 20. | .. | Condition of standing crops average. |
| 22 | Attock .. | 0·18 at Sadr ..<br>0·50 at Talagang.<br>0·07 at Pindigheb<br>0·25 at Hassan Abdal.<br>0·27 at Tamman.<br>No rain fell at other stations. | 1. Sufficient ..<br>2. (a) Do.<br>3. Generally satisfactory. | Wheat, 16¼ to 16½<br>Gram, 11½.<br>Barley, 20.<br>Maize, 18.<br>Jowar, 14.<br>Bajra, 15. | .. | Condition of standing crops average. Sowing of maize and bajra continues. |
| 23 | Mianwali | 0·50 at Sadar ..<br>0·21 at Isa Khel<br>*Nil* at Bhakkar.. | 1. Sufficient ..<br>2. (a) Do.<br>(b) Nammal canal in Mianwali is closed while Kurram Canal in Isakhel is flowing satisfactorily.<br>3. Fair. | Wheat, 18<br>Gram, 12½.<br>Barley, 18.<br>Jowar, 14<br>Bajra, 15 | Condition of extra spring crops average in Mianwali and Isakhel on irrigated and below average in Mianwali on unirrigated areas. The crops have been harvested elsewhere. | Sowings are in progress. Some delay has been caused to sowings in Kacha tract of Bhakhar tahsil by river inundation. |
| 24 | Montgomery | 0·43 at Sadr ..<br>0·42 at Dipalpur.<br>No rain fell at other stations. | 1. Generally sufficient<br>2. (a) Adequate.<br>(b) Do.<br>3. Generally satisfactory. | Wheat, 19<br>Gram, 15½. | .. | Condition of standing crops about average. Sowings continue. |
| 25 | Lyallpur | 0·03 at Jaranwala.<br>0·04 at Samundri.<br>No rain fell at other stations. | 1. Sufficient ..<br>2. (a) Do.<br>(b) Canals are flowing satisfactorily.<br>3. Generally good. | Wheat, 19<br>Gram, 13½. | .. | Condition of standing crops on the whole normal. Sowing of fodder continues. |

| No. | Reporting Station. | Rain. | 1. Supply of fodder. 2. Water supply for— (a) Drinking. (b) Canal irrigation. 3. Condition of cattle. | Retail prices in seers per rupee. | Prospects of Spring. | Prospects of Autumn. |
|---|---|---|---|---|---|---|
| 26 | Jhang .. | *Nil* .. | 1. Available .. 2. (a) Sufficient. (b) Canals are flowing. 3. Fair. | Wheat, 19½ .. Gram, 13. Jowar, 16. Bajra, 14. Maize 16. | Harvesting of tobacco continues. Yield is 90 per cent. of the normal. | Condition of standing crops average. Sowing of til jowar, and bajra, continues. |
| 27 | Multan | *Nil* .. | 1. Sufficient .. 2. (a) Do. (b) Lower Bari Doab canal is flowing regularly while perennial and non-perennial canals from Sutlej are flowing by rotation with inadequate supply of water. The Haveli Project canals are flowing but the zamindars are not satisfied with sites of fixation and size of certain outlets. 3. Good. | Wheat, 17¾ .. Gram, 12.¾ Barley, 22. Jowar, 16. Bajra, 16. Maize, 12½. | Harvesting of tobacco continues. Outturn is normal. | Condition of standing crops generally average. Sowing of chari, bajra, maize, til, and pulses continues. |
| 28 | Muzaffargarh | *Nil* .. | 1. Sufficient .. 2. (a) Do. (b) Do. Ganesh canal is closed owing to repairs needed at the head. 3. Generally average. | Wheat, 21 .. Gram, 13. Barley, 21. Jowar, 18. Bajra, 18. Rice, 13½. | .. | Condition of standing crops normal where canal supplies are available and bad where there is no canal water as on the Ganesh canal which, it is understood, will not resume work for at least another fortnight. Sowings are in progress, except on the area irrigated by the Ganesh canal where the prospects are not good ; rice and moth there have practically been destroyed. |
| 29 | Dera Ghazi Khan. | *Nil* .. | 1. Sufficient except in Pachadh. 2. (a) Do. (b) All the canals are flowing with sufficient supply of water. 3. Good. | Wheat, 21½ .. Jowar, 17. Bajra, 17. Gram, 16. | .. | Condition of standing crops average in Dera Ghazi Khan, Jampur and irrigated area of Rajanpur tahsil and below average in Sanghar and unirrigated area of Rajanpur tahsil. Sowings continue. |

*REMARKS*

RAIN fell in parts of all districts of the Province except Rohtak, Jhang, Multan, Muzaffargarh and Dera Ghazi Khan (heaviest in plains 7·90" at Jagadhri, Ambbala district and lightest 0·03" at Jaranwala, Lyallpur district). It was beneficial to standing crops but more rain is needed. Condition of standing crops (sugarcane, cotton, fodder, millets, etc.) is generally average to good on irrigated and average on unirrigated areas. Reaping of extra spring crops has been nearly completed. Sowings of autumn crops continue. Fodder is sufficient except in parts of a few districts. Supplies of drinking and canal water are generally sufficient. Condition of cattle is generally fair except in Hissar. The daily average number of workers at test works in progress at Gurgaon was 6,545. Retail prices in seers per rupee are as follows :—

…OF PUBLIC HEALTH, PUNJAB.

…towns (1,117 males and 947 females), giving a birth rate of 51 *per mille* of population and 1,261 deaths were registered
…three largest towns were as follows:—Lahore 29 against 31 in the corresponding week of the previous year,

…Maghiana and Dera Ghazi Khan.

M. YACOB, Dr. P. H.,
PERSONAL ASSISTANT,
*for* Director of Public Health, Punjab.

## SUMMARY OF THE METEOROLOGICAL CONDITIONS PREVAILING OVER THE PUNJAB AND THE NORTH-WEST FRONTIER PROVINCE DURING THE MONTH OF APRIL, 1939.

Although five western disturbances entered north-west India and all of them affected the provinces, the associated rainfall was generally scanty. The first disturbance caused local rain in the North-West Frontier Province on the 4th and in the east and north Punjab on the 5th. There were also a few falls on the 5th and 6th respectively in these divisions. The second disturbance gave scattered showers in the North-West Frontier Province between the 10th and 12th and in the south-west Punjab on the 11th and local rain in the east and north Punjab on the 11th and 12th. The third disturbance followed closely and was responsible for widespread rain in the North-West Frontier Province on the 14th and 15th with a few falls there on the 13th and 16th and in the east and north Punjab on the 13th and 15th. The weather was then dry for about a week. The fourth disturbance which appeared at the end of this period caused scattered showers in the North-West Frontier Province on the 24th, local rain there on the 25th and 26th and scattered showers in the Punjab hills on the 26th. The last disturbance gave a few falls in the North-West Frontier Province between the 28th and 30th and in the Punjab hills on the 30th.

The total rainfall of the month was normal at Sialkot, in slight defect at Dalhousie, Rawalpindi and Dera Ismail Khan, and in moderate to large defect elsewhere. Cloud amount was in excess at Khushab and Cherat and normal or in defect elsewhere. Humidity was in excess at Montgomery and normal or in defect elsewhere. Both the maximum and minimum temperatures were generally below normal.

SUPPLEMENT TO

# The Government Gazette, Punjab.

**Published by Authority.**

**No. 32.** LAHORE, FRIDAY, AUGUST 11, 1939.

## PART I.
## STATISTICAL.

**Weather and Crop Report for the week ending 8 a. m., Monday, the 7th August, 1939.**

This report deals with all the districts of the province.

| No. | Reporting Station. | Rain. | 1. Supply of fodder. 2. Water supply for— (a) Drinking. (b) Canal irrigation. 3. Condition of cattle. | Retail prices in seers per rupee. | Prospects of — Spring. | Prospects of — Autumn. |
|---|---|---|---|---|---|---|
| 1 | Hissar | 0·17 at Fatehabad<br>1·53 at Budhlada<br>0·30 at Tohana.<br>No rain fell at other stations. | 1. Scarcity of fodder continues except in Nahri tracts where people are managing on rabi and kharif crops. Green grass is also available in places where it has rained. Arrangements have been made to distribute fodder in kind in the district.<br>2. (a) Drinking water is sufficient in Nahri tracts. It is also available at present in some barani tracts.<br>(b) Perennial canals are flowing by rotation. Ghaggar canals are doing inundation.<br>3. Condition of cattle is still poor due to want of fodder. About 23,000 cattle are being maintained on fodder taccavi besides the cattle in the cattle concentration camp, but these cattle are being returned to the zamindars concerned. | Wheat, 14<br>Gram, 11½.<br>Barley, 17.<br>Bajra, 13.<br>Jowar, 13. | .. | More rain is badly needed. Condition of standing crops average on irrigated area. On unirrigated area it is worsening because of protracted delay in rainfall. Unirrigated crops in Hansi and Bhiwani tahsils are, however, average. Sowing of chari, jowar and bajra continues in parts. |
| 2 | Rohtak | 0·23 at Jhajjar ..<br>No rain fell at other stations. | 1. Scarcity of fodder in unirrigated tracts continues. In a few barani villages where there have been good showers of rain green grass is growing.<br>2. (a) Drinking water is insufficient in about all the villages in the unirrigated tracts.<br>(b) Perennial canals are flowing by rotation and the water supply is adequate.<br>3. Generally satisfactory. | Wheat, 15<br>Gram, 12.<br>Barley, 16¾.<br>Gochni, 13½.<br>Jowar, 13.<br>Bajra, 13½. | .. | More rain is needed. Condition of standing crops average on irrigated area. Crops are below average on unirrigated area and are going from bad to worse for want of rains. |

| No. | Reporting Station. | Rain. | 1. Supply of fodder. 2. Water supply for— (a) Drinking. (b) Canal irrigation. 3. Condition of cattle. | Retail prices in seers per rupee. | Prospects of Spring. | Prospects of Autumn. |
|---|---|---|---|---|---|---|
| 3 | Gurgaon .. | 0·40 at Sadr .. 0·08 at Rewari. 0·16 at Firozpur-Jhirka. 0·3) at Palwal. 0·15 at Sohna. 0·50 at Punahana. 1·15 at Ballabgarh No rain fell at other stations. | 1. Sufficient except in affected areas. 2. (a) Sufficient in wells. Pools are generally dry in the whole of the district owing to insufficiency of rains. (b) Canal flowed in Palwal, Ballabgarh, Nuh and Firozpur-Jhirka tahsils. 3. Generally fair. Scarcity of fodder has affected the cattle. | Wheat, 12½ to 14½ Gram, 11½ to 12. Barley, 16½. Jowar, 12. Bajra, 12. | .. | More rain is badly needed. Condition of standing crops below average to average on irrigated and below average on unirrigated areas. Insufficiency of rainfall and strong winds have dried up the standing crops on unirrigated area. Khutra insect has damaged the crops to some extent in Gurgaon tahsil. |
| 4 | Karnal .. | 0·66 at Sadr .. 0·32 at Rajaund. 1·31 at Kaithal. 0·56 at Guhla. 1·55 at Thanesar. | 1. Sufficient .. 2. (a) Do. (b) Satisfactory. 3. Do. | Wheat, 15½ .. Gram, 12¼. Barley, 22½. | .. | Condition of standing crops satisfactory. Sowing of rice, jowar, bajra, maize and pulses continues. |
| 5 | Ambala .. | 2·23 at Sadr .. 1·67 at Jagadhri. 3·00 at Naraingarh. 3·66 at Kharar. 3·15 at Rupar. 1·26 at Kasauli. | 1. Sufficient .. 2. (a) Western Jumna canal is flowing. 3. Generally good. | Wheat, white, 15¾ Wheat, red, 16¼. Gram, 12. Barley 17½. | .. | Condition of standing crops above average. Sowing of rice continues. |
| 6 | Simla .. | 0·65 at Sadr .. 1·37 at Kotgarh. | 1. Sufficient .. 2. (a) Do. (b) Water in hill streams is sufficient. 3. Generally good. | Wheat, 11⅝ .. Gram, 9. Barley, 14½. Maize, 13. Masur, 7. Rice, ordinary, 9. | .. | Condition of standing crops average in Simla and nearly good in Kot Khai tahsil. |
| 7 | Kangra .. | 3·50 at Sadr .. 0·18 at Banjar. 0·04 at Kulu. 2·26 at Nagar. 2·49 at Palampur. 0·18 at Hamirpur. 0·51 at Dehra. 0·07 at Kangra. 2·68 at Nurpur. | 1. Sufficient .. 2. (a) Do. 3. Generally fair. | Wheat, 14½ .. Gram, 9½. Barley, 16. Maize, 15. Rice, common, 10. | .. | Condition of standing crops generally satisfactory. |
| 8 | Hoshiarpur .. | 3·22 at Sadr .. 2·24 at Dasuya. 1·14 at Una. 2·60 at Garhshankar. *Nil* at Tanda. | 1. Sufficient .. 2. (a) Adequate. (b) Shah Nahr is flowing. 3. Generally good. | Wheat, white, 15 Wheat, red, 16¼. Gram, 12¾. Barley, 17¼. Rice, ordinary, 8 to 10. | .. | Rain was beneficial to the standing crops but more rain is needed. Condition of standing crops good on irrigated and average on unirrigated areas. |
| 9 | Jullundur .. | 3·98 at Sadr .. 0·78 at Nakodar. 0·39 at Phillaur. 1·93 at Nawanshahr. | 1. Sufficient. White bhoosa is needed for cattle in Phillaur and Nakodar tahsils. 2. (a) Sufficient. 3. Generally good. | Wheat, white, 16 Wheat, red, 16½. Gram, 12½. Barley, 20. | .. | Condition of standing crops good on irrigated and average on unirrigated areas. Sowing of maize continues. |
| 10 | Ludhiana .. | 3·32 at Sadr .. 1·36 at Samrala. 1·46 at Jagraon. | 1. Scarcity of dry fodder is being felt in some villages of the Ludhiana tahsil. 2. (a) Sufficient. (b) Do. 3. Generally satisfactory. | Wheat, 16 .. Gram, 12¼. Barley, 17½. Maize, 15½. | .. | Condition of standing crops above normal. Sowings are in progress. |

| No. | Reporting Station. | Rain. | 1. Supply of fodder.<br>2. Water supply for—<br>(a) Drinking.<br>(b) Canal irrigation<br>3. Condition of cattle. | Retail prices in seers per rupee. | Prospects of Spring. | Prospects of Autumn. |
|---|---|---|---|---|---|---|
| 11 | Ferozepore .. | 0·31 at Sadr ..<br>0·31 at Feroze-pore City.<br>0·23 at Moga.<br>0·98 at Zira.<br>0·20 at Muktsar.<br>0·28 at Nathana.<br>No rain fell at other stations. | 1. Sufficient ..<br>2. (a) Do.<br>(b) Inundation and perennial canals are flowing with normal supply of water.<br>3. Generally good. | Wheat, $16\frac{1}{2}$ ..<br>Gram, 13.<br>Barley, $22\frac{1}{2}$. | .. | Rain was beneficial to standing crops but more rain is needed. Condition of standing crops average on irrigated and below average on unirrigated areas. Sowing of chari, jowar, bajra and pulses continues. |
| 12 | Lahore .. | 2·38 at Sadr ..<br>0·24 at Chunian.<br>0·29 at Kasur. | 1. Sufficient ..<br>2. (a) Do.<br>(b) Canals are flowing by rotation and the supply of water is adequate.<br>3. Generally good. | Wheat, 17 ..<br>Gram, $11\frac{1}{2}$.<br>Barley, 20. | .. | More rain is needed. Condition of standing crops average. Sowing of maize, rice and fodder continues. |
| 13 | Amritsar .. | 1·16 at Sadr ..<br>2·69 at Tarn Taran.<br>1·24 at Ajnala. | 1. Sufficient ..<br>2 (a) Do.<br>(b) Canals are flowing by rotation and the supply of water is sufficient.<br>3. Fair. | Wheat, $18\frac{1}{2}$ ..<br>Gram, 13. | .. | Condition of standing crops good in Amritsar and Tarn Taran tahsils and average elsewhere on irrigated and average on unrrigated areas. Sowing of rice, maize, til and fodder continues. |
| 14 | Gurdaspur .. | 2·19 at Sadr ..<br>3·72 at Batala.<br>0·42 at Pathan-kot.<br>1·27 at Shakargarh | 1. Sufficient ..<br>2. (a) Do.<br>(b) Do.<br>3. Generally good. | Wheat, 19.<br>Gram, 12.<br>Barley, 23.<br>Maize, 17.<br>Rice, $10\frac{1}{2}$. | .. | Condition of standing crops average. Sowing of rice, til, chari and pulses continues. Cane borer in Batala tahsil and an insect called *"Bhurar"* in Chak Pathanti and Andha in the Pathankot Tahsil are reported to have damaged sugarcane and rice crops, respectively. |
| 15 | Sialkot .. | 1·78 at Sadr ..<br>1·96 at Narowal.<br>2·74 at Pasrur.<br>2·44 at Daska. | 1. Ample ..<br>2. (a) Sufficient.<br>(b) Upper Chenab canal with its branches is flowing.<br>3. Generally satisfactory. | Wheat, white, $17\frac{3}{4}$<br>Wheat, red $18\frac{3}{4}$.<br>Gram, $11\frac{7}{8}$.<br>Maize, $16\frac{11}{16}$.<br>Rice, ordinary, $11\frac{5}{8}$. | .. | Condition of standing crops above average on irrigated and average on unirrigated areas Sowing of rice, maize, bajra, and chari continues. |
| 16 | Gujranwala .. | 3·19 at Sadr ..<br>0·91 at Ram Nagar<br>5·27 at Wazirabad.<br>1·49 at Hafizabad. | 1. Sufficient ..<br>2. (a) Do.<br>(b) Canals are flowing by rotation.<br>3. Generally satisfactory. | Wheat, $18\frac{1}{16}$ ..<br>Gram, $12\frac{11}{16}$.<br>Barley, 22.<br>Rice, 11. | .. | Condition of standing crops generally average to good on irrigated and average on unirrigated areas. Sowing of rice and of other crops continues. Slight damage to sugarcane by insects (*kiri*) is reported from Gujranwala Tahsil. |
| 17 | Sheikhupura .. | 1·58 at Sadr ..<br>0·96 at Shahdara.<br>0·55 at Nankana Sahib. | 1. Sufficient ..<br>2. (a) Do.<br>(b) Canals are flowing by rotation.<br>3. Good. | Wheat, 19 ..<br>Gram, $13\frac{1}{4}$.<br>Barley, 21.<br>Rice, 10.<br>Maize, 19.<br>Jowar, 18.<br>Bajra, 18. | .. | Rain was useful for standing crops. Condition of standing crops good. Sowing of rice and other crops continues on canal irrigated area only. |

| No. | Reporting Station. | Rain. | 1. Supply of fodder<br>2. Water supply for—<br>(a) Drinking.<br>(b) Canal irrigation.<br>3. Condition of cattle. | Retail prices in seers per rupee. | Prospects of — Spring. | Prospects of — Autumn. |
|---|---|---|---|---|---|---|
| 18 | Gujrat .. | 0·85 at Sadr. ..<br>1·42 at Kharian.<br>1·62 at Phalia. | 1. Sufficient ..<br>2. (a) Do.<br>(b) Satisfactory.<br>3. Generally good. | Wheat, 19 ..<br>Gram, 12½.<br>Barley, 21.<br>Maize, 15.<br>Bajra, 16.<br>Jowar, 16. | .. | Condition of standing crops good on irrigated and average on unirrigated areas. Sowing of bajra, jowar, til, maize and pulses continues. |
| 19 | Shahpur .. | 1·10 at Sadr ..<br>3·00 at Sakesar.<br>1·46 at Naushahra<br>1·25 at Khushab<br>1·65 at Bhalwal.<br>1·41 at Shahpur.<br>0·65 at Midhranjha.<br>0·25 at Sahiwal.<br>0·10 at Nurpur. | 1. Sufficient ..<br>2. (a) Do.<br>(b) Lower Jhelum and Inundation canals are flowing with adequate water supply.<br>3. | 23 | Mianwali .. | 0·87 at Sadr ..<br>0·23 at Isa Khel.<br>*Nil* at Bhakkar.. | 1. Sufficient ..<br>2. (a) Do.<br>(b) Nammal canal in Mianwali is closed while Kurram Canal in Isakhel is flowing satisfactorily.<br>3. Generally fair. | Wheat, 18 ..<br>Gram, 12½.<br>Barley, 18.<br>Jowar, 14.<br>Bajra, 17. | .. | Condition of standing crops above average on irrigated and average in Mianwali and below average in Isakhel on unirrigated areas. Sowings continue except in Bhakkar tahsil. |
| 24 | Montgomery | *Nil* .. | 1. Generally sufficient<br>2. (a) Adequate.<br>(b) Do.<br>3. Generally satisfactory. | Wheat, 19½ ..<br>Gram, 13¼. | .. | Condition of standing crops about average. Cotton is reported to have been affected by *tela* in Okara tahsil. Sowing of fodder continues. |
| 25 | Lyallpur | 1·93 at Lyallpur..<br>0·60 at [illegible]nwala.<br>No rain fell at other stations. | 1. Sufficient ..<br>2. (a) Do.<br>(b) Canals are flowing satisfactorily.<br>3. Generally good. | Wheat, 19 ..<br>Gram, 13. | .. | Condition of standing crops on the whole normal. Sowing of fodder continues. |

| No. | Reporting Station. | Rain. | 1. Supply of fodder. 2. Water supply for— (a) Drinking. (b) Canal irrigation. 3. Condition of cattle. | Retail prices in seers per rupee. | Prospects of Spring. | Prospects of Autumn. |
|---|---|---|---|---|---|---|
| 26 | Jhang .. | 0·05 at Sadr ..<br>0·14 at Shorkot.<br>0·89 at Chiniot. | 1. Available ..<br>2. (a) Sufficient.<br>(b) Canals are flowing.<br>3. Fair. | Wheat, 19½ ..<br>Gram, 13.<br>Jowar, 14.<br>Bajra, 14.<br>Maize 15. | .. | Condition of standing crops average. Sowing of til, jowar, bajra, etc., continues. |
| 27 | Multan | *Nil* .. | 1. Sufficient ..<br>2. (a) Do.<br>(b) Lower Bari Doab canal is flowing regularly while perennial and non-perennial canals from Sutlej are flowing by rotation with inadequate supply of water. The Haveli Project canals are flowing but the zamindars are not satisfied with the sites of fixation and size of certain outlets.<br>3. Good. | Wheat, 18½ ..<br>Gram, 12½.<br>Barley, 21.<br>Jowar, 16½.<br>Bajra, 16.<br>Maize, 11½. | Harvesting of tobacco and vegetables continues. Outturn is normal. | Condition of standing crops generally average. Sowing of bajra, chari, til, pulses etc., continues. |
| 28 | Muzaffargarh | *Nil* .. | 1. Available ..<br>2. (a) Sufficient.<br>(b) Do.<br>3. Generally average. | Wheat, 21 ..<br>Gram, 13.<br>Barley, 21.<br>Jowar, 18.<br>Bajra, 18.<br>Rice, 13½. | .. | Condition of standing crops average. Sowings are in progress. |
| 29 | Dera Ghazi Khan | 0·41 at Sadr ..<br>No rain fell at others stations. | 1. Sufficient except in Pachadh tracts.<br>2. (a) Do.<br>(b) All the canals are flowing with sufficient supply of water.<br>3. Good. | Wheat, 21½ ..<br>Jowar, 17½.<br>Bajra, 17½.<br>Gram 16. | .. | Condition of standing crops in Dera Ghazi Khan and Jampur tahsils and of irrigated crops in Rajanpur tahsil is average and of all crops of Sanghar tahsil and of unirrigated crops of Rajanpur tahsil is below average. Sowings completed. |

*REMARKS.*

Rain fell in parts of all districts of the Province except Montgomery, Multan, Muzaffargarh (maximum 5·27" at Wazirabad, Gujranwala district and minimum 0·04" at Kulu Kangra district). It was useful for standing crops but more rain is needed. Condition of standing crops (sugarcane, cotton, fodder, millets, etc.) is generally average to good on irrigated and average on unirrigated areas. Standing crops are reported to have been damaged by insects in parts of Gurgaon and Gurdaspur and cotton by *tela* in parts of Montgomery. Sowings of autumn crops are in progress. Fodder is sufficient except in parts of a few districts. Supplies of drinking and canal water are generally sufficient. Condition of cattle is generally fair except in Hissar. The daily average number of workers at test works in progress in Rohtak and Gurgaon was 25,888 and 7,834, respectively. Retail prices in seers per rupee are as follows :—

## PART I.

## STATISTICAL.

**Weather and Crop Report for the week ending 8 a. m., Monday, the 14th August, 1939**

This report deals with all the districts of the province.

| No. | Reporting Station. | Rain. | 1. Supply of fodder. 2. Water supply for— (a) Drinking. (b) Canal irrigation. 3. Condition of cattle. | Retail prices in seers per rupee. | Prospects of Spring. | Prospects of Autumn. |
|---|---|---|---|---|---|---|
| 1 | Hissar | 0·13 at Bhiwani<br>0·80 at Tohana.<br>No rain fell at other stations. | 1. Scarcity of fodder continues except in Nahri tracts where people are managing on rabi and kharif crops. Green grass is also available in places where it has rained. Arrangements have been made to distribute fodder in kind in the district.<br>2. (a) Drinking water is sufficient in Nahri tracts. It is also available at present in some barani tracts.<br>(b) Perennial canals are flowing by rotation. Ghaggar canals are flowing with no inundation.<br>3. Condition of cattle is poor due to want of fodder. About 23,000 cattle are being maintained on fodder taccavi besides the cattle in the cattle concentration camp, but these cattle are being returned to the zamindars concerned. | Wheat, 14<br>Gram, 11¼.<br>Barley, 17.<br>Jowar, 13.<br>Bajra, 13. | .. | Rain is badly needed. Condition of standing crops average on irrigated area. Crops on unirrigated area are withering for want of rain. They are, however, below average in Bhiwani tahsil. Sowings of rice, chari, etc., continue in parts on irrigated area. About 250 acres of rice crop have been damaged by insects in Sirsa tahsil. |
| 2 | Rohtak .. | 0·75 at Sadr ..<br>0·53 at Jhajjar.<br>0·20 at Beri.<br>No rain fell at other stations. | 1. Scarcity of fodder in unirrigated tracts continues.<br>2. (a) Drinking water is insufficient in about all the villages in the unirrigated tracts.<br>(b) Perennial canals are flowing by rotation and the water supply is sufficient.<br>3. Generally satisfactory. | Wheat, 13½ ..<br>Gram, 11½.<br>Barley, 16.<br>Gochni, 12½.<br>Jowar, 13.<br>Bajra, 13. | — | Condition of standing crops average on irrigated and below average on unirrigated areas. Crops on unirrigated area are going from bad to worse for want of rains. |

| No. | Reporting Station. | Rain. | 1. Supply of fodder.<br>2. Water supply for—<br>(a) Drinking<br>(b) Canal irrigation.<br>3. Condition of cattle. | Retail prices in seers per rupee. | Prospects of Spring. | Prospects of Autumn. |
|---|---|---|---|---|---|---|
| 3 | Gurgaon .. | 0·01 at Sadr ..<br>0·65 at Farrukhnagar.<br>0·35 at Taoru.<br>0·31 at Nuh.<br>0·72 at Hassanpur.<br>0·10 at Sohna.<br>No rain fell at other stations. | 1. Sufficient except in affected areas.<br>2. (a) Sufficient in wells. Pools are generally dry in the whole of the district owing to insufficiency of rains.<br>(b) Canal flowed in Palwal, Nuh Firozpur-Jhirka and Ballabgarh tahsils.<br>3. Generally satisfactory. | Wheat, 12½ to 14½<br>Gram, 11½ to 12.<br>Barley, 16½.<br>Jowar, 12.<br>Bajra, 12. | .. | Condition of standing crops below average to average on irrigated and poor on unirrigated areas. Insufficiency of rains and strong winds have nearly dried up the standing crops on unirrigated areas. *Kutra* has ccused some damage to crops in Gurgaon tahsil. |
| 4 | Karnal .. | 0·04 at Panipat<br>1·32 at Guhla.<br>No rain fell at other stations. | 1. Sufficient ..<br>2. (a) Do.<br>(b) Satisfactory.<br>3. Do. | Wheat, 16<br>Gram, 12.<br>Barley, 17. | .. | Condition of standing crops satisfactory. |
| 5 | Ambala .. | 0·06 at Sadr ..<br>0·60 at Naraingarh.<br>0·52 at Kharar.<br>0·14 at Rupar.<br>No rain fell at other stations. | 1. Sufficient ..<br>2. (a) Do.<br>(b) Western Jumna canal is flowing.<br>3. Generally good. | Wheat, white, 15⅞<br>Wheat, red, 16.<br>Gram, 12.<br>Barley 17½. | .. | More rain is wanted. Condition of standing crops good on irrigated and average on unirrigated areas. |
| 6 | Simla .. | 1·22 at Sadr ..<br>0·84 at Kotgarh. | 1. Sufficient ..<br>2. (a) Do.<br>(b) Water in hill streams is sufficient.<br>3. Generally good. | Wheat, 10½<br>Gram, 9.<br>Barley, 13.<br>Maize, 14.<br>Masur, 7.<br>Rice, ordinary, 9. | .. | Condition of standing crops average in Simla and nearly good in Kot Khai tahsil. |
| 7 | Kangra .. | 7·70 at Sadr ..<br>0·24 at Naggar.<br>3·41 at Palampur.<br>2·29 at Kangra.<br>No rain fell at other stations. | 1. Sufficient ..<br>2. (a) Do.<br>3. Generally fair. | Wheat, 14½<br>Gram, 9½.<br>Barley, 16.<br>Maize, 15.<br>Rice, common, 10. | .. | More rain is badly wanted in unirrigated tracts. Condition of standing crops fair. |
| 8 | Hoshiarpur.. | 0·60 at Dasuya..<br>0·61 at Una.<br>0·80 at Garhshankar.<br>No rain fell at other stations. | 1. Sufficient ..<br>2. (a) Adequate.<br>(b) Shah Nahr is flowing.<br>3. Generally good. | Wheat, white, 15<br>Wheat, red, 16½.<br>Gram, 13.<br>Barley, 17½.<br>Rice, ordinary, 8 to 10. | | More rain is needed. Condition of standing crops good on irrigated and average on unirrigated areas. If there is no rain in the near future the crops will suffer. |
| 9 | Jullundur .. | 0·92 at Nakodar..<br>1·70 at Phillaur.<br>0·14 at Nawanshahr.<br>*Nil* at Sadr. | 1. Sufficient.<br>2. (a) Do.<br>3. Generally good. | Wheat, white, 16<br>Wheat, red, 16.<br>Gram, 12½.<br>Barley, 18.<br>Maize, 18. | .. | More rain is needed. Condition of standing crops good on irrigated and average on unirrigated areas. |
| 10 | Ludhiana .. | 0·05 at Samrala<br>No rain fell at other stations. | 1. Scarcity of dry fodder is being felt in some villages of Ludhiana tahsil.<br>2. (a) Sufficient.<br>(b) Do.<br>3. Generally satisfactory. | Wheat, 16<br>Gram, 12½.<br>Barley, 17½.<br>Maize, 15½. | .. | Condition of standing crops above normal. Sowings are in progress. |

| No. | Reporting Station. | Rain. | 1. Supply of fodder.<br>2. Water supply for—<br>(a) Drinking.<br>(b) Canal irrigation<br>3. Condition of cattle. | Retail prices in seers per rupee. | Prospects of Spring. | Prospects of Autumn. |
|---|---|---|---|---|---|---|
| 11 | Ferozepore .. | 0·25 at Abohar ..<br>No rain fell at other stations. | 1. Sufficient ..<br>2. (a) Do.<br>(b) Inundation and perennial canals are flowing with normal supply of water.<br>3. Generally good. | Wheat, 15 to 16..<br>Gram, 12 to 13.<br>Barley, 22 to 23. | .. | Rain is badly needed. Condition of standing crops average on irrigated and below average on unirrigated areas. Sowing of chari, jowar, bajra, etc., continues. |
| 12 | Lahore .. | *Nil* .. | 1. Sufficient ..<br>2. (a) Do.<br>(b) Canals are flowing by rotation and the supply of water is adequate.<br>3. Generally good. | Wheat 16½ ..<br>Gram, 12.<br>Barley 19. | .. | Rain is needed. Condition of standing crops average in Lahore and Kasur tahsils and below average in Chunian tahsil. Sowing of maize, rice, bajra and fodder continues. |
| 13 | Amritsar .. | *Nil* .. | 1. Sufficient ..<br>2. (a) Do.<br>(b) Canals are flowing by rotation and supply of water is sufficient.<br>3. Fair. | Wheat, 18½<br>Gram, 13. | .. | Condition of standing crops good in Amritsar and Tarn Taran and average elsewhere on irrigated and good in Amritsar and average elsewhere on unirrigated areas. Sowing of rice, maize, til and fodder continues. |
| 14 | Gurdaspur .. | 0·24 at Shakargarh<br>No rain fell at other stations. | 1. Sufficient ..<br>2. (a) Do.<br>(b) Do.<br>3. Generally good. | Wheat, 19.<br>Gram, 12.<br>Barley, 23.<br>Rice, 10½.<br>Maize, 17. | ... | Rain is needed. Condition of standing crops average. Sowing of rice, fodder and pulses is in progress. Borer is damaged sugarcan crop in the district. |
| 15 | Sialkot .. | 0·54 at Sadr ..<br>0·74 at Narowal.<br>0·56 at Pasrur.<br>0·74 at Daska. | 1. Ample ..<br>2. (a) Sufficient.<br>(b) Upper Chenab canal with its branches is flowing.<br>3. Generally satisfactory. | Wheat, white, 16½<br>Wheat, red, 18.<br>Gram, 11½.<br>Maize, 17.<br>Rice, ordinary, 11½. | .. | Condition of standing crops above average on irrigated and below average on unirrigated areas. Sowing of maize, bajra, rice and fodder continues. |
| 16 | Gujranwala .. | *Nil* .. | 1. Sufficient ..<br>2. (a) Do.<br>(b) Canals are flowing by rotation.<br>3. Generally satisfactory. | Wheat, 18¼ ..<br>Gram, 12¾.<br>Barley, 22.<br>Rice, 11½. | .. | Rain is needed. Condition of standing crops generally average. Sowings continue. Transplantation of rice has come to an end. |
| 17 | Sheikhupura .. | 1·26 at Shahdara<br>1·10 at Nankana Sahib.<br>*Nil* at Sadr. | 1. Sufficient ..<br>2. (a) Do.<br>(b) Canals are flowing by rotation.<br>3. Good. | Wheat, 19 ..<br>Gram, 13½.<br>Barley, 22.<br>Rice, 10.<br>Maize, 19.<br>Jowar, 18.<br>Bajra, 18. | .. | Condition of standing crops average. Sowing of rice and other crops is in progress. |

| No | Reporting Station. | Rain. | 1. Supply of fodder. 2. Water supply for— (a) Drinking. (b) Canal irrigation. 3. Condition of cattle. | Retail prices in seers per rupee. | Prospects of Spring. | Prospects of Autumn. |
|---|---|---|---|---|---|---|
| 18 | Gujrat .. | *Nil* .. | 1. Sufficient .. 2. (a) Do. (b) Satisfactory. 3. Generally good. | Wheat, 18 to 19<br>Gram, 12½.<br>Barley, 21.<br>Maize, 15.<br>Bajra, 16.<br>Jowar, 16. | .. | Condition of standing crops fair to good on irrigated and fair on unirrigated areas. |
| 19 | Shahpur .. | 0·16 at Sadr ..<br>0·87 at Midh. Ranjha.<br>1·42 at Sahiwal.<br>0·31 at Nurpur.<br>1·00 at Sakesar.<br>4·52 at Naushahra<br>0·25 at Khushab.<br>0·11 at Shahpur.<br>1·82 at Bhera.<br>0·30 at Bhalwal. | 1. Sufficient .. 2. (a) Do. (b) Lower Jhelum and Inundation canals are flowing with adequate water supply. 3. Generally fair. | Wheat, 18 to 19..<br>Gram, 13 to 13½.<br>Barley, 20 to 21.<br>Jowar, 15.<br>Bajra, 16 to 17.<br>Maize, 15 to 16. | .. | Rain was beneficial to standing crops. Condition of standing crops good on irrigated and average on unirrigated areas. Cotton is reported to have been damaged by *Tela* in Sargodha tahsil. Sowing of bajra and fodder crops is in progress. |
| 20 | Jhelum .. | 0·60 at Pind Dadan Khan.<br>0·70 at Chakwal.<br>*Nil* at Sadr. | 1. Average with the exception of Phaphra and Thal circles of the Pind Dadan Khan tahsil. 2. (a) Sufficient. 3. Generally average. | Wheat, 16 ..<br>Gram, 11½.<br>Barley, 18.<br>Bajra, 16. | .. | Condition of standing crops good on irrigated and average on unirrigated areas. |
| 21 | Rawalpindi .. | 0·25 at Gujar Khan.<br>0·35 at Kahuta.<br>1·40 at Murree.<br>*Nil* at Sadr. | 1. Sufficient .. 2. (a) Do. 3. Generally fair. | Wheat, 15 ..<br>Gram, 10½.<br>Barley, 18.<br>Jowar, 18.<br>Maize, 17.<br>Bajra, 15. | .. | More rain is needed. Condition of standing crops average to good on irrigated and average on unirrigated areas. |
| 22 | Attock .. | 0·72 at Sadr ..<br>1·50 at Talagang.<br>0·36 at Pindigheb<br>0·87 at Fatehjang.<br>0·65 at Hassanabdal.<br>1·50 at Lawa.<br>0·70 at Tamman. | 1. Sufficient .. 2. (a) Do. 3. Generally satisfactory. | Wheat, 16 ..<br>Gram, 11½.<br>Barley, 20.<br>Maize, 17½.<br>Jowar, 14.<br>Bajra, 16. | .. | Condition of standing crops average to good on irrigated and average on unirrigated area. |
| 23 | Mianwali | *Nil* | 1. Sufficient .. 2. (a) Do. (b) Nammal canal in Mianwali is closed while Kurram Canal in Isakhel is flowing satisfactorily. 3. Generally fair. | Wheat, 18<br>Gram, 12¾.<br>Barley, 19<br>Jowar, 18.<br>Bajra. 19 | .. | Condition of standing crops above average on irrigated and average in Mianwali and below average in Isakhel on unirrigated areas. Sowings continue except in Bhakkar tahsil. |
| 24 | Montgomery | 0·04 at Sadr ..<br>No rain fell at other stations. | 1. Generally sufficient 2. (a) Adequate. (b) Do. 3. Satisfactory. | Wheat, 18½<br>Gram, 13½. | .. | Condition of standing crops about average. *Tela* is reported to have affected cotton in Okara tahsil. Sowing of fodder continues. |
| 25 | Lyallpur | 0·18 at Samundri<br>No rain fell at other stations. | 1. Sufficient .. 2. (a) Do. (b) Canals are flowing satisfactorily. 3. Generally good. | Wheat, 18 ..<br>Gram, 13. | .. | Condition of standing crops on the whole normal. Sowing of fodder is in progress and that of maize has commenced. |

| No. | Reporting Station. | Rain. | 1. Supply of fodder. 2. Water supply for— (a) Drinking. (b) Canal irrigation. 3. Condition of cattle. | Retail prices in seers per rupee. | Prospects of — Spring. | Prospects of — Autumn. |
|---|---|---|---|---|---|---|
| 26 | Jhang .. | 1·43 at Chiniot.. No rain fell at other stations. | 1. Available .. 2. (a) Sufficient. (b) Canals are flowing. 3. Fair. | Wheat, 19 to 20 Gram, 13. Jowar, 16. Bajra, 14. Maize 16. | .. | Condition of standing crops average. Sowing of til, jowar, bajra and maize continues. |
| 27 | Multan .. | Nil .. | 1. Sufficient .. 2. (a) Do. (b) Lower Bari Doab canal is flowing regularly while perennial and non-perennial canals from Sutlej are flowing by rotation with inadequate supply of water. The Haveli Project canals are flowing but the zamindars are not satisfied with sites of fixation and size of certain outlets. 3. Good. | Wheat, 18 Gram, 12. Barley, 21. Jowar, 16½. Bajra, 16. Maize, 11½. | .. | Condition of standing crops generally average, except cotton and chari crops of Khanewal tahsil which are reported to have been affected by *tela* and insects respectively. The extent of damage is being ascertained from the Tahsildar concerned. Sowing of bajra, pulses, maize, chari, til, etc., continues. |
| 28 | Muzaffargarh | Nil .. | 1. Available .. 2. (a) Sufficient. (b) Canals are flowing with full supply of water. 3. Average. | Wheat, 21 Gram, 13½. Barley, 21. Jowar, 18. Bajra, 18½. Rice, 13½. | .. | Condition of standing crops average. Sowings continue are Leiah tahsil. |
| 29 | Dera Ghazi Khan. | 0·80 at Fort Munro No rain fell at others stations. | 1. Sufficient except in Pachadh tracts. 2. (a) Do. (b) All the canals are flowing with sufficient supply of water. 3. Generally good. | Wheat, 20½ Jowar, 17½. Bajra, 17½. Gram, 16. | .. | Condition of standing crops in Dera Ghazi Khan and Jampur tahsils and of irrigated crops in Rajanpur tahsil is average and of all crops of Sanghar tahsil and of unirrigated crops of Rajanpur tahsil is below average. Sowings in Sanghar tahsil continue. |

*REMARKS*

RAIN fell in parts of most districts (maximum in plains 4·52" at Naushahra, Shahpur district and minimum 0·01" at Gurgaon). It was beneficial to standing crops but more rain is needed. Condition of standing crops (sugarcane, cotton, fodder, millets, etc.), is generally average to good on irrigated and average on unirrigated areas. Standing crops have been damaged by *kutra* in parts of Gurgaon, rice by insects in parts of Hissar and sugarcane by borer in parts of Gurdaspur. Cotton is reported to have been affected by *tela* in parts of Shahpur, Montgomery and Multan. Sowings of autumn crops are in progress. Fodder is sufficient except in parts of a few districts. Supplies of drinking and canal water are generally sufficient. Condition of cattle is generally fair except in Hissar. The daily average number of workers at test works in progress in Rohtak and Gurgaon was 26,883 and 8,994, respectively. Retail prices in seers per rupee are as follows :—

No. 34 LAHORE, FRIDAY, AUGUST 25, 1939.

## PART I.

## STATISTICAL.

**Weather and Crop Report for the week ending 8 a. m., Monday, the 21st August, 1939.**

This report deals with all the districts of the province.

| No. | Reporting Station. | Rain. | 1. Supply of fodder. 2. Water supply for— (a) Drinking. (b) Canal irrigation. 3. Condition of cattle. | Retail prices in seers per rupee. | Prospects of Spring. | Prospects of Autumn. |
|---|---|---|---|---|---|---|
| 1 | Hissar .. | 0·08 at Sadr .. No rain fell at other stations. | 1. Scarcity of fodder continues except in Nahri tracts where people are managing on rabi and kharif crops. Green grass is also available in places where it has rained. Arrangements have been made to distribute fodder in kind in the district.<br>2. (a) Drinking water is sufficient in Nahri tracts. It is growing scarce in barani and bagar tracts.<br>(b) Perennial canals are flowing by rotation. Ghaggar canals are flowing with no inundation.<br>3. Condition of cattle is poor due to want of fodder. About 23,000 cattle are being maintained on fodder taccavi besides cattle in the cattle concentration camp which now number about 1,200. | Wheat, 14<br>Gram, 11½.<br>Barley, 17.<br>Jowar, 13.<br>Bajra, 13. | | Rain is badly needed. Condition of standing crops average on irrigated areas. Protracted delay in the rains is affecting the crops adversely. Crops have been damaged to a great extent and further draught is likely to spoil them altogether. |
| 2 | Rohtak .. | 0·06 at Jhajjar .. 0·25 at Sonepat. No rain fell at other stations. | 1. Scarcity of fodder in unirrigated tracts continues.<br>2. (a) Drinking water is insufficient in about all the villages of unirrigated tracts.<br>(b) Perennial canals are flowing by rotation and the supply of water is adquate.<br>3. Generally satisfactory. | Wheat, 13½ ..<br>Gram, 11½.<br>Barley, 16.<br>Gochni, 12½.<br>Jowar, 13.<br>Bajra, 13. | .. | Condition of standing crops average on irrigated area. Crops on unirrigated area are bad and are withering day by day for want of rains. Jowar crop which was sown late is said to have been attacked by insects but no considerable damage has been reported so far. |

| No. | Reporting Station. | Rain. | 1. Supply of fodder. 2. Water supply for— (a) Drinking. (b) Canal irrigation. 3. Condition of cattle. | Retail prices in seers per rupee. | Prospects of Spring | Prospects of Autumn. |
|---|---|---|---|---|---|---|
| 3 | Gurgaon .. | 1·75 at Sadr .. 0·43 at Rewari. 0·40 at Taoru. 0·10 at Nuh. 1·03 at Firozpur-Jhirka. 3·90 at Hassanpur. 0·52 Palwal. 0·35 at Sohna. 0·68 at Punahana. 1·54 at Ballabgarh. | 1. Scarce .. 2. (a) Sufficient in wells. Pools are generally dry in the whole of the district owing to insufficiency of rains. (b) Canal flowed in Palwal, Nuh, Firozpur-Jhirka and Ballabgarh tahsils. 3. Fair. | Wheat, 12½ to 14½. Gram, 11½ to 12. Barley, 16½. Jowar, 12. Bajra, 12. | .. | More rain is badly needed. Condition of standing crops below average to average on irrigated and poor on unirrigated areas. Insufficiency of rains and winds have nearly dried up the standing crops on unirrigated areas. Kutra insect has caused some damage to crops in Gurgaon tahsil only. |
| 4 | Karnal .. | 0·14 at Sadr .. No rain fell at other stations. | 1. Sufficient .. 2. (a) Do. (b) Satisfactory. 3. Do. | Wheat, 14½ .. Gram, 11½. Barley, 18. | .. | Condition of standing crops satisfactory on irrigated and below average on unirrigated areas. |
| | Ambala .. | 0·21 at Sadr .. 3·15 at Jagadhri. 1·00 at Naraingarh. 0·03 at Rupar. 0·57 at Kasauli. *Nil* at Kharar. | 1. Sufficient .. 2. (a) Do. (b) Western Jumna canal is flowing. 3. Generally good. | Wheat, white, 15½. Wheat, red, 15½. Gram, 12. Barley 17½. | .. | Condition of standing crops good on irrigated and average on unirrigated areas. |
| 6 | Simla .. | 1·94 at Sadr .. 1·97 at Kotgarh. | 1. Sufficient 2. (a) Do. (b) Water in hill streams is sufficient. 3. Generally good. | Wheat, $10\frac{11}{16}$ .. Gram, 9. Barley, 12. Maize, 13. Masur, 7. Rice, ordinary, 9. | . | Condition of standing crops average in Simla and nearly good in Kot Khai tahsil. |
| 7 | Kangra .. | 8·73 at Sadr .. 2·13 at Banjar. 0·56 at Kulu. 0·42 at Naggar. 8·09 at Palampur. 1·43 at Hamirpur. 4·60 at Dehra. 4·20 at Kangra. 3·26 at Nurpur. | 1. Sufficient .. 2. (a) Do. 3. Generally fair. | Wheat, 14½ .. Gram, 9½. Barley, 16. Maize, 15. Rice, common, 10. | .. | Rain is badly wanted in unirrigated tracts. Condition of standing crops fair except rice. |
| 8 | Hoshiarpur .. | 2·44 at Sadr .. 0·25 at Garhshankar. No rain fell at other stations. | 1. Sufficient 2. (a) Do. (b) Shah Nahr is flowing. 3. Generally good. | Wheat, white, 15. Wheat, red, 16½. Gram, 13. Barley, 17½. Rice, ordinary, 8 to 10. | .. | Condition of standing crops good on irrigated and average on unirrigated areas. |
| 9 | Jullundur .. | 1·47 at Sadr .. 0·15 at Phillaur. 1·50 at Nawanshahr. *Nil* at Nakodar. | 1. Sufficient. 2. (a) Do. 3. Generally good. | Wheat, white, 16. Wheat, red, 16½. Gram, 12½. Barley, 18. Maize, 17. | .. | More rain is needed. Condition of standing crops good on irrigated and average on unirrigated areas. |
| 10 | Ludhiana .. | 0·24 at Sadr .. 0·09 at Samrala. 0·60 at Jagraon. | 1. Scarcity of dry fodder is being felt in some villages of the Ludhiana tahsil. 2. (a) Sufficient. (b) Do. 3. Generally satisfactory. | Wheat, 15½ .. Gram, 12. Barley, 18. Maize, 18. | .. | Condition of standing crops above normal. Sowings are in progress. |

| No. | Reporting Station. | Rain. | 1. Supply of fodder.<br>2. Water supply for—<br>(a) Drinking.<br>(b) Canal irrigation.<br>3. Condition of cattle. | Retail prices in seers per rupee. | Prospects of Spring. | Prospects of Autumn. |
|---|---|---|---|---|---|---|
| 11 | Ferozepore .. | *Nil* .. | 1. Sufficient ..<br>2. (a) Do.<br>(b) Inundation and perennial canals are flowing with normal supply of water.<br>3. Generally good. | Wheat, 15 to 16..<br>Gram, 12 to 13.<br>Barley, 22 to 23. | .. | Rain is badly needed. Condition of standing crops average on irrigated and below average on unirrigated areas. Sowing of chari, jowar, bajra, etc., continues. |
| 12 | Lahore .. | *Nil* .. | 1. Sufficient ..<br>2. (a) Do.<br>(b) Canals are flowing by rotation and the supply of water is inadequate.<br>3. Generally good. | Wheat, 16½ to 17<br>Gram, 11½.<br>Barley, 19 | .. | Condition of standing crops average in Lahore and below average in Chunian and Kasur tahsils. Sowing of fodder is in progress to a little extent. Damage to crops by *tela* is reported from Chunian tahsil. |
| 13 | Amritsar .. | 0·35 at Ajnala ..<br>No rain fell at other stations. | 1. Sufficient ..<br>2. (a) Do.<br>(b) Canals are flowing by rotation and the supply of water is sufficient.<br>3. Good | Wheat, 17¼ ..<br>Gram, 12. | .. | Condition of standing crops good in Amritsar and Tarn Taran tahsils and average elsewhere on irrigated and good in Amritsar and average elsewhere on unirrigated areas. Sowing of rice and maize continues. |
| 14 | Gurdaspur .. | 0·69 at Sadr ..<br>0·64 at Batala.<br>2·27 at Pathankot.<br>1·04 at Shakargarh | 1. Sufficient ..<br>2. (a) Do.<br>(b) Do.<br>3. Generally good. | Wheat, 18½.<br>Gram, 11¼.<br>Barley, 24.<br>Rice, 10¼.<br>Maize, 17¼. | ... | Condition of standing crops average. Rice crop in Chak Andhar Pathanti and Bet Ravi Circles has been damaged by an insect called "Bhurer" due to scarcity of rain. Cane borer has also appeared and is damaging the crop. |
| 15 | Sialkot .. | 0·18 at Sadr ..<br>0·10 at Narowal.<br>0·06 at Pasrur.<br>*Nil* at Daska. | 1. Ample ..<br>2. (a) Sufficient.<br>(b) Upper Chenab canal with its branches is flowing.<br>3. | 23 | Mianwali | *Nil* | 1. Sufficient<br>2. (a) Do.<br>(b) Nammal canal in Mianwali is closed while Kurram Canal in Isakhel is flowing satisfactorily.<br>3. Fair. | Wheat, 17½<br>Gram, 12½.<br>Barley, 19½.<br>Jowar, 18.<br>Bajra. 17. | .. | Rain is badly needed. Condition of standing crops above average on irrigated and average in Mianwali and below average in Isakhel tahsil on unirrigated areas. Sowings are in progress in Bhakkar tahsil. |
| 24 | Montgomery | *Nil* | 1. Generally sufficient<br>2. (a) Adequate.<br>(b) Do.<br>3. Satisfactory. | Wheat, 18¼<br>Gram, 13¼. | .. | Condition of standing crops about average. Cotton is reported to have been affected by *tela* in Okara, Pakpattan and Montgomery tahsils. Sowing of fodder continues. |
| 25 | Lyallpur | *Nil* | 1. Sufficient<br>2. (a) Do.<br>(b) Canals are flowing satisfactorily.<br>3. Generally good. | Wheat, 18½<br>Gram, 13. | .. | Condition of standing crops on the whole normal. Sowing of fodder and maize is in progress. There is a complaint of *tela* to cotton crop. |

| No. | Reporting Station. | Rain. | 1. Supply of fodder. 2. Water supply for— (a) Drinking. (b) Canal irrigation. 3. Condition of cattle. | Retail prices in seers per rupee. | Prospects of Spring. | Prospects of Autumn. |
|---|---|---|---|---|---|---|
| 26 | Jhang .. | Nil .. | 1. Green fodder is scarce 2. (a) Sufficient. (b) Canals are flowing. 3. Fair. | Wheat, 19 to 20 Gram, 13. Jowar, 16. Bajra, 14. Maize 16. | .. | Condition of standing crops average. Sowing of til, jowar, bajra and pulses is in progress. |
| 27 | Multan | Nil .. | 1. Sufficient .. 2. (a) Do. (b) Lower Bari Doab canal is flowing regularly while perennial and non-perennial canals from Sutlej are flowing by rotation with inadequate supply of water. The Haveli Project canals are flowing but the zamindars are not satisfied with the sites of fixation and size of certain outlets and complain about inadequate supply of water on this account. 3. Good. | Wheat, 17½ .. Gram, 12¼. Barley, 21. Jowar, 19. Bajra, 16. Maize, 11¾. | .. | Condition of standing crops generally average except cotton in Khanewal, Mailsi and Lodhran tahsils which is below average due to inadequate supply of canal water in Lodhran tahsil and owing to damage by *tela* in Mailsi and Khanewal tahsils. The chari crop of Khanewal tahsil is also reported to be affected by insects. The extent of damage is being ascertained from the Tahsildars concerned. Sowing of bajra, maize, til, pulses, etc., continues. |
| 28 | Muzaffargarh | Nil .. | 1. Available .. 2. (a) Do. (b) Canals are flowing with full supply of water with the exception of Jakhriwah and Thalwah (minors of the Magi canal) which are low. 3. Generally average. | Wheat, 21 .. Gram, 13½. Barley, 21. Jowar, 18. Bajra, 18. Rice, 13½. | .. | Condition of standing crops average except indigo in Alipur tahsil. Sowings have been stopped except in Leiah and Alipur tahsils where they continue. |
| 29 | Dera Ghazi Khan | Nil .. | 1. Sufficient except in Kachadh tracts. 2. (a) Do. (b) Massuwah is closed. Nurdhandi, Qutabdhundi and Qadra canals are flowing with sufficient and all the other canals with insufficient supply of water. 3. Generally good. | Wheat, 20½ Jowar, 20. Bajra, 17½ Gram, 15½ | .. | Condition and expect yield of standing crops average except unirrigated crops of Rajanpur tahsil which are below average. Sowings continue in Sanghar tahsil. |

*REMARKS*

Rain fell in parts of most districts (maximum in plains 3·90" at Hassanpur, Gurgaon district and minimum 0·03" at Rupar, Ambala district). It was useful for standing crops but more rain is badly needed. Condition of standing crops (sugarcane, cotton, fodder, millets, etc.), is average to good on irrigated and below average to average on unirrigated areas. *Kutra* continues to damage Standing crops in parts of Gurgaon. Sugarcane and rice are reported to have been damaged by insects in parts of Gurdaspur. Cotton has been affected by *tela* in parts of Lahore, Shahpur, Montgomery, Lyallpur and Multan. Sowings of autumn crops are in progress. Fodder is sufficient except in parts of a few districts. Supplies of drinking and canal water are generally sufficient. Condition of cattle is generally fair except in Hissar. The daily average number of workers at test works in progress in Gurgaon was 9,757. Retail prices in seers per rupee are as follows :—

Average percentage ratio of current to pre-war prices or unweighted index number = 96.

Unweighted index number of wholesale prices for the first fortnight of August 1938, was 96.

KATTI RAM,

SUPERINTENDENT,

for Director of Land Records, Punjab.

# Notes on the condition and prospects of crops, etc., in each district of the Punjab for the month of July, 1939.

### 1.—Hissar District.

Rain was quite inadequate and not general. It was of little help in the preparation of land for sowing in the localities it fell. More and general rain is badly wanted. The condition of standing irrigated kharif crops is average. Sowing of rice in Sirsa tahsil and of bajra, chari, mung, moth, etc., continued in Fatehabad tahsil. The condition of standing kharif crops in the unirrigated tracts of Sirsa tahsil is bad. In Hissar and Fatehabad tahsils they are withering for want of rain. In Hansi and Bhiwani tahsils they are, however, average. Sowing of Bajra and jowar continued. Condition of cattle is poor due to scarcity of fodder in the district except in nahri tracts where people manage on rabi and kharif crops and in places where it rained and some grass has grown. Arrangements have been made to distribute fodder taccavi in kind. About 54,000 cattle are maintained by Government on fodder taccavi besides the cattle in cattle concentration camp, but these cattle are being returned to the zamindars concerned. No cattle disease was reported during the month. Public health is generally good except that smallpox occurred in some villages of the district. Perennial canals went on running by rotation. The Ghaggar canals commenced doing inundation in the last but one day of July, 1939. Famine relief work is in progress in 13 centres. Prices of food-stuffs remained stationary.

### 2.—Rohtak District.

More rain is needed. Sowing of irrigated jowar continued and that of unirrigated jowar, bajra, mung and mash is also going on in those tracts where it rained. Condition of irrigated sugarcane, cotton, jowar and bajra is good while that of unirrigated jowar, bajra and other crops is going from bad to worse due to scarcity of rains. Scarcity of fodder in the unirrigated tracts of the district continues. Import of fodder has at present been discontinued due to expectation of kharif crops. Foot-and-mouth disease continues in some villages of the district but the general condition of cattle is on the whole satisfactory. Public health has been satisfactory during the month under report. Supply of canal water was adequate. Water in ponds of the barani villages is not sufficient for the present.

### 3.—Gurgaon District.

During the month under report rainfall varied from 0·50 to 6·48 inches at various places in the district and proved beneficial to the standing crops and kharif sowings. Weather was generally hot. More rain is badly needed. Condition of the standing crops, *i.e.*, sugarcane, chari, jowar, bajra, gowar, mong, mash, cotton and maize was below average to average on irrigated and poor to below average on unirrigated areas. Jowar, bajra, gowar, mung and mash were sown in the district. Food-grains were available. Fodder is scarce in the district. Drinking water in wells was sufficient for human beings and cattle. Water in pools was insufficient. Condition of cattle remained generally fair. Scarcity of fodder has affected the cattle to a great extent. Rinderpest, foot-and-mouth diseases were reported from a few villages of the district. Scarcity of rain and hot winds have affected the standing kharif crops throughout the district. Canal flowed in Firozpur-Jhirka, Nuh, Palwal and Ballabgarh tahsils by rotation. The general state of public health remained generally satisfactory.

### 4.—Karnal District.

The rainfall received during the month under report proved beneficial to the kharif sowings and other standing kharif crops. The condition of standing kharif crops is satisfactory on irrigated and unirrigated areas. The yield is expected to be normal on both irrigated and unirrigated areas. The condition of cattle may be regarded as satisfactory on the whole, though there were complaints of foot-and-mouth and rinderpest diseases in 9 villages of Karnal, Panipat, Thanesar tahsils and Ghula sub-tahsil. Public health is satisfactory on the whole but smallpox disease has broken out in 8 villages of Kaithal tahsil, sub-tahsil Guhla and Thanesar tahsil. Canals worked satisfactorily according to their programme. Prices have a tendency to fall.

### 5.—Ambala District.

Rain is above average in Jagadhri and Naraingarh tahsils and about or somewhat below average in the other three tahsils. It helped the planting of rice and sowing and nourishing of the other kharif crops. Rain is sufficient at present. The

condition of the standing crops is above average on both kinds of areas. No harvesting. The condition of cattle is generally satisfactory. The green fodder is sufficient. The state of public health is also satisfactory. There were only a few reports of smallpox disease from tahsil Ambala. Western Jumna canal flowed with adequate supply of water. Prices are almost stationary.

### 6.—SIMLA DISTRICT.

Condition of crops in Simla tahsil is average and in Kotkhai nearly good. Condition of cattle on the whole is good but foot-and-mouth disease is spreading in certain villages of Kotkhai and Simla tahsils. The diseased animals are under veterinary treatment in Kotkhai tahsil. No death occurred. Public health is good. Water in hill streams is sufficient.

### 7.—KANGRA DISTRICT.

Rainfall during the month was below average except at Palampur, Hamirpur and Dehra where it was much above the average. It was beneficial to standing crops. Kharif sowings were completed during the month. The condition of standing crops except rice crop on unirrigated area is generally satisfactory. Cattle are in fair condition. Fodder is sufficient. Foot-and-mouth, hæmorrhagic septicæmia and rinderpest cattle diseases existed in some parts of the district. Public health is fair. There has been a complaint of smallpox in one village of Dehra and three villages of Hamirpur tahsil. Water in streams and kuhls was sufficient for irrigation purposes. Prices are stationary.

### 8.—HOSHIARPUR DISTRICT.

The rainfall is below the average throughout the district, the scarcity of rainfall was being felt, but the rains during the last week of the month and first week of August have made up the deficiency to some extent. Kharif sowings completed during the month. The prospects are hopeful. The condition of irrigated crops is good and those of unirrigated crops average. Cattle are generally in good health, with the exception of a few villages where from foot-and-mouth disease is reported. Public health is generally good. However, smallpox is reported from a few villages. Shahnahr continued working this month.

### 9.—JULLUNDUR DISTRICT.

Rainfall was below average throughout the district except tahsil Nawanshahr where it was above average. Sowing of maize and other kharif crops continued throughout this month. Condition of the standing irrigated crops is good and that of unirrigated is average. No important crop has been harvested during the month under report. Cattle are generally in good condition, but stray cases of foot-and-mouth disease have been reported from the different parts of the district. Public health is generally good, but stray cases of cholera and smallpox have been reported from tahsil Nakodar and Phillaur.

### 10.—LUDHIANA DISTRICT.

The sowing of the kharif crops is in progress. The season is fair. The condition of the standing crops is above average. The yield is expected to be above average both on irrigated and unirrigated areas. The condition of the cattle remained satisfactory on the whole. Public health generally satisfactory except a few cases of smallpox in the few villages of the district. Sirhind canal has been flowing regularly.

### 11.—FEROZEPORE DISTRICT.

There was some rain during this month which was beneficial to the standing crops and also for sowing purposes. Condition of the standing crops is normal. Fodder and drinking water are sufficient. Public health is good. Sirhand canal has been flowing during the month.

### 12.—LAHORE DISTRICT.

There was sufficient rainfall throughout the district during the month under report which benefited the standing crops. Rice and fodder are being yet sown. The condition of standing crops is average. The general condition of cattle on the whole remained satisfactory. The general condition of public health remained satisfactory with the exception of a few cases of smallpox amongst children reported in the tahsil Kasur. The canals remained working by rotation. The water supply was adequate.

13.—AMRITSAR DISTRICT.

Rainfall during the month was average, but more rain is badly needed. Condition of standing crops is good in irrigated area, and average in unirrigated area on the whole. Sowing of rice, maize and fodder is going on. The condition of cattle is good. Public health is good. Canals are working by rotation and the supply is sufficient.

14.—GURDASPUR DISTRICT.

The rainfall during the month was below average in all the tahsils. Sowing of rice, maize, mash, til and fodder crops is in progress. The condition of the standing crops is reported to be good except in the unirrigated areas in the Shakargarh tahsil, on account of scarcity of rain. An insect is reported to have caused slight damage to the sugarcane crop in the Gurdaspur tahsil. The condition of cattle is generally good except for a slight complaint of hæmorrhagic septicæmia, foot-and-mouth and rinderpest diseases reported in some villages of the Gurdaspur, Batala and Pathankot tahsils. Public health is generally good except for a complaint of smallpox and cholera in one village of tahsil Batala. Necessary preventive measures are being taken by the District Medical Officer of Health. Government canals are running and irrigating the land.

15.—SIALKOT DISTRICT.

Rainfall during the month under report in Narowal 2·09, Pasrur 2·78, Daska 3·49 and in Sialkot 6·18 inches, respectively, which was beneficial to the standing crops. Sowing of rice, maize, bajra, mung, moth, chari, hemp and mash continued during the month under report. Condition of standing crops is average in the irrigated and below average in the unirrigated areas, respectively. Condition of cattle is generally satisfactory, but there has been a complaint of lymphangites epizootica, rinderpest and smallpox diseases in certain villages in the district. Public health is generally satisfactory, but there is a complaint of cholera and smallpox diseases in certain villages in the district and the District Medical Officer of Health was informed accordingly. The Upper Chenab Canal with its branches is running. Ordinary floods came in Deg nallah, but to no effect. There is a complaint of insect called borer which has affected the standing crops.

16.—GUJRANWALA DISTRICT.

The rainfall was below average in all the three tahsils, but proved beneficial to the standing crops. More rain is, however, needed. Sowings of kharif crops and transplantation of rice remained in progress. Condition of standing crops is generally average to good on irrigated and average on unirrigated lands. Tobacco was harvested during the period under report and its yield is reported to be normal. Condition of cattle is satisfactory except that in a few villages *daba*, *pir*, hæmorrhagic septicæmia, and foot-and-mouth diseases remained prevalent. Fodder and bhusa are sufficient. State of public health is reported to be satisfactory on the whole. However, smallpox remained slightly prevalent in two villages of the Gujranwala tahsil. The canals remained working by rotation. There has been no complaint of insufficient supply of canal water.

17.—SHEIKHUPURA DISTRICT.

The rainfall during the month under report was at Sheikhupura 3·10, Shahdara 2·28 and Nankana Sahib 3·52 inches. The rain proved beneficial to the standing crops. The season remained favourable and the condition of the standing crops is reported to be good. The outturn is expected to be normal. Public health and the condition of the cattle is reported to be good. Canals kept running throughout the month rotationaly. There was low flood twice in the river Ravi during the month, but it caused no damage.

18.—GUJRAT DISTRICT.

There was good rainfall all over the district during the month, varying from 4·18 to 5·10 inches. Sowings of kharif crops and various fodder crops were continued. Germination was fair. The condition of standing crops was fair to good in both irrigated and unirrigated areas. Nothing was harvested drinking the month. Cattle were generally in fair condition. Fodder and durning water were sufficient. Grazing was also available. Public health was generally good. Canals remained flowing and there were no complaints of supply. Stocks of food-stuffs were sufficient. The prices of agricultural commodities remained the same as in the last month.

19.—SHAHPUR DISTRICT.

There was a good rainfall varying from 1·12″ to 4·00″ on all raingauge stations. It was beneficial to standing crops. Bajra and other fodder crops have been sown in this month. Condition of standing crops remained fair to good in both irrigated and unirrigated areas

No crop was harvested during this month. Cattle generally remained in fair condition. Fodder and drinking water remained sufficient. Public health remained satisfactory except for a few complaints of smallpox. Lower Jhelum canal remained closed for the last week of the month. Inundation canal and private canals remained flowing with adequate water supply. Rural development scheme remained in progress in Shahpur tahsil.

20.—JHELUM DISTRICT.

There was 2·98, 2·90 and 3·29 inches rainfall in Pind Dadan Khan, Jhelum and Chakwal tahsils, respectively, which proved beneficial to the standing crops. Kharif sowing is finished. The condition of standing crops is generally average. The condition of cattle is generally good. The state of public health is generally good. Prices are stationary.

21.—RAWALPINDI DISTRICT.

The rainfall during the month was below average. The condition of standing crops is average. The yield is expected to be normal. The condition of cattle is fair with the exception of some villages in Gujarkhan and Murree tahsils where foot-and-mouth and black-quarter diseases are reported. Public health is good throughout the district. Prices are generally the same.

22.—ATTOCK DISTRICT.

Rain was below average in the Attock, Fatehjang and Talaganj tahsils, while in the Pindi heb tahsil it was above average. It proved very beneficial to the standing crops. Sowings of cotton, moth, mung, jowar, bajra and maize were made during the month. Condition of standing crops is good owing to the recent rain. An average yield is expected. Condition of cattle is satisfactory on the whole, but foo-tand-mouth disease is reported in the few villages. Public health is fair on the whole, but 29 cases and 5 deaths by smallpox were reported. Water is sufficient and fodder is procurable. Prices are generally stationary.

23.—MIANWALI DISTRICT.

Rainfall at Mianwali 2·93, at Isakhel 1·17 and at Bhakkar 0·06 inches only. It was beneficial to standing extra rabi crops in Mianwali and Isakhel tahsils. It has also been useful in sowing the kharif crops. Condition of extra rabi crops has been average on irrigated areas but from below average to average on unirrigated areas. Condition of cattle has been fair on the whole. Fodder is sufficient. Public health remained satisfactory on the whole. Nammal cannal in Mianwali tahsil was closed, while Kurram canal in Isakhel watered lands satisfactorily.

24.—MONTGOMERY DISTRICT.

Sowing of kharif fodder crops continued during the month. The condition of standing crops is about average. Disease of tela to cotton is reported to have appeared in Okara tahsil. The condition of cattle is satisfactory. In certain villages the cattle suffered from hæmorrhagic septicæmia disease. The public health of the district remained satisfactory during the month under report. Thirty-four cases and 9 deaths took place at 45 villages of the District Board area and the towns of Pakpattan, Okara and Chichawatni. One suspected and fatal case was also reported from village Jandraka towards the end of July, 1939. All preventing measures including anti-cholera inoculation to 296 persons were taken with the result that no fresh case has been reported. The Lower Bari Doab Canal and Sutlej Valley Project canals have been flowing.

25.—LYALLPUR DISTRICT.

Rain at Toba Tek Singh was 1·55, at Samundri 4·02, at Lyallpur 2·39 and at Jaranwala 2·43 inches. Sowing of fodder is in progress. The condition of the standing crops is on the whole normal. There is a complaint or hæmorrhagic septicæmia (galghotu) in Chaks Nos. 259, 260 and 267-G. B. of Toba Tek Singh tahsil. Fodder is sufficient. Public health is generally good in Samundri and Toba Tek Singh tahsils, but there are complaints of smallpox from Chak No. 256-R. B. of Lyallpur and 57 R. B. of Jaranwala tahsils and cholera from Chak No. 257-R. B. of Lyallpur tahsil. Canals are working satisfactorily.

26.—JHANG DISTRICT.

The rain has been below average in all the tahsils of the district. It was much useful to the standing crops. Maize, jowar, bajra, til and gowara have been sown during the month. Tobacco has been harvested during the month and the yield was 99 per cent of the normal. The condition of the cattle is average. Fodder is available. There is a complaint of smallpox in some villages of Jhang and Shorkot tahsils.

There has been flood in both the rivers. Canals are working as usual.

27.—MULTAN DISTRICT.

Rain at Mailsi 0·96, Lodhran 0·52, Shujabad 1·05, Multan 1·78, Kabirwala 0·85 and Khanewal 0·92 inches proved useful to the standing crops. Sowings of chari, jowar, cotton, moth, maize, mung, mash, bajra and til and plantation of rice continued ; germination is good. Condition of standing crops is generally average. Harvesting of vegetables and tobacco continued ; outturn is normal. Condition of cattle was generally good except village Balochan of Kabirwala tahsil and Chak No. 11/W. B. of Mailsi tahsil wherefrom some complaints of foot-and-mouth disease were reported. The Veterinary Assistants of the ilaqas were informed direct by the tahsildars concerned to take preventive measures. Supply of fodder was generally sufficient. During the month 27 seizures and 14 deaths from smallpox and enteric fever were reported from different parts of the district, otherwise the district remained free from all other epidemics. Lower Bari Doab Canal was flowing regularly while perennial and non-prennial canals from the Sutlej were running by rotation with inadequate supply of water. The Haveli Project Canals were also flowing but the zamindars were not satisfied with sites of fixation and size of certain outlets. Stock of food-grains and drinking water were sufficient.

28.—MUZAFFARGARH DISTRICT.

The rainfall during the month was above normal in the Leiah tahsil but below normal in the other tahsils. It benefited the standing crops. Sowings of til, bajra and fodder crops were in progress. Condition of standing crops on both classes of soil was average. No crop was harvested during the month. Hæmorrhagic septicæmia was reported from various places of the district. White bhusa and grazing were available. The public health was satisfactory. Canals are running with full supplies of water. Owing to breaches, the Ganesh Canal remained dry for about 10 days badly affecting the standing crops. Both the rivers were in flood. Prices are stationary.

29.—DERA GHAZI KHAN DISTRICT.

Rain at Fort Munro 0·50″, Jampur 0·32″ and Rajanpur 0·08″, which was below average and was useful for standing crops. Condition and expected yield of irrigated and unirrigated crops in Dera Ghazi Khan and Jampur tahsils and irrigated crops in Rajanpur tahsil are average. Irrigated and unirrigated crops of Sanghar tahsil and unirrigated crops of Rajanpur tahsil are below average. There is complaint of *tiddi* to jowar in Pachahd tract of Jampur tahsil. There was no complaint of cattle disease The condition of cattle was good. Fodder was sufficient except in Pachahd tracts. There was some complaint of typhoid fever in Sanghar tahsil ; otherwise the public health was good. All the canals flowed with sufficient supply of water. The river inundation was sufficient. Prices are stationary.

KATTI RAM,

SUPERINTENDENT,

*for* Director of Land Records, Punjab.

...s (1,088 males and 1,009 females), giving a birth rate of 53 *per mille* of population and 1,057 deaths were registered
...e largest towns were as follows:—Lahore 24 against 26 in the corresponding week of the previous year,

...arnal,

AMRIT SINGH, D. P. H.,
STATISTICAL OFFICER,
*for* Director of Public Health, Punjab.

## SUMMARY OF THE METEOROLOGICAL CONDITIONS PREVAILING OVER THE PUNJAB AND THE NORTH-WEST FRONTIER PROVINCE DURING THE MONTH OF MAY, 1939.

SEVEN western disturbances entered north-west India during the month. Of these the second did not affect the provinces. The first disturbance caused isolated light showers in the North-West Frontier Province and the Punjab hills on the 1st while the third and the fourth gave scattered showers in the North-West Frontier Province between the 9th and 11th and on the 12th and 13th, respectively. The fifth disturbance was responsible for fairly widespread thunder showers in the Punjab hills on the 19th and a few falls there on the 20th. The sixth gave local or scattered falls in the North-West Frontier Province between 23rd and 26th and a few falls in the Punjab hills on the 25th and 26th. The last disturbance caused isolated light showers in the south-west Punjab on the 27th. Isolated thundershowers also occurred on the last day of the month in the North-West Frontier Province and south-west Punjab. The weather during the month was otherwise dry.

The total rainfall of the month was generally in large defect. Cloud amount was in excess at Multan and normal or in defect elsewhere. Humidity was above normal at Montgomery and normal or in defect elsewhere. Day temperatures were appreciably above normal between the 9th and 18th; consequently on the mean of the month, maximum temperature was generally above normal in the plains. Minimum temperature was above normal at Simla and Murree and normal elsewhere.

# SUPPLEMENT TO

# The Government Gazette, Punjab.

**Published by Authority.**

**No. 35** LAHORE, FRIDAY, SEPTEMBER 1, 1939.

## PART I.

## STATISTICAL.

**Weather and Crop Report for the week ending 8 a. m., Monday, the 28th August, 1939.**

This report deals with all the districts of the province.

| No. | Reporting Station. | Rain. | 1. Supply of fodder. 2. Water supply for— (a) Drinking. (b) Canal irrigation. 3. Condition of cattle. | Retail prices in seers per rupee. | Prospects of Spring. | Prospects of Autumn. |
|---|---|---|---|---|---|---|
| 1 | Hissar .. | 0·32 at Sadr ..<br>0·08 at Sirsa.<br>0·15 at Fatehgarh.<br>0·62 at Bhiwani.<br>0·10 at Tohana.<br>No rain fell at other stations. | 1. Scarcity of fodder continues except in Nahri tracts where people are managing on rabi and kharif crops. Green grass is available to some extent in places where it has rained. Arrangements have been made to distribute fodder in kind in the district.<br>2. (a) Drinking water is sufficient in Nahri tracts. It is growing scarce in barani and bagar tracts where the rain is insufficient.<br>(b) Perennial canals are flowing by rotation. Ghaggar canals are flowing with no inundation.<br>3. Condition of cattle is poor due to want of fodder. About 23,000 cattle are being maintained on fodder taccavi besides cattle in the cattle concentration camp. | Wheat, 14<br>Gram, 11½.<br>Barley, 17.<br>Jowar, 13.<br>Bajra, 13. | .. | Rain was useful for standing crops but more rain is needed. Condition of standing crops average except in Hansi tahsil where it is a little below average on irrigated area. Crops on unirrigated area are bad except in Bhiwani tahsil where they are below average. In Hansi tahsil cotton is not bearing fruits upto the standard and a complaint against insects to jowar crop is also reported. |
| 2 | Rohtak .. | 1·53 at Gohana..<br>0·19 at Jhajjar.<br>No rain fell at other stations. | 1. Scarcity of fodder in unirrigated tracts continues.<br>2. (a) Drinking water is insufficient in about all the villages of unirrigated tracts.<br>(b) Perennial canals are flowing by rotation and the supply of water is adequate.<br>3. Generally satisfactory. | Wheat, 13½ ..<br>Gram, 11½.<br>Barley, 16.<br>Gochni, 12½<br>Jowar, 13.<br>Bajra, 13. | -- | Condition of standing crops average on irrigated areas. Crops on unirrigated area are bad and withering day by day for want of rains. Jowar crop which was sown late is said to have been attacked by insects but no considerable damage has been reported so far. |

| No. | Reporting Station. | Rain. | 1. Supply of fodder. 2. Water supply for— (a) Drinking. (b) Canal irrigation. 3. Condition of cattle. | Retail prices in seers per rupee. | Prospects of Spring | Prospects of Autumn. |
|---|---|---|---|---|---|---|
| 3 | Gurgaon .. | 0·75 at Firozpur-Jhirka. No rain fell at other stations. | 1. Scarce .. 2. (a) Sufficient in wells. Pools are generally dry in the whole of the district owin to insufficiency of rains. (b) Canal flowed in Palwal, Nuh, Firozpur-Jhirka and Ballabgarh tahsils. 3. Fair. | Wheat, 12½ to 14½. Gram, 11¼ to 12. Barley, 16½. Jowar, 12. Bajra, 12. | .. | More rain is badly needed. Condition of standing crops below average to average on irrigated and poor on unirrigated areas. Insufficiency of rain and winds havedried up the standing crops on unirrigated areas. |
| 4 | Karnal .. | 0·44 at Sadr .. 0·08 Panipat . 0·07 at Kaithal.. 0·05 at Thanesar. No rain fell at other stations. | 1. Sufficient .. 2. (a) Do. (b) Satisfactory. 3. Do. | Wheat, 14¼ .. Gram, 11¾. Barley, 18. | .. | More rain is badly needed. Condition of standing crops satisfactory on irrigated and below average on unirrigated areas. |
| 5 | Ambala .. | 1·15 at Sadr .. 3·91 at Jagadhri. 3·30 at Naraingarh. 0·40 at Kharar. 0·48 at Rupar. 1·27 at Kasauli. | 1. Sufficient .. 2. (a) Do. (b) Western Jumna canal is flowing. 3. Generally good. | Wheat, white, 15¼. Wheat red, 15½. Gram, 12. Barley 17½. | .. | Condition of standing crops good on irrigated and average on unirrigated areas. |
| 6 | Simla .. | 0·83 at Sadr .. 1·52 at Kotgarh. | 1. Sufficient .. 2. (a) Do. (b) Water in hill streams is not sufficient due to lack of rain. 3. Generally good. | Wheat, 11 .. Gram, 9. Barley, 14. Maize, 13 11/16. Masur, 7. Rice, ordinary, 8. | .. | Condition of standing crops average in Simla and nearly good in Kot Khai tahsil. |
| 7 | Kangra .. | 3·65 at Sadr .. 0·74 at Banjar. 3·89 at Palampur. 4·75 at Hamirpur. 2·61 at Debra. 2·03 at Kangra. 0·43 at Nurpur. No rain fell at other stations. | 1. Sufficient .. 2. (a) Do. 3. Generally fair. | Wheat, 14½ .. Gram, 9½. Barley, 16. Maize, 15. Rice, common, 10. | . | Rain is badly needed in unirrigated tracts. Condition of standing crops fair. Rice crop has been damaged by insects in some parts of Kangra tahsil. |
| 8 | Hoshiarpur .. | 1·40 at Dasuya. 1·37 at Una. 2·48 at Garhshankar. 1·75 at Tanda. *Nil* at Sadr. | 1. Sufficient .. 2. (a) Do. (b) Shah Nahr is flowing. 3. Generally good. | Wheat, white, 15. Wheat, red, 16½. Gram, 13. Barley, 11½. Rice, ordinary, 8 to 10. | .. | Condition of crops standing average to good on irrigated and below average on unirrigated areas. |
| 9 | Jullundur .. | 0·31 at Nawanshahr. No rain fell at other station. | 1. Sufficient .. 2. (a) Do. 3. Generally good. | Wheat, white, 16. Wheat, red, 16½. Gram, 12. Barley, 18. Maize, 18. | .. | More rain is needed. Condition of standing crops good on irrigated and average on unirrigated areas. |
| 10 | Ludhiana .. | 1·43 at Sadr .. 0·66 at Samrala. 0·60 at Jagraon. | 1. Scarcity of dry fodder is being felt in some villages of the Ludhiana tahsil. 2. (a) Sufficient. (b) Do. 3. Generally satisfactory. | Wheat, 15¾ .. Gram, 12. Barley, 18. Maize, 18. | .. | Condition of standing crops above normal. Sowings have been completed. |

| No. | Reporting Station. | Rain. | 1. Supply of fodder.<br>2. Water supply for—<br>(a) Drinking.<br>(b) Canal irrigation.<br>3. Condition of cattle. | Retail prices in seers per rupee. | Prospects of Spring. | Prospects of Autumn. |
|---|---|---|---|---|---|---|
| 11 | Ferozepore ... | 0·71 at Sadr ..<br>0·44 at Moga.<br>0·36 at Zira.<br>0·48 at Ferozepore City.<br>0·45 at Muktsar.<br>2·43 at Fazilka.<br>0·11 at Abohar.<br>No rain fell at other stations. | 1. Sufficient ...<br>2. (a) Do.<br>(b) Inundation and perennial canals are flowing with normal supply of water.<br>3. Generally good. | Wheat, 14 to 16..<br>Gram, 12 to 13.<br>Barley, 22 to 23. | ... | More rain is wanted Condition of standing crops average on irrigated and below average on unirrigated areas. |
| 12 | Lahore ... | 0·65 at Chunian..<br>0·96 at Kasur.<br>*Nil* at Sadr. | 1. Sufficient ..<br>2. (a) Do.<br>(b) Canals are flowing by rotation and the supply of water is adequate.<br>3. Generally good. | Wheat, 16¾.<br>Gram, 11 11/16.<br>Barley, 18¾. | ... | Rain was useful for standing crops but more is needed. Condition of standing crops average. Sowing of rice and fodder is in progress in Lahore tahsil. |
| 13 | Amritsar ... | 1·14 at Sadr ..<br>0·85 at Tarn Taran<br>1·20 at Ajnala. | 1. Sufficient ...<br>2. (a) Do.<br>(b) Canals are flowing by rotation and the supply of water is sufficient.<br>3. Good. | Wheat, 17½ ...<br>Gram, 12. | ... | Condition of standing crops average. Sowing of maize continues. |
| 14 | Gurdaspur .. | 0·12 at Sadr ..<br>0·13 at Batala.<br>0·27 at Pathankot.<br>*Nil* at Shakargarh | 1. Sufficient ...<br>2. (a) Do.<br>(b) Do.<br>3. Generally good. | Wheat, 18½.<br>Gram, 11½.<br>Barley, 24.<br>Rice, 10½.<br>Maize, 17½. | ... | More rain is needed. Condition of standing crops average on irrigated and below average on unirrigated areas. Rice crop in Chak Andhar and Pathanti Circles has been damaged by an insect called "Bhurer" in Pathankot tahsil. Sugarcane has been damaged by top borer in Pathankot, Shakargarh and Gurdaspur tahsils. |
| 15 | Sialkot ... | 0·25 at Sadr ...<br>0·15 at Pasrur.<br>No rain fell at other stations. | 1. Ample ...<br>2. (a) Sufficient.<br>(b) Upper Chenab canal with its branches is flowing.<br>3. Generally satisfactory. | Wheat, white, 16<br>Wheat, red, 16½.<br>Gram, 11.<br>Maize, 17.<br>Rice, ordinary, 11⅝. | | Condition of standing crops average on irrigated and below average on unirrigated areas. |
| 16 | Gujranwala .. | 0·18 at Sadr ..<br>1·01 at Hafizabad.<br>No rain fell at stations. | 1. Sufficient ...<br>2. (a) Do.<br>(b) Canals are flowing by rotation.<br>3. Generally satisfactory. | Wheat, 16 ...<br>Gram, 11.<br>Barley, 21.<br>Rice, 11. | ... | Rain is badly needed. Condition of standing crops average except rice crop in Gujranwala tahsil where it is below average owing to scarcity of rain. Sugarcane crop has also been reduced owing to damage done to it by insects (Kiri). Sowings are in progress in a few places. |
| 17 | Sheikhupura.. | 0·15 at Sadr ...<br>No rain fell at other stations. | 1. Sufficient except in Nankana Sahib tahsil.<br>2. (a) Sufficient.<br>(b) Canals are flowing by rotation.<br>3. Good. | Wheat, 19 ...<br>Gram, 13.<br>Barley, 22.<br>Rice, 10.<br>Maize, 19.<br>Jowar, 12.<br>Bajra, 18. | ... | Condition and expected yield of standing crops average. Sowing of rice and other crops is in progress. |

| No. | Reporting Station. | Rain. | 1. Supply of fodder.<br>2. Water supply for—<br>(a) Drinking.<br>(b) Canal irrigation.<br>3. Condition of cattle. | Retail prices in seers per rupee. | Prospects of Spring. | Prospects of Autumn. |
|---|---|---|---|---|---|---|
| 18 | Gujrat | 1·44 at Sadr ..<br>2·31 at Kharian.<br>1·57 at Phalia. | 1. Sufficient ..<br>2. (a) Do.<br>(b) Do.<br>3. Satisfactory. | Wheat, 17 ..<br>Gram, 12.<br>Barley, 20.<br>Maize, 14.<br>Bajra, 16.<br>Jowar, 16. | .. | More rain is needed. Condition of standing crops fair on irrigated and below average on unirrigated areas. |
| 19 | Shahpur | 0·38 at Sadr ..<br>0·20 at Nurpur.<br>0·20 at Naushahra.<br>0·25 at Bhera.<br>No rain fell at other stations. | 1. Sufficient ..<br>2. (a) Do.<br>(b) Lower Jhelum and Inundation canals are flowing with adequate supply of water.<br>3. Generally fair. | Wheat, 16 to 19..<br>Gram, 12 to 13.<br>Barley, 20.<br>Jowar, 16.<br>Bajra, 16 to 19.<br>Maize, 13 to 15. | .. | Rain was useful for standing crops. Condition of standing crops good on irrigated and average on unirrigated areas. Cotton is reported to have been damaged by *tela* in Sargodha tahsil. |
| 20 | Jhelum | 1·11 at Sadr ..<br>0·45 at Chakwal.<br>*Nil* at Pind Dadan Khan. | 1. Average with the exception of Phaphra and Thal circles of Pind Dadan Khan tahsil.<br>2. (a) Sufficient.<br>3. Generally average. | Wheat, 15¾ to 16¼<br>Gram, 12¼.<br>Barley, 18.<br>Bajra, 14. | .. | Rain was useful for standing crops. Condition of standing crops above average on irrigated and below average on unirrigated areas. |
| 21 | Rawalpindi | 2·48 at Sadr ..<br>3·25 at Gujar Khan.<br>3·23 at Kahuta.<br>0·48 at Murree. | 1. Sufficient ..<br>2. (a) Do.<br>3. Fair. | Wheat, 14 ..<br>Gram, 10¾.<br>Barley, 17.<br>Jowar, 20.<br>Maize, 16¾.<br>Bajra, 16. | .. | Under enquiry. |
| 22 | Attock | 3·32 at Sadr ..<br>0·80 at Talagang.<br>1·01 at Fatehjang.<br>1·27 at Hassanabdal.<br>No rain fell at other stations. | 1. Sufficient ..<br>2. (a) Do.<br>3. | 23 | Mianwali | *Nil* .. | 1. Sufficient except in Thal tract of Bhakkar tahsil.<br>2. (a) Sufficient except in Thal tract of Isakhel tahsil.<br>(b) Nammal canal in Mianwali is closed while Kurram Canal in Isakhel is flowing satisfactorily.<br>3. Fair. | Wheat, 16 ..<br>Gram, 11¾.<br>Barley, 17.<br>Jowar, 20.<br>Bajra, 16. | .. | Rain is badly needed. Condition of standing crops average on irrigated and average in Mianwali and below average in Isakhel tahsil on unirrigated areas. |
| 24 | Montgomery | *Nil* .. | 1. Generally sufficient<br>2. (a) Adequate.<br>(b) Do.<br>3. Satisfactory. | Wheat, 17 ..<br>Gram, 12¾. | .. | Condition of standing crops about average. Cotton is reported to have been affected by *tela*. Sowing of fodder continues. |
| 25 | Lyallpur | 0·25 at Sadr ..<br>0·77 at Toba Tek Singh.<br>No rain fell at other Stations. | 1. Sufficient ..<br>2. (a) Do.<br>(b) Canals are flowing satisfactorily.<br>3. Generally good. | Wheat, 17 ..<br>Gram, 12¼. | .. | Condition of standing crops on the whole normal. Sowing of fodder and maize is in progress. There is a complaint of *tela* to cotton crop. |

| No. | Reporting Station. | Rain. | 1. Supply of fodder. 2. Water supply for— (a) Drinking. (b) Canal irrigation. 3. Condition of cattle. | Retail prices in seers per rupee. | Prospects of Spring. | Prospects of Autumn. |
|---|---|---|---|---|---|---|
| 26 | Jhang .. | 0·17 at Sadr .. 0·09 at Shorkot. *Nil* at Chiniot. | 1. Green fodder is scarce. 2. (a) Sufficient. (b) Canals are flowing. 3. Fair. | Wheat, 19 .. Gram, 13. Jowar, 16. Bajra, 14. Maize 16. | .. | Condition of standing crops average. Sowing of til, jowar, bajra and pulses is in progress. |
| 27 | Multan .. | *Nil* .. | 1. Sufficient .. 2. (a) Do. (b) Lower Bari Doab canal is flowing regularly while perennial and non-perennial canals from Sutlej are flowing by rotation with inadequate supply of water. The Haveli Project canals are flowing but the zamindars are not satisfied with the sites of fixation and size of certain outlets and complain about inadequate supply of water on this account. 3. Good. | Wheat, 17½ .. Gram, 12¼. Barley, 21. Jowar, 19. Bajra, 16. Maize, 11¾. | .. | Condition of standing crops generally average except cotton in Lodhran tahsil and cotton and chari in Khanewal tahsil which are below average due to deficiency of canal water supply and damage by *tela* and insects, respectively. The extent of damage is 20, 40 and 75 per cent. respectively. Sowing of bajra, til, maize, jowar, etc., continues. |
| 28 | Muzaffargarh | *Nil* .. | 1. Available .. 2. (a) Do. (b) Chenab Canals are flowing with full supply of water while Indus canals are flowing by rotation. 3. Generally average. | Wheat, 21 .. Gram, 13½. Barley, 21. Jowar, 18. Bajra, 18. Rice, 13½. | .. | Condition of standing crops average. Sowings have been completed except in Leiah and Alipur tahsils where they continue. |
| 29 | Dera Ghazi Khan | *Nil* .. | 1. Sufficient except in Pachadh tracts. 2. (a) Do. (b) All the canals except Massuwah and Dhingana are flowing with sufficient supply of water. 3. Generally good. | Wheat, 20½ .. Jowar, 21. Bajra, 20. Gram, 15½. | .. | Condition and expected yield of standing crops average except unirrigated crops of Rajanpur tahsil which are below average. Sowings continue in Sanghar tahsil. |

## REMARKS

RAIN fell in parts of most districts (maximum in plains 3·91" at Jagadhri, Ambala district and minimum 0·05" at Thanesar, Karnal district). It was beneficial to standing crops but more rain is badly needed. Condition of standing crops (sugarcane, cotton, millets, fodder, etc.), is average to good on irrigated and below average to average on unirrigated areas. Insects are reported to have damaged sugarcane in parts of Gurdaspur and Gujranwala, jowar in parts of Hissar and rice in parts of Kangra and Gurdaspur. Cotton has been affected by *tela* in parts of Shahpur, Montgomery, Lyallpur and Multan. Sowing of autumn crops continues. Fodder is sufficient except in parts of some districts. Supplies of drinking and canal water are generally sufficient. Condition of cattle is generally fair except in Hissar. The daily average number of workers at test works in progress in Rohtak and Gurgaon was 28,816 and 10,811 respectively. Retail prices in seers per rupee are as follows :—

| | Wheat. | | Gram. | | Barley. | | | Corresponding prices of last year: Wheat. | | Gram. | | Barley. | |

No. 36. LAHORE, FRIDAY, SEPTEMBER 8, 1939.

## PART I.
## STATISTICAL.

**Weather and Crop Report for the week ending 8 a. m., Monday, the 4th September, 1939.**

This report deals with all the districts of the province.

| No. | Reporting Station. | Rain. | 1. Supply of fodder. 2. Water supply for— (a) Drinking. (b) Canal irrigation. 3. Condition of cattle. | Retail prices in seers per rupee. | Prospects of — Autumn. | Prospects of — Spring. |
|---|---|---|---|---|---|---|
| 1 | Hissar | 0·40 at Sirsa .. 0·26 at Fatehabad. 0·17 at Bhiwani. 0·20 at Budhlada. 0·20 at Siwani. No rain fell at other stations. | 1. There is great scarcity of fodder except in Nahri villages and in parts of Bhiwani tahsil where people are managing on present rabi and kharif crops. Green grass is available to a little extent at places where it has rained well. Arrangements have been made to distribute fodder taccavi in kind in the affected parts of the district. 2. (a) Drinking water is sufficient in Nahri villages but is growing scarce in barani and bagar tracts where rain is insufficient. (b) Perennial canals are flowing by rotation. Ghaggar canals flowed with no inundation. 3. Condition of cattle is poor for want of fodder. About 23,000 cattle are being maintained on fodder taccavi besides the cattle in the cattle concentration camp. | Wheat, 14 Gram, $11\frac{1}{2}$. Barley, 17. Jowar, 14. Bajra, $13\frac{1}{2}$. | Rain was useful for standing crops but more rain is needed. Condition of standing crops average on irrigated area. Most of the crops on unirrigated area in Hissar, Sirsa and Fatehabad tahsils have withered but crops in some villages of Naili tract in Sirsa tahsil and Budhlada tract of Hissar tahsil where there was some rain, are likely to improve a little if there is more rain soon. In Hansi tahsil crops are withering rapidly for want of rain while in Bhiwani tahsil the condition of crops in Bhiwani and Kairu circles is fair and in Sewani circle below average. In Hansi tahsil insects are reported to have damaged some of the cotton and jowar crops. In Fatehabad tahsil cotton crop is not bearing fruits due to draught, | .. |
| 2 | Rohtak .. | 0·65 at Sadr .. 0·12 at Gohana. No rain fell at other stations. | 1. Scarcity of fodder in unirrigated tracts continues. 2. (a) Drinking water in ponds of the barani villages has altogether been exhausted except in some villages of the southern side of Jhajjar tahsil round about Salhawas where it has rained. (b) Perennial canals are flowing by rotation and the supply of water is adequate. 3. Generally satisfactory. | Wheat, $13\frac{1}{2}$ Gram, $11\frac{1}{2}$. Barley, 16. Gochni, $12\frac{1}{2}$. Jowar, 13. Bajra, 13. | Condition of standing crops average on irrigated area. Crops on unirrigated area have withered altogether due to scarcity of rains except in a few villages of the southern side of Jhajjar tahsil where some crops were sown later. These crops are also poor. | .. |

| No. | Reporting Station. | Rain. | 1. Supply of fodder.<br>2. Water supply for—<br>(a) Drinking.<br>(b) Canal irrigation.<br>3. Condition of cattle. | Retail prices in seers per rupee. | Prospects of Autumn. | Prospects of Spring. |

| No. | Reporting Station. | Rain. | 1. Supply of fodder. 2. Water supply for— (a) Drinking. (b) Canal irrigation. 3. Condition of cattle. | Retail prices in seers per rupee. | Prospects of Autumn. | Prospects of Spring. |
|---|---|---|---|---|---|---|
| 11 | Ferozepore .. | 0·55 at Sadr .. 0·34 at Moga. 0·14 at Ferozepore City. 0·05 at Muktsar. 0·25 at Nathana. No rain fell at other stations. | 1. Sufficient .. 2. (a) Do. (b) Inundation and perennial canals are flowing with normal supply of water. 3. Generally good. | Wheat, 13 to 14.. Gram, 11 to 12 Barley, 22 to 23. | Rain was beneficial to standing crops, but more rain is badly wanted. Condition of standing crops average on irrigated and below average on unirrigated areas. | .. |
| 12 | Lahore .. | 0·10 at Sadr .. 0·38 at Kasur. 0·17 at Chunian.. | 1. Sufficient .. 2. (a) Do. (b) Canals are flowing by rotation and the supply of water is adequate. 3. Generally good. | Wheat, 13. Gram, $10\frac{1}{2}$. Barley, 17. | More rain is needed. Condition of standing crops average. | Sowing of toria and rapeseed is in progress. |
| 13 | Amritsar .. | 0·11 at Sadr .. 0·04 at Ajnala. *Nil* at Tarn Taran. | 1. Sufficient .. 2. (a) Do. (b) Canals are flowing by rotation and the supply of water is sufficient. 3. Fair. | Wheat, $14\frac{7}{8}$ Gram, $11\frac{3}{16}$. | Condition of standing crops good in Amritsar and Tarn Taran tahsils and average elsewhere on irrigated and good in Amritsar and average else where on unirrigated areas. | .. |
| 14 | Gurdaspur .. | 2·58 at Sadr .. 0·69 at Batala. 4·84 at Pathankot. 2·94 at Shakargarh | 1. Sufficient but scarcity of green fodder in being felt in barani areas. 2. (a) Sufficient. (b) Do. 3. Generally good. | Wheat, $17\frac{1}{4}$. Gram, $11\frac{1}{4}$. Barley, $21\frac{1}{2}$. | Rain was useful for standing crops. Condition of standing crops average on irrigated and below average on unirrigated areas. Rice crop in Chak Andhar and Pathanti Circles of the Pathankot tahsil has been damaged by "Bhurer". Sugarcane has been damaged by top borer in Pathankot and Gurdaspur tahsils. Chari and Sugarcane have been slightly damaged by insects in Shakargarh tahsil. | .. |
| 15 | Sialkot .. | 1·30 at Narowal. 0·55 at Pasrur. 0·03 at Daska. *Nil* at Sadr, | 1. Ample .. 2. (a) Sufficient. (b) Upper Chenab Canal with its branches is flowing. 3. Generally satisfactory. | Wheat, white, $13\frac{11}{16}$. Wheat, red, $14\frac{7}{8}$. Gram, $10\frac{3}{16}$. Maize, 16. Rice, ordinary, $11\frac{7}{16}$. | Condition of standing crops average on irrigated and below average on unirrigated areas. | .. |
| 16 | Gujranwala .. | 0·04 at Ramnagar. No rain fell at other stations. | 1. Green fodder is running short in some places. 2. (a) Sufficient .. (b) Canals are flowing by rotation. 3. Generally satisfactory. | Wheat, $17\frac{1}{2}$ Gram, $12\frac{1}{2}$ Barley, 20. Rice, $11\frac{1}{2}$. | Scarcity of rain is adversely affecting the standing crops. Condition of standing crops about average to average on irrigated and below average to average on irrigated areas. | .. |
| 17 | Sheikhupura .. | 0·26 at Sadr .. 0·35 at Nankana Sahib. *Nil* at Shahdara. | 1. Green fodder is scarce. 2. (a) Sufficient. (b) Canals are flowing by rotation. 3. Good. | Wheat, $18\frac{1}{2}$ Gram, $12\frac{1}{2}$. Barley, 22. Rice, 10. Maize, 19. Jowar, 18. Bajra, 18. | Condition of standing crops average. | |

| No. | Reporting Station. | Rain. | 1. Supply of fodder. 2. Water supply for— (a) Drinking. (b) Canal irrigation. 3. Condition of cattle. | Retail prices in seers per rupee. | Prospects of Autumn. | Prospects of Spring. |
|---|---|---|---|---|---|---|
| 18 | Gujrat .. | *Nil* .. | 1. Sufficient .. 2. (a) Do. (b) Satisfactory. 3. Generally good. | Wheat, 16 .. Gram, 11. Barley, 18. Jowar, 14. Bajra, 14. Maize, 14. | Rain is badly wanted. Condition of standing crops fair on irrigated and below average on unirrigated areas. | .. |
| 19 | Shahpur .. | 0·41 at Midhranjha. 0·42 at Bhera. 0·35 at Bhalwal. No rain fell at other stations. | 1. Sufficient .. 2. (a) Do. (b) Lower Jhelum canal is flowing with adequate supply of water. 3. Generally fair. | Wheat, 15 to 18.. Gram, 12 to 13. Barley, 18 to 20. Jowar, 15 to 18. Bajra, 16 to 17. Maize, 12 to 17. | Rain was beneficial to standing crops. Condition of standing crops fair to good. Cotton is reported to have been damaged by *tela* in Sargodha tahsil. | .. |
| 20 | Jhelum .. | 0·91 at Pind Dadan Khan. No rain fell at other Stations. | 1. Average except in Thal and Phaphra circles of Pind Dadan Khan tahsil. 2. (a) There is some deficiency of water in some parts of Pind Dadan Khan tahsil. 3. Generally average. | Wheat, 13 to 14 Gram, 11. Barley, 17. Bajra, 14. | Rain in needed. Condition of standing crops good on irrigated and average on unirrigated areas. | .. |
| 21 | Rawalpindi .. | 1·45 at Gujar Khan. 0·21 at Kahuta. 0·13 at Murree. *Nil* at Sadr. | 1. Sufficient .. 2. (a) Do 3. Fair. | Wheat, 13 Gram, 10 Barley, 16⅜ Maize, 14. Bajra, 14. Jowar, 22. | .. Condition of standing crops below average. | |
| 22 | Attock .. | 1·80 at Talagang 2·00 at Pindigheb. 0·36 at Fatehjang. 0·89 at Hassanabdal. No rain fell at other stations. | 1. Sufficient .. 2. (a) Do. 3. Generally satisfactory. | Wheat, 14½ Gram, 11. Barley, 18½. Maize, 17½. Jowar, 16. Bajra, 15. | .. Condition of standing crops average. | .. |
| 23 | Mianwali .. | *Nil* .. | 1. Sufficient except in Thal tract of Bhakkar tahsil and southern portion of Mianwali tahsil. 2. (a) Sufficient excepting Thal tract of Isakhel tahsil. (b) Nammal Canal in Mianwali is closed while Kurram Canal in Isakhel was closed by intervals for annual silt clearance. 3. Generally fair. | Wheat, 14½ Gram, 11. Barley, 17. Jowar, 17. Bajra, 15. | .. Rain is badly needed. Condition of standing crops average on irrigated and below average on unirrigated areas. Sowings have commenced late in Bhakkar tahsil. | |
| 24 | Montgomery.. | 0·07 at Okara .. 0·79 at Dipalpur. No rain fell at other stations. | 1. Generally sufficient 2. (a) Adequate. (b) Do. 3. Satisfactory. | Wheat, 16½ Gram, 12. | .. Condition of standing crops about average. Damage to cotton by *tela* is reported to have been increasing in the district. Sowing of fodder continues. | .. |
| 25 | Lyallpur .. | 0·54 at Jaranwala No rain fell at other stations. | 1. Sufficient .. 2. (a) Do. (b) Canals are flowing satisfactorily. 3. Generally good. | Wheat, 14½ Gram, 11½ | .. Condition of standing crops on the whole normal. There is a complaint of *tela* to cotton. Sowing of maize and fodder is in progress. | .. |

| No. | Reporting Station. | Rain. | 1. Supply of fodder. 2. Water supply for— (a) Drinking. (b) Canal irrigation. 3. Condition of cattle. | Retail prices in seers per rupee. | Prospects of: Autumn. | Prospects of: Spring. |
|---|---|---|---|---|---|---|
| 26 | Jhang .. | 1·82 at Chiniot .. No rain fell at other stations. | 1. There is scarcity of green fodder. 2. (a) Sufficient. (b) Canals are flowing. 3. Fair. | Wheat, 18 .. Gram, 12. Jowar, 14. Bajra, 14. Maize 16. | Condition of standing crops average. Sowing of til, jowar, bajra and pulses continues. | .. |
| 27 | Multan | 0·35 at Mailsi.. No rain fell at other stations. | 1. Sufficient .. 2. (a) Do. (b) Lower Bari Doab canal is flowing regularly while perennial and non-perennial canals from Sutlej are flowing by rotation with inadequate supply of water. The Haveli Project canals are flowing but the zamindars are not satisfied with sites of fixation and size of certain outlets and complain about inadequate supply of water on this account. 3. Good. | Wheat, 16 .. Gram, 11½. Barley, 20. Jowar, 19. Bajra, 16. Maize, 11¾. | Rain was useful for standing crops. Condition of standing crops generally average except cotton crop of Lodhran tahsil and cotton and chari crops of Khanewal tahsil, the condition of which is below average owing to deficiency of canal water-supply and attack of *tela* and insects, respectively. The extent of damage is reported to be 25, 40 and 75 per cent., respectively. Harvesting of chillies is in progress. Sowing of maize, bajra, til and pulses continues. | Sowing of toria and taramira is in progress. |
| 28 | Muzaffargarh | *Nil* .. | 1. Available .. 2. (a) Do. (b) Canals of the Chenab series are flowing with full supply of water but those of Indus series are flowing by rotation. 3. Generally average. | Wheat, 20 .. Gram, 13½. Barley, 21. Jowar, 18. Bajra, 18. Rice, 13½. | Condition of standing crops average. Sowings continue in Leiah tahsil. | |
| 29 | Dera Ghazi Khan. | 0·25 at Fort Munro. No rain fell at other stations. | 1. Sufficient except in Pachadh tracts. 2. (a) Do. (b) Canals with the exception of tail of Massuwah are flowing with sufficient supply of water. 3. Generally fair. | Wheat, 20½ Jowar, 21. Bajra, 20 Gram, 14. | Condition and expected yield of standing crops average except unirrigated crops of Rajanpur and Dera Ghazi Khan tahsils which are below average. There is a complaint of rice borer. Sowings continue. | Sowing of some crops has begun. |

## *REMARKS.*

Rain fell in parts of all districts of the province except Gujrat, Mianwali and Muzaffargarh (maximum in plains 4·84" at Pathankot, Gurdaspur district and minimum 0·02" at Karnal). It was useful for standing crops but more rain is badly needed especially for unirrigated crops in parts of the south-east. Condition of standing crops (sugarcane, cotton, millets, fodder, etc.), is average to good on irrigated and below average to average on unirrigated areas. Standing crops have been damaged by insects in parts of Hissar and Gurdaspur and rice in parts of Dera Ghazi Khan. *Tela* continues to affect cotton in parts of Shahpur, Montgomery, Lyallpur and Multan. Sowing of toria has commenced in a few districts. Fodder is sufficient except in parts of some districts. Supplies of canal and drinking water are generally sufficient. Condition of cattle is generally fair except in Hissar. The daily average number of workers at test works in progress in Rohtak and Gurgaon was 23,567 and 7,183, respectively. Retail prices in seers per rupee are as follows :—

No 37. LAHORE, FRIDAY, SEPTEMBER 15, 1939.

## PART I.

## STATISTICAL.

**Weather and Crop Report for the week ending 8 a. m., Monday, the 11th September, 1939**

This report deals with all the districts of the province.

| No. | Reporting Station. | Rain. | 1. Supply of fodder. 2. Water supply for— (a) Drinking. (b) Canal irrigation. 3. Condition of cattle. | Retail prices in seers per rupee. | Prospects of Autumn. | Prospects of Spring. |
|---|---|---|---|---|---|---|
| 1 | Hissar | 0·45 at Sadr .. 2·20 at Hansi. 0·65 at Budhlada. No rain fell at other stations. | 1. There is great scarcity of fodder in Sirsa, Fatehabad and barani areas of Hissar and Hansi tahsils. Fodder is available in Bhiwani except in some villages of Siwani circle. Green grass is available to a little extent at places where it has rained well. Arrangements have been made to distribute fodder taccavi in kind in the affected parts of the district. 2. (a) Drinking water is sufficient in Nahri villages but is growing scarce in bagar and barani tracts where rain has been insufficient. (b) Perennial canals are flowing by rotation. Ghaggar canals are dry. 3. Condition of cattle is poor for want of fodder. In Bhiwani tahsil it is reported to be better than before. About 20,500 cattle are being maintained on fodder taccavi besides the cattle in the cattle concentration camp. | Wheat, 12½ .. Gram, 11. Barley, 15. Jowar, 13. Bajra, 11½. | Condition of standing crops on irrigated area is average but in Hissar tahsil late sown chari and cotton crops are reported to have been damaged by insects and cotton crop is not bearing fruits for want of rain. On unirrigated area crops in Hissar, Sirsa and Fatehabad tahsils have withered but crops in some villages of the Naili tract in Sirsa tahsil and Budhlada tract of Hissar tahsil are improving on account of the recent rains. In Hansi tahsil condition of crops is below average, while it is fair in Bhiwani tahsil except some villages in Siwani circle where rain is badly needed. | .. |
| 2 | Rohtak | 0·18 at Sadr .. 0·98 at Gohana. 0·85 at Sampla. 0·88 at Jhajjar. 0·15 at Bere. No rain fell at other stations. | 1. Scarcity of fodder in unirrigated tracts continues. 2. (a) Drinking water in ponds of most of the barani villages has dried up. (b) Perennial canals are flowing by rotation and the supply of water is adequate. 3. Generally satisfactory. | Wheat, 12½ .. Gram, 11. Barley, 16. Gochni, 12. Jowar, 13. Bajra, 13. | Condition of standing crops average on irrigated area. Crops on unirrigated area have withered altogether due to scarcity of rain except in a few villages of the southern side of Jhajjar tahsil where some crops were sown later which are also poor. Jowar crop on irrigated area is reported to have been attacked by insects but no special damage is reported. | |

| No. | Reporting Station. | Rain. | 1. Supply of fodder.<br>2. Water supply for—<br>(a) Drinking.<br>(b) Canal irrigation.<br>3. Condition of cattle. | Retail prices in seers per rupee. | Prospects of Autumn. | Prospects of Spring. |
|---|---|---|---|---|---|---|
| 3 | Gurgaon .. | 1·91 at Sadr ..<br>1·10 at Farrukhnagar.<br>0·50 at Jatusana.<br>0·87 at Rewari.<br>0·34 at Khol.<br>0·79 at Touru.<br>1·60 at Nuh.<br>3·00 at Firozpur-Jhirka.<br>0·96 at Hassanpur.<br>0·81 at Hathin.<br>0·51 at Palwal.<br>1·10 at Sohna.<br>2·10 at Punahana.<br>0·2 8at Ballabgarh. | 1. Scarce except in Palwal and Ballabgarh tahsils.<br>2. (a) Sufficient in wells. Pools are dry in Nuh, Rewari and Gurgaon tahsils.<br>(b) Canals flowed in Ballabgarh, Palwal, Nuh and Firozpur-Jhirka tahsils.<br>3. Generally fair. | Wheat, 11½ to 12½<br>Gram, 11 to 12.<br>Barley, 15½.<br>Jowar, 13.<br>Bajra, 12. | Condition of standing crops average on irrigated and poor to below average on unirrigated areas. Sowing of chari and other fodder crops is in progress Scarcity of rain has badly affected the standing crops. | |
| 4 | Karnal .. | 1·09 at Sadr ..<br>0·35 at Panipat.<br>0·86 at Kaithal..<br>1·87 at Guhla.<br>0·95 at Thanesar.<br>*Nil* at Rajaund. | 1. Sufficient ..<br>2. (a) Do.<br>(b) Satisfactory.<br>3. Do. | Wheat, 13½ ..<br>Gram, 11½.<br>Barley, 17. | Condition of standing crops average on irrigated and below average on unirrigated areas. | |
| 5 | Ambala .. | 0·34 at Sadr ..<br>0·30 at Jagadhri.<br>1·13 at Naraingarh.<br>0·10 at Kharar.<br>0·03 at Rupar.<br>0·52 at Kasauli. | 1. Sufficient ..<br>2. (a) Do.<br>(b) Western Jumna canal is flowing.<br>3. Generally good. | Wheat, white, 14¾<br>Wheat red, 15.<br>Gram, 11¾.<br>Barley 16¾. | Condition of standing crops good on irrigated and average on unirrigated areas. | |

Condition of standing crops average on irrigated and below average on unirrigated areas. Rice crops in Chak Andhar and Pathanti of Pathankot tahsil has been damaged by " Bhurer ". | |
| 15 | Sialkot .. | 0·48 at Sadr ..<br>0·94 at Narowal.<br>1·00 at Pasrur.<br>1·91 at Daska. | 1. Ample ..<br>2. (a) Sufficient.<br>(b) Upper Chenab Canal with its branches is flowing.<br>3. Generally satisfactory. | Wheat, white, $13\frac{11}{16}$.<br>Wheat, red, $14\frac{7}{8}$.<br>Gram, $10\frac{3}{16}$.<br>Maize, 15.<br>Rice, ordinary, $11\frac{7}{16}$. | Condition of standing crops average on irrigated and below average on unirrigated areas. Picking of cotton is in progress in some parts of the district. Outturn is average on irrigated and below average on unirrigated areas. Sowing of maize continues in some parts. | Sowing of rape and turnips is in progress in some parts of the district. |
| 16 | Gujranwala .. | 1·57 at Sadr ..<br>1·90 at Wazirabad.<br>No rain fell at other stations. | 1. Sufficient ..<br>2. (a) Do.<br>(b) Canals are flowing by rotation.<br>3. Generally satisfactory. | Wheat, $15\frac{1}{2}$ ..<br>Gram, $10\frac{3}{4}$.<br>Barley, $17\frac{3}{4}$.<br>Rice, $11\frac{1}{2}$. | Condition of standing crops average on irrigated and below average to average on unirrigated areas. | |
| 17 | Sheikhupura .. | 0·04 at Sadr ..<br>0·12 at Shahdara.<br>*Nil* at Nankana Sahib. | 1. Sufficient except in Shahdara tahsil where scarcity of green fodder is reported.<br>2. (a) Sufficient.<br>(b) Canals are flowing by rotation.<br>3. Good. | Wheat, 16 ..<br>Gram, $11\frac{1}{2}$.<br>Barley, 20.<br>Rice, 9.<br>Maize, 17.<br>Jowar, 16.<br>Bajra, 16. | More rain is badly needed. Condition of standing crops good on irrigated and below average on unirrigated areas. Yied is expected to be normal on irrigated and below normal on unirrigated areas. Sowing of fodder is in progress in parts. | |

| No. | Reporting Station. | Rain. | 1. Supply of fodder. 2. Water supply for— (a) Drinking. (b) Canal irrigation. 3. Condition of cattle. | Retail prices in seers per rupee. | Prospects of Autumn. | Prospects of Spring. |
|---|---|---|---|---|---|---|
| 18 | Gujrat .. | 3·02 at Sadr .. 1·16 at Kharian *Nil* at Phalia. | 1. Sufficient .. 2. (a) Satisfactory. (b) Do. 3. Generally good. | Wheat, 15 .. Gram, 10. Barley, 18. Jowar, 14. Bajra, 14. Maize, 14. | Rain was useful for standing crops. Condition of standing crops average to good on irrigated and below average on unirrigated areas. | Sowing of turnips has begun. |
| 19 | Shahpur .. | 0·58 at Sadr .. No rain fell at other stations. | 1. Sufficient .. 2. (a) Do. (b) Lower Jhelum Canal is flowing with adequate supply of water. 3. Generally fair. | Wheat, 13 to 17.. Gram, 11 to 12¼. Barley, 18 to 20. Jowar, 14 to 20. Bajra, 16 to 18. Maize, 12 to 16. | Rain was beneficial to standing crops. Condition of standing crops average. Cotton has been damaged by *tela* in Sargodha tahsil. | .. |
| 20 | Jhelum .. | 2·49 at Sadr .. No rain fell at other stations. | 1. Average with the exception of Thal and Phaphra circles of Pind Dadan Khan tahsil. 2. (a) There is deficiency of drinking water in some parts of Pind Dadan Khan tahsil. 3. Generally average. | Wheat, 11 5/16 to 12 Gram, 10. Barley, 16. Bajra, 14. | Condition of standing crops good on irrigated and average on unirrigated areas. Crops on unirrigated area in Chakwal tahsil are withering for want of rain. | .. |
| 21 | Rawalpindi .. | 4·83 at Sadr .. 0·06 at Gujar Khan. 0·15 at Murree. *Nil* at Kahuta. | 1. Sufficient .. 2. (a) Do. 3. Generally fair. | Wheat, 13 .. Gram, 10. Barley, 15. Maize, 13. Bajra, 15. Jowar, 16. | Condition of standing crops below average. | .. |
| 22 | Attock .. | *Nil* .. | 1. Sufficient .. 2. (a) Do. 3. Generally satisfactory. | Wheat, 14 .. Gram, 10. Barley, 16. Maize, 14½. Jowar, 16. Bajra, 14. | Condition of standing crops average. | .. |
| 23 | Mianwali . | *Nil* .. | 1. Sufficient except in Thal tract of Bhakkar tahsil and southern portion of Mianwali tahsil. 2. (a) Sufficient excepting Thal tract of Isakhel tahsil. (b) Nammal Canal in Mianwali is closed. Kurram Canal is also closed for annual silt clearance. 3. Generally fair. | Wheat, 14 .. Gram, 11. Barley, 15½. Jowar, 16. Bajra, 14. | Condition of standing crops average on irrigated and below average on unirrigated areas. | .. |
| 24 | Montgomery .. | *Nil* .. | 1. Generally sufficient 2. (a) Adequate. (b) Do. 3. Satisfactory. | Wheat, 14½ .. Gram, 11½. | Condition of standing crops about average. Damage to cotton by *tela* is increasing except in Dipalpur tahsil. Sowing of fodder is in progress. | .. |
| 25 | Lyallpur .. | *Nil* .. | 1. Sufficient .. 2. (a) Do. (b) Canals are flowing satisfactorily. 3. Generally good. | Wheat, 15 .. Gram 12. | Condition of standing crops on the whole normal. Complaint of *tela* to cotton crops continues. Sowing of fodder is in progress. | .. |

| No. | Reporting Station. | Rain. | 1. Supply of fodder. 2. Water supply for— (a) Drinking. (b) Canal irrigation. 3. Condition of cattle. | Retail prices in seers per rupee. | Prospects of Autumn. | Prospects of Spring. |
|---|---|---|---|---|---|---|
| 26 | Jhang .. | *Nil* .. | 1. Green fodder is scarce. 2. (a) Sufficient. (b) Canals are flowing. 3. Fair. | Wheat, 15 .. Gram, 11. Jowar, 14. Bajra, 14. Maize 16. | Condition of standing crops average. Sowing of fodder continues. | Sowing of turnips is in progress. |
| 27 | Multan .. | *Nil* .. | 1. Sufficient .. 2. (a) Do. (b) Lower Bari Doab canal is flowing regularly while perennial and non-perennial canals from Sutlej are flowing by rotation with inadequate supply of water. The Haveli Project canals are also flowing but the zamindars are not satisfied with sites of fixation and size of certain outlets and they complain about inadequate supply of water on this account. 3. Good. | Wheat, 14½ .. Gram, 11. Barley, 17¾. Jowar, 19. Bajra, 15. Maize, 8. | Condition of standing crops generally average except cotton crop of Lodhran tahsil and American cotton and chari crops of Khanewal tahsil, which are below average owing to deficiency of canal water-supply and attack of *tela* and insects, respectively. The extent of damage is reported to be 25, 40 and 75 per cent., respectively. Harvesting of chillies is in progress. Outturn is generally normal. Sowing of jowar, bajra, maize, mash and til continues. | Sowing of toria continues. |
| 28 | Muzaffargarh | *Nil* .. | 1. Sufficient .. 2. (a) Do. (b) Canals of the Chenab series are flowing with full supply of water while those of the Indus are flowing by rotation with the exception of Maggassin canal which is flowing rather low causing damage to rice crop. 3. Average. | Wheat, 18 .. Gram, 13½. Barley, 21. Jowar, 16. Bajra, 16. Rice, 13½. | Condition of standing crops average. Harvesting of rice crop is in progress. Outturn is normal. | .. |
| 29 | Dera Ghazi Khan. | *Nil* .. | 1. Sufficient except in Pachadh tracts. 2. (a) Do. (b) All canals except Massuwah are flowing with sufficient supply of water. 3. Generally good. | Wheat, 16½ .. Jowar, 20. Bajra, 18 Gram, 12½. | Condition and expected yield of standing crops average excepting unirrigated crops of Rajanpur tahsil which are below average. There is a complaint of rice borer in Dera Ghazi Khan tahsil. | Sowing of toria is in progress. |

### *REMARKS*

Rain fell in parts of most districts (heaviest in plains 7·87" at Shakargarh, Gurdaspur district and lightest 0·03" at Rupar, Ambala district). It was benificial to standing crops but more rain is needed. Condition of standing crops (sugarcane, cotton, millets, fodder, etc.), is average to good on irrigated and below average to average on unirrigated areas. Insects have damaged crops in parts of Hissar, Gurdaspur and Dera Ghazi Khan. *Tela* continues to damage cotton in parts of Shahpur, Montgomery, Lyallpur and Multan. Sowing of toria continues in a few districts. Fodder is sufficient except in parts of some districts. Supplies of drinking and canal water are generally sufficient. Condition of cattle is generally fair except in Hissar. The daily average number of workers at test works in progress in Rohtak and Gurgaon was 13,969 and 5,913, respectively. Retail prices in seers per rupee are as follows :—

## PART I.
## STATISTICAL.

**Weather and Crop Report for the week ending 8 a. m., Monday, the 18th September, 1939.**
This report deals with all the districts of the province.

| No. | Reporting Station. | Rain. | 1. Supply of fodder. 2. Water supply for— (a) Drinking. (b) Canal irrigation. 3. Condition of cattle. | Retail prices in seers per rupee. | Prospects of Autumn. | Prospects of Spring. |
|---|---|---|---|---|---|---|
| 1 | Hissar .. | 0·63 at Budhlada. 0·24 at Siwani. No rain fell at other stations. | 1. There is a scarcity of fodder in Sirsa, Fatehabad and barani tracts of Hissar and Hansi tahsils. Fodder is available in Bhiwani excepting some 37 villages of Siwani circle where the crops have dried up for want of timely rains. Green grass is available in some places where it has rained. Arrangements have been made to distribute fodder taccavi in the affected parts of the district. 2. (a) Drinking water is sufficient in Nahri villages but is scarce in bagar and barani tracts where rain has been insufficient. (b) Perennial canals are flowing by rotation. Ghaggar canals are flowing in bed. 3. Condition of cattle is poor for want of fodder except in most parts of Bhiwani tahsil where they are improving. About 20,500 cattle are being maintained by Government on fodder taccavi besides the cattle in the cattle concentration camp. Arrangements are being made to dispose of the remaining animals in the cattle concentration camp. | Wheat, 13. Gram, 11½. Barley, 17. Jowar, 13. Bajra, 12½. | Condition of standing crops average on irrigated area but in Hissar and Fatehabad tahsils cotton crop is not bearing fruits in full due to dearth of rain. Early sown chari in Hissar tahsil has been damaged by insects. Unirrigated crops in Hissar, Sirsa and Fatehabad tahsils have withered, but crops in some villages of Naili tract of Sirsa tahsil and Budhlada tract of Hissar tahsil are improving on account of the recent rains. Condition of crops in Hansi tahsil is much below average but the standing crops in places where it has rained recently are likely to improve. Crops are fair in Bhiwani tahsil except in some 37 villages of Siwani circle where crops have been ruined. | .. |
| 2 | Rohtak .. | 0·95 at Sadr .. 1·18 at Gohana. 1·16 at Jhajjar. 0·28 at Beri. 1·30 at Sonepat. No rain fell at other stations. | 1. Scarcity of fodder in unirrigated tracts continues. 2. (a) Drinking water for cattle in ponds in some of the barani villages is still insufficient. (b) Perennial canals are flowing by rotation and the supply of water is adequate. 3. Generally satisfactory. | Wheat, 12½. Gram, 11. Barley, 16. Gochni, 12. Jowar, 13. Bajra, 13. | .. Condition of standing crops average on irrigated area. Unirrigated crops have withered altogether due to scarcity of rain except in a few villages of the southern side of Jhajjar tahsil where some crops were sown later which are also poor. Picking of cotton and harvesting of bajra have commenced. Their outturn is about average. Jowar crop is reported to have been damaged to some extent by insects. | |

| No. | Reporting Station. | Rain. | 1. Supply of fodder.<br>2. Water supply for—<br>(a) Drinking.<br>(b) Canal irrigation.<br>3. Condition of cattle. | Retail prices in seers per rupee. | Prospects of — Autumn. | Prospects of — Spring. |
|---|---|---|---|---|---|---|

| 23 | Mianwali .. | 0·39 at Sadr ..<br>0·43 at Isakhel.<br>0·20 at Bhakkar. | 1. Fodder is scarce in Thal tracts of Bhakkar and Mianwali tahsils. In Thal tract of Mianwali its scarcity is being felt acutely. Elsewhere it is sufficient.<br>2. (a) Sufficient excepting Thal tract of Isakhel tahsil.<br>(b) Nammal Canal in Mianwali is closed. Kurram Canal in Isakhel tahsil is also closed for silt clearance.<br>3. Generally fair. | Wheat, 15 ..<br>Gram, 11.<br>Barley, 15½.<br>Bajra, 14.<br>Jowar, 16. | Rain was useful for standing crops. Condition of standing crops average on irrigated and below average rather poor on unirrigated areas. | Sowing of pulses has commenced in the river ain tract of Mianwali tahsil. |
| 24 | Montgomery .. | 0·02 at Sadr ..<br>0·02 at Dipalpur.<br>No rain fell at other stations. | 1. Generally sufficient<br>2. (a) Adequate.<br>(b) Do.<br>3. Satisfactory. | Wheat, 15 ..<br>Gram, 11½. | Condition of standing crops about average. Damage to cotton by *tela* is reported to have been increasing in the district. Sowing of fodder continues. | |
| 25 | Lyallpur .. | 0·15 at Sadr ..<br>0·23 at Jaranwala<br>No rain fell at other stations. | 1. Sufficient ..<br>2. (a) Do.<br>(b) Canals are flowing satisfactorily.<br>3. Generally good. | Wheat, 14 ..<br>Gram, 10½. | Condition of standing crops on the whole normal. Picking of Desi cotton has commenced. There is a complaint of *tela* to cotton crop. Sowing of fodder is in progress. | Sowing of toria has commenced. |

| No. | Reporting Station. | Rain. | 1. Supply of fodder.<br>2. Water supply for—<br>(a) Drinking.<br>(b) Canal irrigation.<br>3. Condition of cattle. | Retail prices in seers per rupee. | Prospects of — Autumn. | Prospects of — Spring. |
|---|---|---|---|---|---|---|
| 26 | Jhang .. | 0·03 at Sadr ..<br>0·33 at Shorkot.<br>0·24 at Chiniot. | 1. Green fodder is scarce.<br>2. (a) Sufficient.<br>(b) Canals are flowing.<br>3. Generally fair. | Wheat, 15 ..<br>Gram, 11.<br>Jowar, 13.<br>Bajra, 13.<br>Maize, 15. | Condition of standing crops average. | Sowing of toria, taramira, turnips, gram, etc., continues. |
| 27 | Multan | *Nil* .. | 1. Sufficient ..<br>2. (a) Do.<br>(b) Lower Bari Doab canal is flowing regularly while perennial and non-perennial canals from Sutlej are flowing by rotation with inadequate supply of water. The Haveli Project canals are also flowing but the zamindars are not satisfied with sites of fixation and size of certain outlets and they complain about inadequate supply of water on this account.<br>3. Good. | Wheat, $15\frac{5}{8}$ ..<br>Gram, 11.<br>Barley, 18.<br>Jowar, 19.<br>Bajra, 15.<br>Maize, $10\frac{3}{16}$. | Condition of standing crops generally average except cotton crop of Lodhran tahsil and American cotton and chari crops of Khanewal tahsil, the condition of which is below average owing to deficiency of canal water supply and attack of *tela* and insects, respectively. The extent of damage is reported to be 25, 40 and 75 per cent., respectively. Picking of chillies continues. | Sowing of toria continues. |
| 28 | Muzaffargarh | *Nil* .. | 1. Available ..<br>2. (a) Do.<br>(b) Canals of the Chenab series are running full but those of the Indus series are flowing by rotation with the exception of the Maggasin canal which is flowing rather low.<br>3. Generally average. | Wheat, 16 ..<br>Gram, $12\frac{1}{8}$.<br>Barley, $18\frac{7}{8}$.<br>Jowar, 20.<br>Bajra, $16\frac{3}{16}$.<br>Rice, $13\frac{1}{2}$. | Condition of standing crops average but in Alipur tahsil damage to rice by rice borer is being reported. The rice crops is being harvested with outturn below the normal. Sowings continue in Leiah tahsil. | |
| 29 | Dera Ghazi Khan. | 0·03 at Sadr ..<br>No rain fell at other stations. | 1. Sufficient except in Pachadh tracts.<br>2. (a) Do.<br>(b) All canals except Massuwah tail are flowing with sufficient supply of water.<br>3. Generally good. | Wheat, $20\frac{1}{2}$ ..<br>Jowar, 21.<br>Bajra, 20<br>Gram, 14. | Condition and expected yield of standing crops average except unirrigated crops of Rajanpur tahsil which are below average. There is a complaint of rice borer in Dera Ghazi Khan tahsil. | |

REMARKS

RAIN fell in parts of all districts of the province except Gurdaspur, Multan and Muzaffargarh (maximum 10·4" at Hassanpur, Gurgaon district and minimum 0·02" at Montgomery). It proved useful for standing crops, but more rain is needed. Condition of standing crops (sugarcane, cotton, millets, fooder, etc), is average to good on irrigated and below average to average on unirrigated areas. Crops have been damaged by insects in parts of Hissar, Rohtak, Multan, Muzaffargarh and Dera Ghazi Khan. *Tela* continues to damage cotton in parts of Montgomery, Lyallpur and Multan. Sowing of toria continues and that of gram has commenced in few districts. Picking of cotton and harvesting of other autumn crops have commenced. Fodder is sufficient except in parts of some districts. Supplies of drinking and canals water are generally sufficient. Condition of cattle is generally fair except in Hissar. Retail prices in seers per rupee are as follows:—

KATTI RAM,
SUPERINTENDENT,
Office of Director of Land Records, Punjab.

# Notes on the condition and prospects of crops, etc., in each district of the Punjab for the month of August, 1939.

## 1.—Hissar District.

Rainfall was just nominal and quite uneven. It is still wanted very badly. Sowing of chari, jowar, bajra and gowar continued during the first half of the month in places where there was a rain. The condition of the standing irrigated kharif crops is average. In Sirsa tahsil an insect called "Dhokha" damaged the rice crop to some extent. Unirrigated crops in Fatehabad, Sirsa and Hissar tahsils have been spoiled by the protracted drought. In Hansi and Bhiwani tahsils too they are likely to meet the same fate if the rains are delayed any further. The condition of cattle is poor due to scarcity of fodder in the district except in nahri ilaqa where people manage on rabi and kharif crops. Arrangements have been made to distribute fodder taccavi in kind and thereby Government maintains about 23,000 cattle besides the cattle in the cattle concentration camp where they number about 1,200. No cattle disease was reported during the month. Public health was generally good during the month. Perennial canals went on running by rotation. The Ghaggar canals flowed with no inundation, although they did a little of it during the first week of the month. Famine relief work is in progress in 13 centres. Prices of foodstuffs tend to rise.

## 2.—Rohtak District.

Rain at Rohtak 0·75, Gohana 1·65, Jhajjar 1·01, Beri 0·20 and Sonepat 0·25 inches. More rain is badly wanted. No sowing of any kind took place on account of scarcity of rain except of jowar in a few villages where there was a light shower. Condition of irrigated sugarcane, cotton, jowar and bajra is average while unirrigated jowar, bajra and other crops have withered altogether except in some villages on the southern side of Jhajjar tahsil where some late sowings were possible owing to some rainfall in August. Scarcity of fodder in the unirrigated tracts of the district continues. Foot-and-mouth disease continues in some villages of the district. The general condition of cattle in the nahri area is, on the whole, satisfactory while that in barani areas is poor on account of deficiency of fodder. Public health has been satisfactory during the month. Supply of canal water has been adequate. Water in ponds of most of the barani villages has dried up.

## 3.—Gurgaon District.

During the month under report rainfall varied from 0·41 to 4·50 inches at various places in the district. It helped in nourishing the standing kharif crops. The rainfall was above average at Hassanpur only, while at other places it was below average. More rain is urgently needed. Weather remained generally hot. Condition of the standing crops, i.e., sugarcane, cotton, chari, jowar, bajra, gowar, mung and mash was below average to average on irrigated and poor on unirrigated areas on account of scarcity of rain. Generally crops on unirrigated areas have dried up due to lack of rain. Kutra has also caused some damage to the standing kharif crops in the Gurgaon tahsil. Food-grains are available except in Nuh tahsil. Fodder was also scarce in the district except Palwal and Ballabgarh tahsils. Drinking water was sufficient in wells both for human beings and cattle. Pools are generally dry due to lack of rain. Condition of cattle generally remained fair. Scarcity of fodder has affected them. Foot-and-mouth disease was also reported from a few villages of the district. Canal flowed in Nuh, Firozpur-Jhirka, Ballabgarh and Palwal tahsils by rotation. Supply of water was insufficient. General state of public health remained satisfactory.

## 4.—Karnal District.

Rainfall during the month under report proved beneficial to the kharif standing crops, but more rain is badly needed. The condition of the standing kharif crops is average on irrigated and below average on unirrigated areas. The condition of cattle is satisfactory on the whole, but outbreak of foot-and-mouth and rinderpest diseases has been reported from some villages of Karnal, Panipat, Kaithal and Thanesar tahsils respectively. Public health is satisfactory but malaria is reported to be prevalent in some villages in the district. Canals worked satisfactorily. Prices are stationary.

## 5.—Ambala District.

Rain was below average throughout the district and is wanted in a few tracts of the district. No sowing. The condition of standing crops is good on irrigated and average on unirrigated areas. Only china crop was harvested. Yield was normal. Maize crop is also being harvested. Condition of cattle was generally satisfactory. The state of public health is also satisfactory, but malaria fever is prevailing in the villages. Western Jumna Canal is flowing with adequate supply of water. The prices are almost stationary.

### 6.—SIMLA DISTRICT.

Condition of standing crops in Simla tahsil was average and in Kotkhai nearly good. Condition of cattle on the whole is good but foot-and-mouth disease is spreading in certain villages of Kotkhai and Simla tahsils and "Enthorax" disease is also spreading in Kotkhai tahsil. The diseased animals are under veterinary treatment in Kotkhai tahsil. One cattle has died in village Gadhon and ten in village Kirti. Public health was good. Water in hill streams was sufficient.

### 7.—KANGRA DISTRICT.

Rainfall during the month was much below the average. It was beneficial to standing crops. No sowings were made during the month. The condition of standing crops except rice on unirrigated area is fair. Paddy crop in some tikkas of Kangra tahsil has been damaged by insects. Cattle are in fair condition. Fodder is sufficient. Foot-and-mouth, hæmorrhagic septicæmia and rinderpest diseases existed in some parts of the district. Public health is fair. Smallpox complaint is reported from two villages of Nurpur and one village of Dehra tahsil. There has been also a complaint of malaria fever in some parts of the district. Water in streams and kuhls was sufficient for irrigation purposes. Prices are stationary.

### 8.—HOSHIARPUR DISTRICT.

The rainfall was below the average at all the rain-guage stations in the district except Tanda and Garhshankar where it was above the average. The scarcity of rainfall is being felt. The rain during the first and last weeks of the month was not widespread No sowings took place during the month. The scarcity of rain has adversely affected the standing crops. The condition of irrigated crops is good on the whole while that of unirrigated crops is below the average. If there is no rain in the near future the crops will suffer. Throat and foot-and-mouth diseases among cattle are reported from a few villages of the district ; otherwise the livestock are generally in good condition. Public health is good on the whole. Shahnahr remained flowing during the month. There was a slight rise in the prices of food-grains.

### 9.—JULLUNDUR DISTRICT.

Rainfall was below average throughout the district. Sowing of maize continued throughout the month. Condition of the standing irrigated crops is good and that of unirrigated is average. No important crop has been harvested during the month under report. Cattle are generally in good condition but stray cases of foot-and-mouth and throat diseases have been reported from tahsils Jullundur, Phillaur and Nawanshahr. Public health is generally good but stray cases of smallpox have been reported from tahsils Phillaur and Nawanshahr.

### 10.—LUDHIANA DISTRICT.

The sowing of kharif crop completed during the month. The season is fair. The condition and expected yield of the standing crops is average on irrigated and below average on unirrigated areas. The condition of cattle remained satisfactory on the whole. The public health was generally satisfactory. Sirhind canal has been flowing regularly.

### 11.—FEROZEPORE DISTRICT.

Rainfall was beneficial to the standing crops but more rain is badly needed. Condition of standing crops is average on irrigated and below average on unirrigated areas. Season is very hot. Condition of cattle is generally good. Fodder and drinking water are sufficient. Public health is generally good.

### 12.—LAHORE DISTRICT.

There was some rainfall throughout the district during the month under report. Maize, fodder, toria and sarshaf are being sown. The condition of standing crops is average. General condition of the cattle, on the whole, remained satisfactory. With the exception of malaria reported from Lahore tahsil, the general condition of public health is good. Canals remained working by rotation. The water supply was adequate.

### 13.—AMRITSAR DISTRICT.

The rainfall during the month was below average. More rain is badly needed The condition and expected yield of standing crops is average on the whole. Sowing of rice, til, maize and fodder is going on. The condition of cattle is fair. Public health is fair. Canals are working by rotation and the supply is sufficient.

14.—GURDASPUR DISTRICT.

The rainfall during the month was below average in all the tahsils. Sowing of rice is in progress in Batala tahsil only. The condition of the standing crops is reported to be average in the irrigated and below average in unirrigated areas. Recent rains have benefited the crops to some extent. Insects are reported to have caused slight damage to the sugarcane crop in the Pathankot and Gurdaspur tahsils, and the rice crop in the Chak Andhar and Pathanti circles in the Pathankot tahsil has been damaged by "bhurer". The condition of cattle is generally good excepting a slight complaint of rinderpest and hæmorrhagic septicæmia reported in some villages of the Gurdaspur and Pathankot tahsils. Public health is generally good except for a complaint of smallpox in Batala tahsil and of malaria in Pathankot and Gurdaspur tahsils. Necessary preventive measures are being taken by the District Medical Officer of Health. Government canals are running and irrigating the land.

15.—SIALKOT DISTRICT.

Rainfall during the month under report in Narowal 3·64, Pasrur 3·36, Daska 2·07 and in Sialkot 1·84 inches, which was beneficial to the crops but more rain is badly needed. Sowing of rice, maize and chari continued in some parts of the district during the beginning of the month. Condition of standing crops is average on the irrigated and below average on the unirrigated areas. Condition of cattle is generally satisfactory, but there has been a complaint of rinderpest, smallpox, foot-and-mouth, hæmorrhagic septicæmia and lymphangitis epizootica diseases in certain villages in the district. Health is generally satisfactory but there is complaint of smallpox disease in village Kapurowali in the Sialkot tahsil and the District Medical Officer of Health was informed accordingly. Upper Chenab canal with its branches is running. Three ordinary floods in Deg nalah and two in the Ravi river came but to no effect.

16.—GUJRANWALA DISTRICT.

Rainfall was below average throughout the district. More rain is badly needed. Sowings of kharif crops remained in progress at a low rate. Condition of standing crops is generally about average to average on irrigated and below average to average on unirrigated lands. Sugarcane crop was damaged by 'kiri' in the Gujranwala tahsil resulting in the reduction of its yield. No important crop was harvested during the period under report. Condition of cattle is generally satisfactory except that in a few villages contagious fever, foot-and-mouth and 'pir' diseases were prevailing. Precautionary measures for the prevention of these diseases are being adopted by the department concerned. Bhusa is sufficient, while scarcity of green fodder is being felt in some places. State of public health is satisfactory with the exception that one death and seven cases from smallpox have been reported from village Miran Kot in the Hafizabad tahsil. Canals ran by rotation. There has been no complaint of insufficient supply of canal water.

17.—SHEIKHUPURA DISTRICT.

The rainfall during the month under report is as under :—

Sheikhupura 2·44, Shahdara 2·22, Nankana Sahib 2·00, inches. The recent rains are very light and heavy rains are badly wanted. Sowing of the maize for fodder is going on in wellirrigated areas in Shahdara tahsil. The season remained favourable. The condition of the standing crops in the canal zone is reported to be good. The outturn on the irrigated areas is expected to be normal, while on the unirrigated areas it is expected to be quite below the normal. The public health and the condition of the cattle is reported to be good. Canals kept running rotationally.

18.—GUJRAT DISTRICT.

There was moderate rainfall varying from 4·24 to 4·94 inches. More rain is badly needed especially for unirrigated crops. The sowing of kharif crops was finished in the first fortnight. The condition of standing crops was average in the irrigated and below average in unirrigated areas. Nothing was harvested during the month. The cattle were generally in fair condition. Drinking water was also sufficient. There were no complaints of dry fodder. Green fodder was, however, deficient on account of the scarcity of rain. Public health was generally good. Canals remained flowing and there were no complaints regarding water supply. Stocks of foodstuffs were sufficient in markets and with the big zamindars. The prices have slightly risen owing to the scarcity of rains.

19.—SHAHPUR DISTRICT.

There was a good rainfall varying from 0·61 to 6·44 inches on all raingauge stations. It was peneficial to standing crops. Bajra and other fodder crops have been sown in this month. Condition of standing crops remained fair to good in all kinds of

soil. Cotton crop has been reported to be damaged by *tela* disease in Sargodha tahsil. No crop was harvested in this month. Cattle generally remained in fair condition. Fodder and drinking water were sufficient. Public health remained satisfactory. Lower Jhelum and inundation canals were flowing with adequate water supply. Rural development scheme remained in progress in Shahpur tahsil.

### 20.—JHELUM DISTRICT.

There was 5·72, 3·06 and 3·60 inches rainfall in Pind Dadan Khan, Jhelum and Chakwal tahsils, respectively, which proved beneficial to the standing crops but more rain is needed. No sowing was made during the month under report. Condition of crops is good in the irrigated area while below average in the unirrigated area. The condition of cattle is generally good. State of public health is generally good. Prices are generally stationary.

### 21.—RAWALPINDI DISTRICT.

The rainfall during the month was below average. The condition of standing crops is also below average. The yield is expected to be below normal. The condition of cattle is fair in Rawalpindi and Murree tahsils while blackquarter and hæmorrhagic septicæmia diseases are reported in some villages of Gujar Khan and Kahuta tahsils. The public health is generally good except in Kahuta and Gujar Khan tahsils where typhoid and malaria fevers are reported respectively. The prices are generally rising.

### 22.—ATTOCK DISTRICT.

The rain was below average in Fatehjang tahsil while it was above average in the other tahsils. It proved very beneficial to the standing crops. The condition of standing crops is good in the irrigated and average in the unirrigated areas. An average yield is expected. Condition of cattle is satisfactory on the whole, but in the few villages of the Attock and Fatehjang tahsils foot-and-mouth disease is reported. Public health is fair on the whole but nine cases and one death from smallpox and two cases and two deaths from diphtheria are reported during the month. Water is sufficient, fodder is available. Prices are dear in these days.

### 23.—MIANWALI DISTRICT.

Rainfall at Mianwali 0·87, at Isakhel 0·23, at Bhakkar *nil*. More rain is badly needed as kharif crops are withering. Sowings of kharif crops have now finished in Mianwali and Isakhel but have commenced late in Bhakkar tahsil. Condition of kharif crops is average on irrigated and below average on unirrigated areas. Condition of cattle has been generally fair. Shortage of fodder is being felt in Thal tract of Bhakkar tahsil, and southern portion of Mianwali tahsil. Public health remained satisfactory on the whole. Nammal canal in Mianwali remained closed while Kurram Canal in Isakhel watered lands satisfactorily.

### 24.—MONTGOMERY DISTRICT.

The recent rain has proved useful to standing crops in Dipalpur tahsil. Sowing of kharif fodder crops continued during the month under report. Condition of standing crops is about average. There was a general complaint of *tela* to cotton in the district. The condition of cattle is satisfactory. In certain villages the cattle suffered by hæmorrhagic septicæmia and foot-and-mouth diseases. The public health of the district remained satisfactory during the month under report. Smallpox was responsible for 10 cases and 9 deaths at 20 villages and the town of Pakpattan. All the places were visited by the staff and 197 primary and 2,192 re-vaccinations were performed. The disease is now under control and is gradually dying out. The Lower Bari Doab canal and Sutlej Valley Project canals have been flowing.

### 25.—LYALLPUR DISTRICT.

Rain at Toba Tek Singh is 0·77, at Smundri 0·18, at Lyallpur 2·18 and at Jaranwala 1·14 inches. Sowing of fodder is in progress. The condition of standing crops is on the whole normal. Due to paucity of rainfall complaint of *tela* to the cotton crop has been reported which is not very serious as yet. The condition of cattle is generally good except that there has been a complaint of *galghotu* in certain villages of Lyallpur and Jaranwala tahsils. Public health is generally good except that a case of cholera occurred in one village of Jaranwala tahsil. Also cases of smallpox were reported from certain villages of Samundri and Lyallpur tahsils. Canals are working satisfactorily.

26.—JHANG DISTRICT.

The rain was below average in Jhang and Shorkot tahsils and above average in Chiniot tahsil. *Tela* has attacked the crops in Jhang tehsil. Maize, jowar, bajra, til and mash are being sown. No crop was harvested during the month. There is a complaint of cattle disease in some villages of Jhang tahsil. No complaint about public health. Canals are working as usual.

27.—MULTAN DISTRICT.

Rain at Mailsi 0·35, though not sufficient, proved useful to the standing crops. Sowings of bajra, mash, maize, mung, gowar, chari, til, toria and taramira continued. Germination is good. Condition of standing crops is generally average except cotton crop of Lodhran tahsil and cotton and chari crops of Khanewal tahsil, the condition of which is below average owing to deficiency of canal water supply and attack of *tela* pest and insects respectively. The extent of damage was reported to be 25 per cent., 40 per cent., and 75 per cent., respectively. Harvesting of vegetables, chari and chillies continued. Outturn is generally average. Condition of cattle was good. Supply of fodder was generally sufficient. Thirty seven cases and 17 deaths from smallpox and enteric fever were reported from different parts of the district during the month; otherwise the district remained free from all other epidemics. Lower Bari Doab Canal was flowing regularly while perennial and non-perennial canals from Sutlej were running with inadequate supply of water. The Haveli Project canals were also flowing but the zamindars were not satisfied with sites of fixation and size of outlets and complained about inadequate supply of water on this account. Stocks of food-grains and drinking water are sufficient.

28.—MUZAFFARGARH DISTRICT.

No rain fell during the month. Mung, mash, til and jowar were sown. The condition of standing crops on both classes of soil was average. The indigo crop was harvested and the outturn per acre was normal on the whole. Complaints of hæmorrhagic septicæmia, smallpox, blackquarter and fever were reported from some parts of the district. Gram, fodder, white bhusa and grazing were available for cattle. Public health was fair. The canals of the Chenab series are running with an average supply of water but those of the Indus series are running by rotation. The Indus is high. Prices are rising.

29.—DERA GHAZI KHAN DISTRICT.

Rain at Dera Ghazi Khan 0·41 and Fort Munro 1·05 inches which was below average and was useful to the crops. Condition and expected yield of the standing crops are on the whole average except the unirrigated crops of the Rajanpur tahsil which are below average. The rice borer damaged the rice crop in the Dera Ghazi Khan tahsil and the damage was insignificant. There was complaint of *galghotu* disease in the Dera Ghazi Khan tahsil only; otherwise the condition of the cattle was fair on the whole. The fodder was sufficient except in Pachahd tracts. There was complaint of malaria fever in the Dera Ghazi Khan tahsil and of smallpox in one village of Rajanpur tahsil, otherwise the public health was good. All the canals except the tail of Massuwah are flowing with sufficient supply of water. The river inundation and flood from hill torrents were sufficient. Prices are stationary.

KATTI RAM,

SUPERINTENDENT,

*for* Director of Land Records, Punjab.

## PART I.
## STATISTICAL.

**Weather and Crop Report for the week ending 8 a. m., Monday, the 25th September, 1939.**

This report deals with all the districts of the province.

| No. | Reporting Station. | Rain. | 1. Supply of fodder. 2. Water supply for— (a) Drinking. (b) Canal irrigation. 3. Condition of cattle. | Retail prices in seers per rupee. | Prospects of Autumn. | Prospects of Spring. |
|---|---|---|---|---|---|---|
| 1 | Hissar | *Nil* | 1. There is a great scarcity of fodder in barani areas of Sirsa, Fatehabad, Hissar and Hansi tahsils and Bagar tracts of Bhiwani tahsil, *i.e.*, Siwani circle, where crops have dried up for want of timely rains. In other tracts of Bhiwani tahsil, it is available. Green grass is available in some places only where it has rained well. Arrangements have been made to distribute fodder *taccavi* in the affected parts of the district.<br>2. (*a*) Drinking water is sufficient in Nahri villages but is scarce in Bagar and barani tracts where rain was insufficient.<br>(*b*) Perennial canals are flowing by rotation. Ghaggar canals are flowing in the bed.<br>3. Condition of cattle is poor for want of fodder except in most of the Bhiwani tahsil where they are comparatively better. About 20,500 cattle are being maintained by Government on fodder *taccavi*. All the cattle in the cattle concentration camp have been disposed of at special *mela* (fair) from 17th to 20th September, 1939. | Wheat, 12 to 13<br>Gram, 11½.<br>Barley, 17.<br>Jowar, 13.<br>Bajra, 12½. | Condition of standing crops below average to average on irrigated area. Irrigated cotton and chari in Hissar tahsil and jowar crop in Hansi and Fatehabad tahsils have been damaged by insects. Cotton crop in Fatehabad tahsil is not bearing fruit in full for want of rain. Unirrigated crops in Fatehabad and Sirsa tahsils have completely withered away. In Hansi and Hissar tahsils crops are withering but they are a bit better in a few villages of the Hissar tahsil. Crops are below average in Bhiwani tahsil except some 37 villages in Siwani circle where the crops have been ruined for want of timely rains. | .. |
| 2 | Rohtak | 0·50 at Salhawas<br>No rain fell at other stations. | 1. Scarcity of fodder in unirrigated tracts continues.<br>2. (*a*) Drinking water for cattle in ponds in some of the barani villages is still insufficient.<br>(*b*) Perennial canals are flowing by rotation and the supply of water is adequate.<br>3. Generally satisfactory. | Wheat, 12½<br>Gram, 11.<br>Barley, 15½.<br>Gochni, 12.<br>Jowar, 13.<br>Bajra, 13. | Condition of standing crops average on irrigated area. Unirrigated crops have withered altogether but there was some rainfall in Jhajjar and Rohtak tahsils as a result of which the withered bajra crop which had not absolutely died has revived. The crops on the south of Jhajjar still survive on account of light showers. Picking of cotton and harvesting of bajra continue. Their outturn is about average. Jowar crop is reported to have been damaged to some extent by insects. | .. |

| No. | Reporting Station. | Rain | 1. Supply of fodder.<br>2. Water supply for—<br>(a) Drinking.<br>(b) Canal irrigation.<br>3. Condition of cattle. | Retail prices in seers per rupee. | Prospects of — Autumn. | Prospects of — Spring. |
|---|---|---|---|---|---|---|
| 3 | Gurgaon .. | 1·02 at Ballabgarh. No rain fell at other stations. | 1. There had been scarcity of fodder up to now in the whole of the district but the rains which fell during the first fortnight of this month have given some hopes and the green grass is available except in Rewari tahsil owing to insufficiency of rains.<br>2. (a) Available.<br>(b) Canals flowed in Ballabgarh tahsil only.<br>3. Generally satisfactory. | Wheat, $11\frac{1}{2}$ to 12<br>Gram, 11 to 12.<br>Barley, $15\frac{1}{2}$.<br>Jowar, 13.<br>Bajra, 12. | Condition of standing crops average on irrigated and below average on unirrigated areas. | .. |
| 4 | Karnal .. | 0·14 at Panipat.. No rain fell at other stations. | 1. Scarcity of fodder is reported from some parts of the district.<br>2. (a) Sufficient.<br>(b) Satisfactory.<br>3. Do. | Wheat, $13\frac{1}{2}$ ..<br>Gram, $10\frac{1}{2}$.<br>Barley, $16\frac{1}{2}$. | Rain is badly needed. Condition of standing crops average on irrigated and below average on unirrigated areas. | .. |
| 5 | Ambala .. | 0·04 at Kasauli.. No rain fell at other stations. | 1. Sufficient ..<br>2. (a) Do.<br>(b) Western Jumna canal is flowing.<br>3. Generally good. | Wheat, white, $13\frac{1}{2}$<br>Wheat, red, 14.<br>Gram, 11.<br>Barley $16\frac{1}{2}$. | Condition of standing crops good on irrigated and average on unirrigated areas. Harvesting of maize continues. Probable yield is normal. | .. |
| 6 | Simla .. | 0·04 at Sadr ..<br>*Nil* at Kotgarh. | 1. Sufficient ..<br>2. (a) Do.<br>(b) Water in hill streams is sufficient.<br>3. Generally good. | Wheat, $11\frac{5}{16}$ ..<br>Gram, 9.<br>Barley, 14.<br>Maize, 14.<br>Masur, 7.<br>Rice, ordinary, 8. | Condition of standing crops average in Simla and nearly good in Kot Khai tahsil. | .. |

Condition of standing crops average on irrigated and below average rather poor on unirrigated areas. | Sowing of pulses and barley continues in riverain tract of Mianwali. |
| 24 | Montgomery .. | *Nil* .. | 1. Generally satisfactory.<br>2. (a) Adequate.<br>(b) Do.<br>3. Satisfactory. | Wheat, 14 ..<br>Gram, 11. | Condition of standing crops average. *Te'a* to cotton crop is reported to have been increasing in the district. The cotton in Dipalpur tahsil has been slightly infected. | Sowing of toria and turnips continues. |
| 25 | Lyallpur .. | *Nil* .. | 1. Sufficient ..<br>2. (a) Do.<br>(b) Canals are flowing satisfactorily.<br>3. Generally good. | Wheat, 14 ..<br>Gram, 10. | Condition of standing crops on the whole normal. Picking of Desi cotton continues. Complaint of *te'a* to cotton continues in some parts. | Sowing of toria continues. |

| No. | Reporting Station. | Rain. | 1. Supply of fodder. 2. Water supply for— (a) Drinking. (b) Canal irrigation. 3. Condition of cattle. | Retail prices in seers per rupee. | Prospects of Autumn. | Prospects of Spring. |
|---|---|---|---|---|---|---|
| 26 | Jhang .. | Nil .. | 1. There is scarcity of green fodder. 2. (a) Sufficient. (b) Canals are flowing. 3. Fair. | Wheat, 15 .. Gram, 11. Jowar, 13. Bajra, 13. Maize, 15. | Condition of stand crops average. | Sowing of gram, toria, taramira, etc., continues. |
| 27 | Multan | Nil .. | 1. Sufficient .. 2. (a) Do. (b) Lower Bari Doab canal is flowing regularly while perennial and non-perennial canals from Sutlej are flowing by rotation. The Haveli Project canals are also flowing but the zamindars of Multan tahsil are reported to be not satisfied with sites of fixation and size of certain outlets and are complaining about inadequate supply of water on this account. 3. Good. | Wheat, 14½ .. Gram, 11. Barley, 18. Jowar, 19. Bajra, 16. Maize, 8. | Condition of standing crops generally average except cotton crop of Lodhran tahsil which is expected to be below average on account of deficient water supply. There is a complaint of *tela* to American cotton and of insects to chari which are reported to have been damaged to the extent of 40 and 75 per cent., respectively. Picking of chillies continues. Outturn is generally normal. | Sowing of toria, turnips, gram, etc., continues. |
| 28 | Muzaffargarh | Nil .. | 1. Sufficient .. 2. (a) Do. (b) Canals of the Chenab series are running with full water but those of the Indus series are flowing by rotation. 3. Generally average. | Wheat, 15½ .. Gram, 12. Barley, 18½. Jowar, 20. Bajra, 16 3/16. Rice, 12. | Condition of standing crops average. Harvesting of rice continues. Outturn is below normal. | Sowings are in progress on canal irrigated areas. |
| 29 | Dera Ghazi Khan. | Nil .. | 1. Sufficient except in Pachadh tracts. 2. (a) Do. (b) Massuwah is closed. Nurdhundi, Qutabdhundi and Qadra canals are flowing with sufficient and other canals with in sufficient supply of water. 3. Generally good. | Wheat, 17½ .. Jowar, 20. Bajra, 18. Gram, 13. | Condition and expected yield of standing crops average except unirrigated crops of Rajanpur tahsil which are below average. There is a complaint of rice borer in Dera Ghazi Khan tahsil. | Sowings are in progress. |

## REMARKS

Except for light rain in parts of a few districts weather remained dry. Rain is needed. Condition of standing crops (sugarcane, cotton, millets, fodder, etc) is generally average to good on irrigated and below average to average on unirrigated areas. Damage to crops by insects is reported from parts of Hissar, Rohtak, Multan and Dera Ghazi Khan. *Tela* continues to damage cotton in parts of Montgomery, Lyallpur and Multan. Sowing of toria and gram, picking of cotton and harvesting of other autumn crops continue. Fodder is sufficient except in parts of some districts. Supplies of drinking and canals water are generally sufficient. Condition of cattle is generally fair except in Hissar. The daily average number of workers at test works in progress in Rohtak and Gurgaon was 10,237 and 3,611 respectively. Retail prices in seers per rupee are as follows :—

Average percentage ratio of current to pre-war prices or unweighted index number =103.

Unweighted index number of wholesale prices for the first fortnight of September, 1938, was 99.

KATTI RAM,

SUPERINTENDENT,

## SUMMARY OF METEOROLOGICAL CONDITIONS PREVAILING OVER THE PUNJAB AND THE NORTH-WEST FRONTIER PROVINCE DURING THE MONTH OF JUNE, 1939.

*THREE western disturbances entered north-west India during the month. Of these the third did not affect the provinces. The first caused isolated showers in the Punjab hills on the 1st. The second caused in the east and north Punjab fairly widespread duststorms on the 5th and local thundershowers on the 6th, 7th and 8th.* Intermittent thundershowers occurred in the east and north Punjab between the 9th and 16th, the showers being fairly widespread from the 12th to the 14th. There was a temporary extension of the Arabian Sea branch of the monsoon into the east and north Punjab in the middle of the third week, and rain fell locally there with a few falls in the south-west Punjab on the 17th and 18th. The monsoon again extended into the Punjab on the 24th and local rain fell in the east and north Punjab with a few falls in the south-west Punjab and the North-West Frontier Province from the 24th till the end of the month.

The total rainfall of the month was generally in large defect in the North-West Frontier Province and Bahawalpur. It was also in slight defect in Ludhiana, in moderate defect in Rawalpindi and in excess elsewhere. Cloud amount was in defect in the North-West Frontier Province, Lyallpur and Montgomery, and normal or in excess elsewhere. Humidity was in defect at Parachinar and Drosh and normal or in excess elsewhere. Maximum temperature was generally normal or in defect except at Drosh where it was in excess. Minimum temperature was in defect at Hissar and Ambala and normal or in excess elsewhere.

## PART I.

## STATISTICAL.

**Weather and Crop Report for the week ending 8 a. m., Monday, the 2nd October, 1939.**

This report deals with all the districts of the province.

| No. | Reporting Station. | Rain. | 1. Supply of fodder. 2. Water supply for— (a) Drinking. (b) Canal irrigation. 3. Condition of cattle. | Retail prices in seers per rupee. | Prospects of Autumn. | Prospects of Spring. |
|---|---|---|---|---|---|---|
| | Hissar | Nil | 1. There is great scarcity of fodder in barani areas of Sirsa, Fatehabad, Hissar and Hansi tahsils and Bagar tract of Bhiwani tahsil, *i.e.*, Siwani circle, where crops have dried up for want of rains. In other parts of Bhiwani tahsil, fodder is available. Arrangements have been made to distribute fodder taccavi in kind in the affected parts of the district. 2. (a) Drinking water is sufficient in Nahri villages but it is scarce in Bagar and barani tracts where rain was insufficient. (b) Perennial canals are flowing by rotation. Ghaggar canals are flowing in the bed. 3. Condition of cattle is poor for want of fodder except in most of Bhiwani tahsil where they are comparatively better. About 20,500 cattle are being maintained by Government on fodder taccavi. | Wheat, 11½ to 12½ Gram, 11. Barley, 17. Jowar, 13 Bajra, 12. | Rain is badly wanted. Condition of standing crops below average to average on irrigated areas. Jowar crop in Hansi and Fatehabad tahsils has been damaged by insects. Cotton crop in Fatehabad tahsil is not bearing fruit in full for want of rain. Unirrigated crops in Fatehabad and Sirsa tahsils have completely withered away. In Hansi and Hissar tahsils crops are withering but they are a bit better in a few villages of Hissar where there was some rain. Crops are below average in Bhiwani tahsil except in Siwani circle and villages round about Tosham where the crops have been ruined for want of timely rains. | .. |
| | Rohtak | Nil | 1. Scarcity of fodder in unirrigated tracts continues. 2. (a) Drinking water for cattle in ponds of barani villages is insufficient. (b) Perennial canals are flowing by rotation and the supply of water is adequate. 3. Generally satisfactory. | Wheat, 12½ Gram, 11. Barley, 15½. Gochni, 12. Jowar, 13. Bajra, 12. | Condition of standing crops average on irrigated area. Crops on unirrigated area have withered altogether except in a few villages on the southern side of Jhajjar tahsil where they survive. Picking of cotton and harvesting of bajra continue. Their outturn is about average. Jowar crop is damaged to some extent by insects. However it is being used as fodder. | .. |

| No. | Reporting Station. | Rain. | 1. Supply of fodder. 2. Water supply for— (a) Drinking. (b) Canal irrigation. 3. Condition of cattle. | Retail prices in seers per rupee. | Prospects of Autumn. | Prospects of Spring. |
|---|---|---|---|---|---|---|
| 3 | Gurgaon .. | 0·02 at Ballabgarh 0·20 at Palwal. No rain fell at other stations. | 1. Green grass is available, but the stock of dry fodder has been finished in the whole of the district. 2. (a) Available. (b) Canal remained closed. 3. Generally satisfactory. | Wheat, 11 to 13.. Gram, 10½ to 11. Barley, 15¼ Jowar, 14 to 16. Bajra, 12 to 14 | Condition of standing crops average on irrigated and below average on unirrigated areas. Harvesting of bajra has begun in Nuh and Gurgaon tahsils. Yield is average. Strong winds and insufficiency of rain are causing damage to crops in Rewari tahsil only. | Sowing of wheat, barley and rapeseed on unirrigated area is in progress. |
| 4 | Karnal .. | *Nil* .. | 1. Scarcity of fodder is reported from some parts of the district. 2. (a) Sufficient. (b) Satisfactory. 3. Do. | Wheat, 13½ .. Gram, 11. Barley, 16½. | Rain is badly needed. Condition of standing crops average on irrigated and poor on unirrigated areas. | .. |
| 5 | Ambala .. | 0·62 at Kasauli. No rain fell at other stations. | 1. Sufficient .. 2. (a) Do. (b) Western Jumna canal is flowing. 3. Generally good. | Wheat, white, 13¾ Wheat, red, 14. Gram, 11. Barley 16½. | Condition of standing crops good on irrigated and average on unirrigated areas. Harvesting of maize continues. Yield is normal. Picking of cotton has commenced in some parts of the district. | Sowing of gram is in progress in Ambala, Jagadhri and Naraingarh tahsils. |
| 6 | Simla .. | 0·13 at Sadr .. 0·32 at Kotgarh. | 1. Sufficient .. 2. (a) Do. (b) Water in hill streams is sufficient. 3. Generally good. | Wheat, 12 .. Gram, 9. Barley, 15. Masur, 7. Rice, ordinary, 8. | Condition of standing crops average in Simla and nearly good in Kot Khai tahsil. | .. |
| 7 | Kangra .. | 0·25 at Sadr .. 0·06 at Naggar. 0·79 at Palampur. 0·78 at Dehra. No rain fell at other stations. | 1. Sufficient .. 2. (a) Do. 3. Generally fair. | Wheat, 14½ .. Gram, 9½. Barley, 16. Maize, 15. Rice, common, 10. | Condition of standing crops fair. | Sowing of gram and rapeseed is in progress. |
| 8 | Hoshiarpur .. | 0·31 at Una .. 0·65 at Garhshankar No rain fell at other stations. | 1. Sufficient .. 2. (a) Adequate. (b) Shah Nahr is flowing. 3. Generally good. | Wheat, white, 13.. Wheat, red, 14. Gram, 11. Barley, 17. Rice, ordinary, 8 to 10. | Condition of standing crops average to good on irrigated and below average on unirrigated areas. Maize crop has been cut. | Sowing of gram and rapeseed is in progress. |
| 9 | Jullundur .. | *Nil* .. | 1. Insufficient .. 2. (a) Sufficient. 3. Generally good. | Wheat, white, 13½ Wheat, red, 14. Gram, 11. Barley, 16. Maize, 16. | Rain is badly wanted. Condition of standing crops good on irrigated and average on unirrigated areas. | .. |
| 10 | Ludhiana .. | *Nil* | 1. Scarcity of dry fodder is being felt in some villages of Ludhiana tahsil. 2. (a) Sufficient. (b) Do. 3. Satisfactory. | Wheat, 14½ .. Gram, 10¾. Barley, 16½. Maize, 15⅓. | Condition of standing crops about average on irrigated and below average on unirrigated areas. Harvesting of maize is in progress. Yield is normal in case of irrigated and below normal in case of unirrigated areas. | Sowing has begun. |

| No. | Reporting Station. | Rain. | 1. Supply of fodder.<br>2. Water supply for—<br>(a) Drinking.<br>(b) Canal irrigation.<br>3. Condition of cattle. | Retail prices in seers per rupee. | Prospects of Autumn. | Prospects of Spring. |
|---|---|---|---|---|---|---|
| 11 | Ferozepore .. | Nil .. | 1. Sufficient ..<br>2. (a) Do.<br>(b) Inundation and perennial canals are flowing with normal supply of water.<br>3. Generally good. | Wheat, 12 to 13..<br>Gram, 11.<br>Barley, 18 to 19. | Rain is badly wanted. Condition of standing crops average on irrigated and below average on unirrigated areas. | .. |
| 12 | Lahore .. | Nil .. | 1. Sufficient ..<br>2. (a) Do.<br>(b) With the exception of the parts of Upper Bari Doab, Lower Bari Doab and Sutlej Valley Project Canals in Chunian tahsil which remained closed, the rest of the canals are flowing by rotation and the supply of water is generally sufficient.<br>3. Generally good. | Wheat, 13½ ..<br>Gram, 10½.<br>Barley, 17½. | Condition of standing crops average. Picking of cotton and chillies and harvesting of maize, rice and bajra continue. Outturn of cotton is below normal and of other crops is normal. | .. |
| 13 | Amritsar .. | Nil .. | 1. Sufficient ..<br>2. (a) Do.<br>(b) Canals are flowing by rotation and the supply of water is sufficient.<br>3. Good | Wheat, 14½<br>Gram, 10¾ | Condition of standing crops good in Amritsar and Tarn Taran tahsils on irrigated area and average elsewhere. Picking of cotton and harvesting of rice are in progress. | Sowing of toria and gram continues. |
| 14 | Gurdaspur .. | 1·10 at Shakargarh. No rain fell at other stations. | 1. Sufficient except in Bharrari tract of Shakargarh tahsil.<br>2. (a) Sufficient.<br>(b) Do.<br>3. Generally good. | Wheat, 15½ ..<br>Gram, 10.<br>Barley, 19. | Condition of standing crops average on irrigated and below average on unirrigated areas except in Shakargarh tahsil where they are poor as a result of the weak monsoon. Sugarcane has been attacked by *borer* in some villages of Gurdaspur tahsil. | Sowing of toria, gram, rapeseed and massar is in progress. |
| 15 | Sialkot .. | Nil .. | 1. Ample ..<br>2. (a) Sufficient.<br>(b) Upper Chenab Canal with its branches is flowing.<br>3. Generally satisfactory. | Wheat, white, 13 1/16<br>Wheat, red, 14½.<br>Gram, 10.<br>Maize, 16.<br>Rice, ordinary, 11 1/16. | Condition of standing crops average on irrigated and below average on unirrigated areas. Picking of cotton and harvesting of maize, jowar and bajra continue. Probable yield is average on irrigated and below average on unirrigated areas. | Sowing of gram, toria, rapeseed, barley and massar continues. |
| 16 | Gujranwala .. | Nil .. | 1. Sufficient ..<br>2. (a) Do.<br>(b) Canals are flowing by rotation.<br>3. Generally satisfactory. | Wheat, 16 ..<br>Gram, 10 1/16.<br>Barley, 17¾.<br>Rice, 11½. | Condition of standing crops average on irrigated and below average to average on unirrigated areas. Sugarcane crop in Gujranwala tahsil is below average. Harvesting of rice crop is in progress in some places. Yield is normal. | Sowing of gram, toria and turnips is in progress. |
| 17 | Sheikhupura .. | Nil .. | 1. There is scarcity of green fodder.<br>2. (a) Sufficient.<br>(b) Canals are flowing by rotation.<br>3. Good. | Wheat, 15¼<br>Gram, 11.<br>Barley, 18.<br>Rice, 8.<br>Maize, 15½,<br>Jowar, 17,<br>Bajra, 15½. | Conditions of standing crops average. | Sowing of rabi oilseeds is in progress. |

| No. | Reporting Station. | Rain. | 1. Supply of fodder. 2. Water supply for— (a) Drinking. (b) Canal irrigation. 3. Condition of cattle. | Retail prices in seers per rupee. | Prospects of — Autumn. | Prospects of — Spring. |
|---|---|---|---|---|---|---|
| 18 | Gujrat .. | *Nil* .. | 1. Sufficient .. 2. (a) Do. (b) Satisfactory. 3. Generally good. | Wheat, 14 .. Gram, 10. Barley, 16. Maize, 11. Jowar, 16. Bajra, 16. | Condition of standing crops fair to good. | Sowing of gram, toria and turnips continues. |
| 19 | Shahpur .. | *Nil* .. | 1. Sufficient .. 2. (a) Do. (b) Lower Jhelum Canal is flowing with adequate supply of water. 3. Generally fair. | Wheat, 13 to 16.. Gram, 10 to 11½. Barley, 16 to 19. Jowar, 13 to 20. Bajra, 15 to 17. Maize, 11 to 16. | Condition of standing crops fair to good on irrigated and average on unirrigated areas. Picking of desi cotton has begun in Sargodha tahsil. | Sowing of toria and other fodder crops is in progress. |
| 20 | Jhelum .. | *Nil* .. | 1. Average with the exception of Pind Dadan Khan tahsil. 2. (a) Sufficient. 3. Generally average. | Not reported .. | Condition of standing crops average on irrigated and below average on unirrigated areas. Due to shortage of rainfall crops in Chakwal tahsil are unsatisfactory. | Sowing of gram and taramira continues in Jhelum and Pind Dadan Khan tahsils. |
| 21 | Rawalpindi .. | *Nil* .. | 1. Sufficient .. 2. (a) Do. 3. Fair. | Wheat, 13 .. Gram, 10½. Barley, 15 Jowar, 15. Bajra, 13½. Maize, 14. | Condition of standing crops below average. | .. |
| 22 | Attock .. | *Nil* .. | 1. Sufficient .. 2. (a) Do. 3. Generally satisfactory. | Wheat, 14 .. Gram, 10. Barley, 15. Maize, 13½. Jowar, 16. Bajra, 14. | Rain is badly wanted. Condition of standing crops average to good on irrigated and average on unirrigated areas. Crops have withered for want of rain. | .. |
| 23 | Mianwali .. | *Nil* .. | 1. Scarce in Thal tracts of Bhakkar and Mianwali tahsils and sufficient elsewhere. 2. (a) Sufficient excepting Thal tract of Isakhel tahsil. (b) Nammal Canal in Mianwali is closed while Kurram Canal in Isakhel is flowing. 3. Fair. | Wheat, 16 .. Gram, 11. Barley, 16 Bajra, 14½. Jowar, 16. | Condition of standing crops average on irrigated and below average rather poor on unirrigated areas. | Sowing of gram, barley and pulses is in progress in the riverain tract of Mianwali. |
| 24 | Montgomery .. | *Nil* .. | 1. Generally sufficient. 2. (a) Adequate. (b) Do. 3. Satisfactory. | Wheat, 14½ .. Gram, 10½. | Condition of standing crops about average. Slight complaint of *Tela* to cotton still exists. | Sowing of gram and turnips continues. |
| 25 | Lyallpur .. | *Nil* .. | 1. Sufficient .. 2. (a) Do. (b) Canals are flowing satisfactorily. 3. Generally good. | Wheat, 15 .. Gram, 10. | Condition of standing crops on the whole normal except cotton. Picking of Desi cotton has commenced. | Sowing of toria, gram and fodder is in progress. |

| No. | Reporting Station. | Rain. | 1. Supply of fodder. 2. Water supply for— (a) Drinking. (b) Canal irrigation. 3. Condition of cattle. | Retail prices in seers per rupee. | Prospects of — Autumn. | Prospects of — Spring. |
|---|---|---|---|---|---|---|
| 26 | Jhang .. | Nil .. | 1. There is scarcity of green fodder.<br>2. (a) Sufficient.<br>(b) Canals are flowing.<br>3. Fair. | Wheat, 15 ..<br>Gram, 11.<br>Jowar, 13.<br>Bajra, 13.<br>Maize, 15. | Condition of standing crops average. | Sowing of gram, toria, taramira, etc., continues. |
| 27 | Multan .. | Nil .. | 1. Sufficient ..<br>2. (a) Do.<br>(b) Lower Bari Doab canal is flowing regularly while perennial and non-perennial canals from Sutlej are flowing by rotation. The Haveli Project canals are also flowing but the zamindars of Multan tahsil are not satisfied with the sites of fixation and size of certain outlets and they complain about inadequate supply of water on this account.<br>3. Good. | Wheat, 14$\frac{1}{2}$ ..<br>Gram, 11.<br>Barley, 18.<br>Jowar, 19.<br>Bajra, 16.<br>Maize, 8. | Condition of standing crops generally average except cotton and chari crops of Kabirwala and Khanewal tahsils and cotton crops of Lodhran tahsil which are below average owing to damage by *tela*, insects and deficiency of canal water respectively. Picking of chillies and harveting of jowar and rice continues. Outturn is generally normal, except jowar crop the outturn of which is below normal. | Sowing of toria, gram, turnips, taramira etc., continues. |
| 28 | Muzaffargarh | Nil .. | 1. Available ..<br>2. (a) Do.<br>(b) Canals of the Chenab series are flowing with full water but those of the Indus series by rotation.<br>3. Generally fair. | Wheat, 16$\frac{1}{2}$ ..<br>Gram, 12$\frac{1}{2}$.<br>Barley, 18$\frac{1}{2}$.<br>Jowar, 20.<br>Bajra, 16$\frac{1}{2}$.<br>Rice, 13 | Condition of standing crops average. Harvesting of rice continues. Outturn is below normal. | Sowings are in progress. |
| 29 | Dera Ghazi Khan. | Nil .. | 1. Sufficient except in Pachadh tracts.<br>2. (a) Do.<br>(b) Massuwah is closed. Manka, Shoria Nurdhundi, and Qutab Dhundi canals are flowing with sufficient and others with insufficient supply of water.<br>3. Generally good. | Wheat, 16$\frac{1}{2}$ ..<br>Jowar, 21.<br>Bajra, 18.<br>Gram 13 | Condition and expected yield of standing crops average except rice and unirrigated crops of Rajanpur tahsil which are below average. Rice has been damaged by unfavourable winds and rice-borer. | Sowings continue. |

## REMARKS

EXCEPT for light rain in parts of a few districts weather remained dry. Rain is needed. Condition of standing crops (sugarcane, cotton, millets, maize, fodder, etc ) is generally average to good on irrigated and below average to average on unirrigated areas. Standing crops have been damaged by strong winds in parts of Gurgaon and Dera Ghazi Khan and by insects in parts of Hissar, Rohtak, Multan and Dera Ghazi Khan. Damage to sugarcane by borer is reported from parts of Gurdaspur and to cotton by *Tela* from parts of Multan. Sowing of toria and gram, picking of cotton and harvesting of other autumn crops continue. Fodder is sufficient except in parts of some districts. Supplies of drinking and canal water are generally sufficient. Condition of cattle is generally fair except in Hissar. The daily average number of workers at test works in progress in Rohtak and Gurgaon was 9,717 and 1,624 respectively. Retail prices in seers per rupee are as follows :—

No 41. LAHORE, FRIDAY, OCTOBER 13, 1939.

## PART I.
## STATISTICAL.

**Weather and Crop Report for the week ending 8 a. m., Monday, the 9th October, 1939.**

This report deals with all the districts of the province.

| No. | Reporting Station. | Rain. | 1. Supply of fodder. 2. Water supply for— (a) Drinking. (b) Canal irrigation. 3. Condition of cattle. | Retail prices in seers per rupee. | Prospects of Autumn. | Prospects of Spring. |
|---|---|---|---|---|---|---|
| 1 | Hissar .. | Nil .. | 1. There is great scarcity of fodder in barani areas of Sirsa, Fatehabad, Hissar and Hansi tahsils and Bagar tract of Bhiwani tahsil, i.e., Siwani circle, where crops have dried up for want of rain. In other parts of Bhiwani tahsil fodder is available. Arrangements have been made to distribute fodder taccavi in kind in affected parts of the district. 2. (a) Drinking water is sufficient in Nahri villages but it is scarce in Bagar and barani tracts where rain was insufficient. (b) Perennial canals are flowing by rotation, but there is complaint of short supply of water in Bhiwani tahsil. Ghaggar canals are dry. 3. Condition of cattle is poor for want of fodder except in most of Bhiwani tahsil where they are a bit better. About 20,500 cattle are being maintained by Government on fodder taccavi. No cattle disease is reported. | Wheat, 11¼ to 12¼. Gram, 10¼ to 11. Barley, 17. Jowar, 13. Bajra, 12. | Rain is badly wanted. Condition of irrigated standing crops below average to average. Jowar in Hansi and Fatehabad tahsils has been damaged by insects. Cotton in Fatehabad is not bearing normal fruit. Unirrigated crops in Fatehabad and Sirsa tahsils have completely withered away. In Hansi and Hissar tahsils crops are worsening but they are a bit better in some villages of Hissar tahsil where there was some rain. It is below average in Bhiwani tahsil except Siwani circle and villages round about Tosham where crops have been ruined for want of timely rains. | .. |
| 2 | Rohtak .. | Nil .. | 1. Scarcity of fodder still continues in unirrigated tracts of the district. 2. (a) Drinking water in ponds of barani villages is quite insufficient. (b) Perennial canals are flowing by rotation and supply is adequate. 3. Satisfactory. | Wheat, 12½. Gram, 11½. Gochni, 12. Jowar, 14. Bajra, 13. Barley, 15½. | Condition of standing crops average on irrigated areas. Crops on unirrigated areas have withered altogether except in a few villages on the south of Jhajjar where they survive. Picking of cotton and harvesting of bajra continue. Probable outturn is about average. Jowar is reported to have been somewhat damaged by insect. | Sowing of gram has commenced. |

GGP

| No. | Reporting Station. | Rain. | 1. Supply of fodder. 2. Water supply for— (a) Drinking. (b) Canal irrigation. 3. Condition of cattle. | Retail prices in seers per rupee. | Prospects of Autumn. | Prospects of Spring. |
|---|---|---|---|---|---|---|
| 3 | Gurgaon .. | Nil | 1. Green grass is available, but stocks of dry fodder has been finished in whole of the district. 2. (a) Drinking water is available in wells and pools except Rewari where pools are still dry. (b) Canal remained closed in 4 tahsils. 3. Generally satisfactory. | Wheat, 11 to 13.. Gram, 10½ to 11½. Barley, 15 Jowar, 14 to 16. Bajra, 12 to 14½ | Rain is needed. Condition of standing crops average on irrigated and below average on unirrigated areas. Harvesting of bajra and maize is in progress. Probable yield is below normal to normal. | Sowing of gram, barley and oilseeds continues. |
| 4 | Karnal .. | Nil .. | 1. Scarcity of fodder is reported from some parts of the district. 2. (a) Sufficient. (b) Satisfactory. 3. Do. | Wheat, 13½ .. Gram, 11. Barley, 16½ | Condition of standing crops average on irrigated and poor on unirrigated areas. | .. |
| 5 | Ambala .. | 0·14 at Narsingarh 0·08 at Rupar. 0·62 at Kasauli, No rain fell at other station. | 1. Sufficient .. 2. (a) Do. (b) Western Jumna canal is flowing. 3. Generally good. | Wheat, white, 13¾ Wheat, red, 14. Gram, 11. Barley 16½. | Condition of standing crops average. Picking of cotton continues. Yield is below normal. | Sowing of gram is in progress. |
| 6 | Simla .. | 0·06 at Sadr .. *Nil* at Kotgarh. | 1. Sufficient .. 2. (a) Do. (b) Water in hill streams is sufficient. 3. Good. | Wheat, 11½ .. Gram, 9. Barley, 16. Maize, 15. Masur, 7. Rice, ordinary, 8. | Condition of standing crops nearly good in Kot Khai and average in Simla tahsil. | .. |
| 7 | Kangra .. | 2·90 at Sadr .. 0·24 at Palampur. 0·52 at Hamirpur 0·81 at Kangra. No rain fell at other stations. | 1. Sufficient .. 2. (a) Do. 3. Generally fair. | Wheat, 14½ .. Gram, 9½. Barley, 16. Maize, 15. Rice, common, 10. | Condition of standing crops fair. Hailstorm has damaged rice crops to some extent in a few *tikkas*. | Sowing of barley, gram and wheat is in progress. |
| 8 | Hoshiarpur .. | Nil .. | 1. Sufficient .. 2. (a) Do. (b) Shah Nahr is flowing. 3. Generally good. | Wheat, 12¾ to 14 Gram, 11½. Barley, 17½. Rice, 8 to 10. | Condition of standing crops good on irrigated and below average on unirrigated areas. Picking of cotton and chillies continues. | Sowing of gram and oilseeds continues. |
| 9 | Jullundur .. | Nil .. | 1. Insufficient .. 2. (a) Sufficient. 3. Generally good. | Wheat, 13½ Gram, 10¾. Barley, 16. Maize, 15. | Rain is badly needed. Condition of standing crops good on irrigated and average on unirrigated areas. | .. |
| 10 | Ludhiana | Nil .. | 1. Scarcity of dry fodder is being felt in some villages of Ludhiana tahsil. 2. (a) Sufficient. (b) Do. 3. Satisfactory. | Wheat, 14½ .. Gram, 10¾. Barley, 16½ Maize, 17½. | Condition of standing crops on the whole about average on irrigated and below average on unirrigated areas. Harvesting is in progress. Expected yield is normal on irrigated and below normal on unirrigated areas. | Sowings are in progress. |

| No. | Reporting Station. | Rain. | 1. Supply of fodder. 2. Water supply for— (a) Drinking. (b) Canal irrigation. 3. Condition of cattle. | Retail prices in seers per rupee. | Prospects of Autumn. | Prospects of Spring. |
|---|---|---|---|---|---|---|
| 11 | Ferozepore .. | *Nil* .. | 1. Sufficient .. 2. (a) Do. (b) Inundation canals have ceased to flow. Sirhind and eastern canals ar flowing with normal supply of water. 3. Generally good. | Wheat, 12½ to 13½ Gram, 11½. Barley, 16 to 17. | Rain is wanted. Condition of standing crops average on irrigated and below average on unirrigated areas. | .. |
| 12 | Lahore .. | *Nil* .. | 1. Sufficient .. 2. (a) Do. (b) Canals are flowing by rotation and the supply of water is adequate. 3. Generally good. | Wheat, 13 Gram, 10½. Barley, 16. | Condition of standing crops average. Picking of cotton and chillies and harvesting of maize, rice and bajra continue. Outturn of cotton is below normal and that of other crops is normal. | Sowing of wheat, gram and rapeseed is in progress. |
| 13 | Amritsar .. | *Nil* .. | 1 Sufficient .. 2. (a) Do. (b) Canals are flowing by rotation and the supply of water is sufficient. 3. Good. | Wheat, 15 Gram, 10½. | Condition and expected yield of standing crops good in Amritsar and Tarn Taran tahsils on irrigated area and average elsewhere. Picking of cotton, pressing of sugarcane and harvesting of rice are in progress. | Sowing of toria and gram continues. |
| 14 | Gurdaspur .. | *Nil* .. | 1. Sufficient except in Bharrari tract of Shakargarh tahsil. 2. (a) Sufficient. (b) Do. 3. Generally good. | Wheat, 15½ Gram, 10. Barley, 19. | Condition of standing crops average on irrigated and below average on unirrigated areas except in Shakargarh tahsil where they are poor as a result of the break in monsoon An insect is reported to have caused some damage to sugarcane in some villages of Gurdaspur tahsil. | Sowing of toria, gram, barley and massar is in progress. |
| 15 | Sialkot .. | 0·64 at Sadr .. 0·26 at Pasrur. No rain fell at other stations. | 1. Sufficient. 2. (a) Do. (b) Upper Chenab Canal with its branches is flowing. 3. Generally satisfactory. | Wheat, 14 to 15½ Gram, 10$\frac{9}{16}$. Maize, 15$\frac{9}{16}$. Rice, 11$\frac{1}{16}$. | Condition of standing crops average on irrigated and below average on unirrigated areas. Harvesting of bajra and maize and picking of cotton continue. Probable yield is average on irrigated and below average on unirrigated areas. | Sowing of toria, gram, wheat and barley is in progress. |
| 16 | Gujranwala .. | *Nil* .. | 1. Sufficient .. 2. (a) Do. (b) Canals are flowing by rotation. 3. Generally satisfactory. | Wheat, 16 Gram, 10¼. Barley, 17¾. Rice, 11½. | Condition of standing crops generally average on irrigated and below average on unirrigated areas but sugarcane in Gujranwala tahsil is reported to be below average. Harvesting of rice cotinue s. Probable yield is normal. | Sowing of toria and turnips continues. |
| 17 | Sheikhupura .. | *Nil* .. | 1. Scarcity of dry fodder in Shahdara tahsil is reported. 2. (a) Sufficient. (b) Canals are flowing by rotation. 3. Good. | Wheat, 15¾ Gram, 11½. Barley, 18. Rice, 8. Maize, 15½. Jowar, 17. Bajra, 15½. | Condition of standing crops good. Picking of cotton and harvesting of rice continue. Outturn is average. In a few villages of Rakh Branch American cotton is reported to have been damaged by white fly. | Sowings continue. |

| No. | Reporting Station. | Rain. | 1. Supply of fodder. 2. Water supply for— (a) Drinking. (b) Canal irrigation. 3. Condition of cattle. | Retail prices in seers per rupee. | Prospects of Autumn. | Prospects of Spring. |
|---|---|---|---|---|---|---|
| 18 | Gujrat .. | *Nil* .. | 1. Sufficient .. 2. (a) Do. (b) Satisfactory. 3. Generally good. | Wheat, 15 .. Gram, 10. Barley, 17. Maize, 16. Jowar, 16. Bajra, 16. | Condition of standing crops fair to good. Harvesting of bajra is in progress. Outturn is average. | Sowing of toria, gram and vegetables continues. |
| 19 | Shahpur — | *Nil* .. | 1. Sufficient — 2. (a) Do. (b) Lower Jhelum Canal remained flowing with adequate water-supply. 3. Generally fair. | Wheat, 14½ to 16½. Gram, 10 to 11½. Barley, 16 to 17. Jowar, 13 to 20. Bajra, 15 to 16. Maize, 11 to 16. | Condition of standing crops fair to good on irrigated and average on unirrigated areas. Picking of desi cotton is in progress in Sargodha tahsil. | Sowing of toria, fodder and wheat is in progress. |
| 20 | Jhelum — | *Nil* .. | 1. Average with the exception of Thal and Phaphra circles of the Pind Dadan Khan tahsil. 2. (a) Sufficient. 3. Generally average. | Wheat, 13 .. Gram, 10. Bajra, 14. | Condition of standing crops generally average on irrigated and below average on unirrigated areas. Harvesting is in progress. Probable yield is below average. | Sowing of gram and taramira continues in some parts of the district. |
| 21 | Rawalpindi .. | *Nil* .. | 1. Sufficient 2. (a) Do. 3. Generally fair. | Wheat, 13½ .. Gram, 10¼. Barley, 15. Jowar, 15½. Bajra, 1[illegible]½. Maize, 14½. | Condition of standing crops below average. Harvesting continues. Probable yiled is average. | Sowings continue. |
| 22 | Attock .. | *Nil* — | 1. Sufficient — 2. (a) Do. 3. Generally satisfactory. | Wheat, 14 to 15 .. Gram, 10½. Barley, 15. Maize, 13½. Bajra, 14½. Jowar, 16 | Condition of standing crops average to good on irrigated and average on unirrigated areas. | — |
| 23 | Mianwali — | *Nil* .. | 1. Sufficient except in Thal tracts of Mianwali and Bhakkar tahsils. 2. (a) Sufficient except Thal tract of Isakhel tahsil. (b) Nammal Canal in Mianwali and Kurram in Isakhel are watering lands satisfactorily. 3. Generally fair. | Wheat, 15½ — Gram, 11. Barley, 17½. Jowar, 15. Bajra, 15. | Condition of standing crops average on irrigated and poor to below average on unirrigated areas. | Sowing of pulses, gram and barley continues in parts. |
| 24 | Montgomery .. | *Nil* — | 1. Sufficient .. 2. (a) Do. (b) Do. 3. Satisfactory. | Wheat, 14½ — Gram, 11. | Condition of standing crops about average. There is slight complaint of *tela* to cotton crop. | Sowing of gram and fodder crops continues. |
| 25 | Lyallpur .. | *Nil* .. | 1. Sufficient — 2. (a) Do. (b) Canals are flowing satisfactorily. 3. Generally good. | Wheat, 14 — Gram, 10. | Condition of standing crops on the whole normal. Picking of cotton is in progress. Probable yield is slightly below normal as the crop has been attacked by *tela* in some parts of the district. | Sowing of gram has commenced. |

| No. | Reporting Station. | Rain. | 1. Supply of fodder. 2. Water supply for— (a) Drinking. (b) Canal irrigation. 3. Condition of cattle. | Retail prices in seers per rupee. | Prospects of Autumn. | Prospects of Spring. |
|---|---|---|---|---|---|---|
| 26 | Jhang | *Nil* | 1. There is scarcity of green fodder. 2. (a) Sufficient. (b) Canals are flowing. 3. Fair. | Wheat, 16. Gram, 12¾. Jowar, 14. Bajra, 13. Maize, 15. | Condition of standing crops average. | Sowing of gram, toria, taramira, etc., continues. |
| 27 | Multan | *Nil* | 1. Generally sufficient except in Khanewal tahsil. 2. (a) Sufficient. (b) Lower Bari Doab canal is flowing regularly while perennial and non-perennial canals from Sutlej are flowing by rotation with inadequate supply of water. The Haveli Project canals are also flowing but the zamindars of Multan tahsil are not satisfied with sites of fixation and size of certain outlets and they complain about inadequate supply of water on this account. 3. Good. | Wheat, 14½. Gram, 11. Barley, 18. Jowar, 19. Bajra, 15. Maize, 10. | Condition of standing crops generally average except cotton American and chari crops of Khanewal and Kabirwala tahsils, the condition of which is below average due to damage by *tela* and jowar borer. Picking of cotton and chillies and harvesting of jowar and rice continue. Outturn is generally normal, except of jowar of Kabirwala and Khanewala tahsils which is below normal. | Sowing of toria, barley gram, taramira etc., continues. |
| 28 | Muzaffargarh | *Nil* | 1. Available. 2. (a) Do. (b) Canals of the Chenab series are running full but those of the Indus by rotation and are low. 3. Generally good. | Wheat, 17. Gram, 11½. Barley, 18¾. Jowar, 20. Bajra, 16½. Rice, 12. | Condition of standing crops average. Damage to rice by rice borer is reported from Kot Adu tahsil. Harvesting of rice is in progress. Oouttурn is much below normal. | Sowings are in progress. |
| 29 | Dera Ghazi Khan. | *Nil* | 1. Sufficient except in Pachabd. 2. (a) Do. (b) Massuwah canal is closed. Manka, Saidan, Shoria, Nur and Qutab Ihundi canals are flowing with sufficient water and others with insufficient water. 3. Generally good. | Wheat, 18. Jowar, 21. Bajra, 18. Gram, 13½. | Condition and expected yield of standing crops average except rice and unirrigated crops of Rajanpur tahsil which are below average. Rice has been damaged, by unfavourable winds and rice-borer. | Sowings continue. |

## *REMARKS.*

EXCEPT for light rain in parts of a few districts, weather remained dry. Rain is needed. Condition of standing crops (sugarcane, cotton, millets, maize, fodder, etc) is generally average to good on irrigated and below average to average on unirrigated areas. Insects have damaged crops in parts of Hissar, Rohtak, Gurdaspur, Multan, Muzaffargarh and Dera Ghazi Khan. Hailstorm has damaged rice to some extent in parts of Kangra. Damage to cotton by *tela* is reported from parts of Montgomery, Lyallpur, Multan and Sheikhupura. Sowing of spring crops, picking of cotton and harvesting of other autumn crops are in progress. Fodder is sufficient except in parts of some districts. Drinking water is generally sufficient. Supplies of canal water are sufficient except in Ghaggar, Sarusti, Pakpattan, Dipalpur, Eastern and Mailsi canals. Condition of cattle is generally fair except in Hissar. The daily average number of workers at test works in progress in Rohtak and Gurgaon was 5,529 and 1,330 respectively. Retail prices in seers per rupee are as follows :—

## PART I.
## STATISTICAL.

**Weather and Crop Report for the week ending 8 a. m., Monday, the 16th October, 1939.**

This report deals with the following districts only :—Hissar, Rohtak, Gurgaon, Ambala, Jullundur, Ferozepore, Lahore, Amritsar, Sialkot, Shahpur, Rawalpindi, Mianwali, Lyallpur, Multan and Dera Ghazi Khan.

No abnormal conditions are reported from other districts.

| No. | Reporting Station. | Rain. | 1. Supply of fodder.<br>2. Water supply for—<br>(a) Drinking.<br>(b) Canal irrigation.<br>3. Condition of cattle. | Retail prices in seers per rupee. | Prospects of Autumn. | Prospects of Spring. |
|---|---|---|---|---|---|---|
| 1 | Hissar | *Nil* .. | 1. There is great scarcity of fodder in barani areas of Sirsa, Fatehabad, Hissar and Hansi tahsils and Bagar tract of Bhiwani tahsil, *i.e.*, Siwani circle, where crops have dried up due to want of rain. In other parts of Bhiwani tahsil fodder is available. Arrangements have been made to distribute fodder taccavi in kind in affected parts of the district.<br>2. (a) Drinking water is sufficient in Nahri villages, but it is scarce in Bagar and barani tracts where rain was insufficient.<br>(b) Perennial canals are flowing by rotation. Ghaggar canals are dry.<br>3. Condition of cattle is poor for want of fodder except in most of the Bhiwani tahsil where they are a bit better. About 20,500 cattle are being maintained by Government on fodder taccavi. | Wheat, 11¾ to 12½<br>Gram, 10½ to 11.<br>Barley, 17.<br>Jowar, 13<br>Bajra, 12. | Condition of standing crops below average to average on irrigated area. Jowar in Hansi and Fatehabad tahsils has been damaged by insects. Cotton in Fatehabad tahsil is not bearing normal fruit. Unirrigated crops in Fatehabad and Sirsa tahsils have completely withered away. In Hansi and Hissar tahsils crops are worsening, but they are a bit better in some villages of Hissar tahsil where there was some rain. Condition of crops is below average in Bhiwani tahsil except Siwani circle and villages round about Tosham where crops have been ruined for want of timely rains. | Rain is badly wanted. |
| 2 | Rohtak .. | *Nil* .. | 1. Scarcity of fodder still continues in unirrigated tracts of the district.<br>2. (a) Drinking water for cattle in ponds of the barani villages is quite insufficient.<br>(b) Perennial canals are flowing by rotation and the supply of water is adequate.<br>3. Generally satisfactory. | Wheat, 12½ ..<br>Gram, 11½.<br>Barley, 15½.<br>Gochni, 12.<br>Jowar, 14.<br>Bajra, 13. | Condition of standing crops average on irrigated areas. Crops on unirrigated areas have withered altogether in famine-stricken area except in a few villages on the south of Jhajjar tahsil where they are of stunted growth and will not mature, but will serve as fodder. Picking of cotton and harvesting of bajra, jowar and gowar continue. Their outturn except jowar is about average. Jowar crop has been damaged by insects and is being used as fodder. | .. |

| No. | Reporting Station. | Rain. | 1. Supply of fodder. 2. Water supply for— (a) Drinking. (b) Canal irrigation. 3. Condition of cattle. | Retail prices in seers per rupee. | Prospects of — Autumn. | Prospects of — Spring. |
|---|---|---|---|---|---|---|
| 3 | Gurgaon .. | Nil | 1. Green grass is available, but the stocks of dry fodder have been finished in the whole of the district. 2. (a) Drinking water in wells and pools is available except Rewari where pools are still dry. (b) Canal remained closed in 4 of the tahsils of the district. 3. Generally satisfactory. | Wheat, 11 to 13.. Gram, 10½ to 11. Barley, 15. Jowar, 14 to 16. Bajra, 12 to 14½. | Condition of standing crops average on irrigated and below average on unirrigated areas. Harvesting of bajra continues. Yield is reported to be average. | Rain is needed. Sowing of barley gram, rapeseed and taramira continues. |
| 4 | Ambala | Nil .. | 1. Sufficient .. 2. (a) Do. (b) Western Jumna canal is flowing. 3. Generally good. | Wheat, white, 13¾ Wheat red, 14. Gram, 11. Barley 16$\frac{9}{16}$. | Condition of standing crops average. Picking of cotton continues. Yield is below normal. | Rain is badly needed. Sowing of gram is in progress. |
| 5 | Jullundur .. | Nil .. | 1. Insufficient .. 2. (a) Sufficient. 3. Generally good. | Wheat, white, 13 Wheat, red, 13½. Gram, 10½. Barley, 17. Maize, 17½. | Condition of standing crops good on irrigated and average on unirrigated areas. Picking of cotton, pressing of sugarcane and harvesting of maize are in progress. Outturn is average. | Sowing of gram and fodder continues. |
| 6 | Ferozepore .. | Nil .. | 1. Sufficient 2. (a) Do. (b) Inundation canals have ceased to flow. Sirhind and Eastern canals are flowing with normal supply of water. 3. Generally good. | Wheat, 13 to 14 Gram, 10½. Barley, 15 to 16. | Condition of standing crops average on irrigated and below average on unirrigated areas. Yield of irrigated maize, rice and sugarcane is average. | Rain is badly wanted. Sowing of gram, barley and oilseeds continues. |
| 7 | Lahore .. | Nil .. | 1. Sufficient .. 2. (a) Do. (b) Canals are flowing by rotation and the supply of water is adequate. 3. Generally good. | Wheat, 13½ Gram, 10½. Barley, 16½. | Condition of standing crops average. Picking of cotton and chillies and harvesting of rice and bajra continue. Outturn is normal. | Sowing of wheat, gram, fodder and rapeseed continues. |
| 8 | Amritsar .. | Slight rain fell at Sadr. No rain fell at other stations. | 1. Sufficient .. 2. (a) Do. (b) Canals are flowing by rotation and the supply of water is sufficient. 3. Good. | Wheat, 15 Gram, 10½ | Condition and expected yield of standing crops good in Amritsar and Tarn Taran tahsils on irrigated area and average elsewhere. | Sowing of wheat, gram and toria is in progress. |
| 9 | Sialkot .. | Nil | 1. Ample .. 2. (a) Sufficient. (b) Upper Chenab Canal with its branches is flowing. 3. Generally satisfactory. | Wheat, white, 14.. Wheat, red, 15¼. Gram, 10$\frac{3}{16}$. Maize, 15$\frac{5}{16}$. Rice ordinary, 11$\frac{1}{16}$. | Condition of standing crops average on irrigated and below average on unirrigated areas. Picking of cotton and harvesting of maize and bajra continue. Outturn is average on irrigated and below average on unirrigated areas. | Sowing of wheat, barley, gram, toria, linseed, etc., continues. |
| 10 | Shahpur .. | Nil | 1. Sufficient .. 2. (a) Do. (b) Lower Jhelum canal is flowing with adequate supply of water. 3. Generally fair. | Wheat, 15 .. Gram, 11. Barley, 19. Jowar, 13. Bajra, 15. Maize, 13. | Condition of standing crops fair to good on irrigated and average on unirrigated areas. Picking of desi cotton in Sargodha tahsil continues. | Sowing of wheat, toria and fodder crops continues. |

| No. | Reporting Station. | Rain. | 1. Supply of fodder.<br>2. Water supply for—<br>(a) Drinking.<br>(b) Canal irrigation.<br>3. Condition of cattle. | Retail prices in seers per rupee. | Prospects of Autumn. | Prospects of Spring. |
|---|---|---|---|---|---|---|
| 11 | Rawalpindi .. | 0·38 at Sadr .. No rain fell at other stations. | 1. Sufficient<br>2. (a) Do.<br>3. Generally fair. | Wheat, 13½<br>Gram, 10½<br>Barley, 15<br>Jowar, 15<br>Bajra, 13½.<br>Maize, 15. | Condition of standing crops below average. Harvesting continues. Outturn is expected to be average. | Sowings continue. |
| 12 | Mianwali | Nil .. | 1. Scarce in Thal tracts of Mianwali and Bhakkar tahsils and sufficient elsewhere.<br>2. (a) Sufficient except in Thal tract of Isakhel tahsil.<br>(b) Nammal canal in Mianwali and Kurram Canal in Isakhel are flowing satisfactorily.<br>3. Generally fair. | Wheat, 15½<br>Gram, 11.<br>Barley, 17½.<br>Bajra, 14.<br>Jowar, 16. | Condition of standing crops average on irrigated and below average rather poor on unirrigated areas. | Rain is badly wanted. Sowings continue in riverain tract of Mianwali. |
| 13 | Lyallpur .. | Nil .. | 1. Sufficient ..<br>2. (a) Do.<br>(b) Canals are flowing satisfactorily. | Wheat, 14<br>Gram, 10. | Condition of standing crops on the whole normal. Picking of Desi cotton continues. Probable yield is slightly below normal as the crop has been attacked by *tela* in some parts of the district. | Sowing of gram and fodder is in progress. |
| 14 | Multan | Nil .. | 1. Generally sufficient except in Khanewal tahsil.<br>2. (a) Sufficient.<br>(b) Lower Bari Doab canal is flowing regularly while perennial and non-perennial canals from Sutlej are flowing, by rotation. The Haveli Project canals are also flowing but the zamindars of Multan tahsil are not satisfied with sites of fixation and size of certain outlets and they complain about inadequate supply of water on this account.<br>3. Generally good. | Wheat, 14½<br>Gram, 10¾.<br>Barley, 18.<br>Jowar, 17.<br>Bajra, 15.<br>Maize, 12. | Condition of standing crops generally average except American cotton and jowar crops of Khanewal tahsil which are below average due to damage by *tela* and jowar borer respectively. Picking of cotton and chillies and harvesting of rice and jowar continue. Outturn is generally normal, except of American cotton and jowar crops of Khanewal tahsil which is below normal. | Sowing of toria, barley, gram, taramira, turnips, etc. continues. |
| 15 | Dera Ghazi Khan. | Nil .. | 1. Sufficient except in Pachad tracts.<br>2. (a) Do.<br>(b) Manka, Shoria, Qutabdhundi and Nurdhundi canals are flowing with sufficient supply of water. Nurdhundi and Qutabdhundi are flowing by rotation, other canals are closed.<br>3. Generally good. | Wheat, 18<br>Jowar 21.<br>Bajra, 18.<br>Gram, 13½. | Condition and expected yield of standing crops average except rice and unirrigated crops of Rajanpur tahsil which are below average. Rice crop in Rajanpur tahsil has been damaged by unfavourable winds and rice-borer. | Sowings continue. |

REMARKS

WEATHER remained practically dry. Rain is needed. Condition of standing crops (sugarcane, cotton, millets, maize, fodder, etc.) is generally average to good on irrigated and below average to average on unirrigated areas. Standing crops have been damaged by insects in parts of Hissar, Rohtak, Multan, and Dera Ghazi Khan. Damage to cotton by *tela* is reported from parts of Lyallpur and Multan. Sowing of spring crops, picking of cotton and harvesting of other autumn crops are in progress. Fodder and drinking water are generally sufficient except in parts of the south-east and south-west. Supplies of canal water are generally sufficient except in Pakpattan, Dipalpur, Eastern and Mailsi canals. Condition of cattle is generally fair except in Hissar. The daily average number of workers at test works in progress in Rohtak was 4,602. In Gurgaon test works have been closed since 1st October, 1939. Retail prices in seers per rupee are as follows :—

| | Wheat. | | Gram. | | Barley. | | | Wheat. (corresponding prices of last year) | | Gram. | | Barley. | |

have been fixed.

KATTI RAM,
SUPERINTENDENT,
Office of Director of Land Records, Punjab.

# Notes on the condition and prospects of crops, etc., in each district of the Punjab for the month of September, 1939.

## 1.—Hissar District.

Rain was quite insufficient. Whatever it was, was useful for the standing crops, but drought towards the latter half of the month affected them adversely. Rain is badly wanted. The condition of standing crops on irrigated lands is below average to average. Jowar crop in Hansi, Fatehabad and Hissar tahsils was damaged by insects. Cotton crop in Fatehabad tahsil is not bearing fruit in full for want of timely rains. On barani tracts in Sirsa and Fatehabad tahsils crops have completely withered away while barani crops in Hansi and Hissar tahsils have also commenced withering, but they are a bit better in a few villages of Hissar tahsil where there was some rain. Crops are below average in Bhiwani tahsil, except in Sewani Field-Kanungo-Circle and in villages round about Tosham, where crops have been ruined for want of timely rains. The condition of cattle is poor for want of fodder, but they are comparatively better in most of Bhiwani tahsil. About 20,500 cattle are being maintained by Government on fodder taccavi. No cattle disease was reported during the month. Public health was generally good. Perennial canals went on running on their rotational turns. The Ghaggar canals had no inundation and flowed only in the bed. Famine relief works are in progress in 13 centres. Prices of food-stuffs tended to rise, but timely control restricted them to reasonable limits.

## 2.—Rohtak District.

Rain at Rohtak 1·78, Gohana 2·16, Jhajjar 2·04, Salhawas 0·50, Beri 0·52 and Sonepat 1·39 inches. No sowing of any kind took place during this month. Condition of irrigated sugarcane, chari, cotton, jowar and bajra is average. While unirrigated jowar, bajra and other crops have withered except in some villages on the southern side of Jhajjar tahsil where they survive. Picking of cotton and harvesting of bajra have commenced. The probable outturn is about normal in the irrigated and meagre in the unirrigated tracts. The jowar crop has been damaged to some extent by insects. However, it is being used as fodder. Scarcity of fodder in the unirrigated tracts of the district continues. Foot-and-mouth disease continues in some villages of the district, but the general condition of cattle in the nahri areas is on the whole satisfactory and poor in the barani tracts due to deficiency of fodder. Public health has been satisfactory during the month under report. Supply of canal water has been adequate. Water in ponds for cattle is insufficient in most of the barani villages.

## 3.—Gurgaon District.

During the month under report rainfall varied from 1·65 to 12·81 inches at various places in the district and proved beneficial to the standing kharif crops and for rabi sowings. The rainfall was much above normal at Hassanpur, Hattin, Firrozpur-Jhirka, Ballabgarh, Punahana, Sohana, Palwal, Nuh and Tauru and below average at Farrukhnagar, Jatusana and Khol. Condition of the standing crops, *i.e.*, sugarcane, cotton, chari, jowar, bajra, gowar, mung, mash and maize was average on irrigated and poor to below average on unirrigated areas. Food-grains are available except in Nuh tahsil. Fodder was also scarce in the district except Palwal and Ballabgarh tahsils. Drinking water was sufficient in the district. Pools in Rewari tahsil are generally dry due to lack of rains. Condition of cattle generally remained fair. Scarcity of fodder has affected them. Foot-and-mouth disease was also reported from a few villages of the district. Canal flowed in Nuh, Firozpur-Jhirka, Ballabgarh and Palwal tahsils by rotation. Supply of water was insufficient. General state of public health remained satisfactory.

## 4.—Karnal District.

The rainfall during the month under report proved beneficial to the standing kharif crops and rabi sowings. Rain is, however, still badly needed for rabi sowings. The condition of the standing kharif crops on irrigated areas is satisfactory and poor on the unirrigated areas. The barani bajra, jowar and cotton crops have been damaged by the crop pest. Yield expected to be normal on the irrigated and much below normal on the unirrigated soils. The condition of cattle is satisfactory on the whole, but outbreak of foot-and-mouth and rinderpest diseases is reported from some villages of Karnal and Thanesar tahsils. Public health is satisfactory. Canals worked satisfactorily. Prices are rising slightly.

## 5.—Ambala District.

Rain was below average throughout the district. Sowing of gram continued. The condition of standing crops on irrigated and unirrigated areas is good and average, respectively. Harvesting of maize continued and yield is below normal. Condition of cattle is

generally good. Fodder and grazing are available. Malaria fever has generally spread in the district. Western Jumna canal is flowing with adequate supply of water. Prices are stationary.

6.—SIMLA DISTRICT.

Condition of crops in Simla tahsil is average and in Kotkhai nearly good. Condition of cattle is on the whole good but foot-and-mouth disease is spreading in certain villages of Kotkhai and Simla tahsils. The diseased animals are under veterinary treatment in Kotkhai tahsil. No death occurred. Public health is good. Water in hill streams is sufficient.

7.—KANGRA DISTRICT.

Rainfall during the month was much below the average except at Palampur, Dehra, Kangra and Lower Dharamsala where it was much above the average. Some area was sown with linseed, sarshaf, gram, wheat and barely during the month. Standing crops are in fair condition, The yield is expected to be normal in the irrigated and below normal in the unirrigated area. Cattle are in fair condition. Fodder is sufficient. Foot-and-mouth, hæmorrhagic septicæmi a and rinderpest cattle diseases existed in some parts of the district. Public health is fair. Malaria complaint existed in some parts of the district. Water in streams and kuhls was sufficient for irrigation purposes. Prices are stationary.

8.—HOSHIARPUR DISTRICT.

The rainfall during the month under report was above the average thor ughout the district but the annual rains are much below the average. However the condition of irrigated crops is good on the whole, and those of unirrigated below the average. The rains of the first fortnight of the month have greatly benefited the standing crops as well as the sowing of rabi. The sowings of toria, taramira, sarshaf and gram to some extent and the cutting of maize were going on. Chillies and cotton were also being picked up normally. The condition of cattle is generally good. Public health is good on the whole. Shahnahr remained running during the month.

9.—JULLUNDUR DISTRICT.

Rainfall is below average throughout the district. Sowing of gram has continued. Condition of the standing irrigated crops is good and that of unirrigated is average. No important crop has been harvested during the month under report. Cattle are generally in good condition. Fodder is not sufficient. Application for concession rates of railway fare for the import of bhusa has been made. Public health is generally good.

10.—LUDHIANA DISTRICT.

The sowings of rabi crops have begun during the month under report. The harvesting of kharif crops continues. The condition of the standing crops is average and below average on the irrigated and unirrigated areas, respectively. The yield is expected to be normal and below normal on irrigated and un irrigated areas, respectively. The condition of the cattle is satisfactory on the whole. The public health remained generally satisfactory. Sirhind canal has been flowing regularly.

11.—FEROZEPORE DISTRICT.

Rainfall was nominal but it was beneficial to stimulate the growth of the standing crops. Rain is badly wanted throughout the district. Condition of standing crops is average in irrigated and below average in unirrigated areas. Season has generally been hot and dry. Condition of cattle is generally good. Fodder and drinking water are sufficient. Public health is generally good.

12.—LAHORE DISTRICT.

There was some rainfall throughout the district during the month under report, which benefited the standing crops. Maize, toria and fodder are being sown. Condition of the standing crops is average. Cotton and chillies are being picked. Maize, rice and bajra are being harvested. The outturn of cotton is below normal while that of others is normal. The general condition of the cattle, on the whole, remained satisfactory. With the exception of malaria reported from Lahore and Kasur tahsils the general condition of public health is good. Canals remained working by rotation, and the water supply was adequate.

13.—AMRITSAR DISTRICT.

The rainfall during the month was average. The condition and expected yield of standing crops is good in irrigated and average in unirrigated areas on the whole. Sowing

of gram, toria and fodder is in progress. Condition of cattle is good. Public health is good. Canals are working by rotation and the supply of water is sufficient.

### 14.—GURDASPUR DISTRICT.

The rainfall during the month was above average in all the tahsils. Sowing of gram, toria, sarshaf and masar is in progress. The condition of the standing crops is reported to be above average in the irrigated and average in unirrigated areas in Batala, Gurdaspur and Pathankot tahsils and below average in Shakargarh tahsil. An insect is reported to have caused slight damage to the sugarcane crop in the Gurdaspur tahsil. Maize and rice are being harvested. Picking of cotton has commenced. The condition of cattle is generally good except for a slight complaint of hæmorrhagic septicæmia and foot-and-mouth diseases reported in some villages of Gurdaspur, Batala and Pathankot tahsils. Public health is generally good with the exception of some of the villages in Pathankot and Gurdaspur tahsils where malaria is reported to be prevalent. Government canals are running and irrigating the land.

### 15.—SIALKOT DISTRICT.

Rainfall during the month under report in Narowal 2·39, Pasrur 3·01, Daska 3·91 and Sialkot 3·43 inches, which was beneficial to the crops. Sowing of gram, masar, toria, rapeseed and turnips continued in some parts of the district. Condition of standing crops is average in the irrigated and below average in the unirrigated areas. The outturn of the cotton and maize crops which are being harvested is average in the irrigated and below average in the unirrigated areas. The condition of cattle is generally satisfactory but there has been a complaint of hæmorrhagic septicæmia and lymphangitis epizootica in certain villages in the district. The public health is generally good. The Upper Chenab canal with its branches is running. One flood came in 'Deg' nalah and irrigated part of land in some villages in tahsil Pasrur.

### 16.—GUJRANWALA DISTRICT.

With the exception of Wazirabad rain was below average at all the other centres. It, however, proved beneficial to the standing crops and helped to some extent in improving their condition. Sowings of toria, turnips and gram mixed with toria remained in progress. Condition of standing crop is generally average on irrigated and below average to average on unirrigated lands. Sugarcane crop in the Gujranwala tahsil is reported to be below average on account of damage done to it by '*kiri*'. Rice crop is being harvested in some places. Yield is reported to be average. Condition of cattle is generally satisfactory. Only in village Maharajke in Wazirabad tahsil '*daba*' disease remained slightly prevalent. State of public health is reported to be satisfactory all round. Canals remained working by rotation. There has been no complaint of insufficient supply of canal water from any quarter.

### 17.—SHEIKHUPURA DISTRICT.

The rainfall during the month under report is as under:—

Sheikhupura 0·35, Shahdara 2·62 and Nankana Sahib 0·46 inches.

The rainfall during the month under report was not sufficient, still it proved beneficial to the standing crops. Sowing of toria, gram, masar and barley is in progress. The condition of the standing crops is good. Picking of cotton and harvesting of rice are in progress. The outturn is expected to be normal. The public health and the condition of live-stocks are reported to be good. There was no flood in the river Ravi. The canals kept running rotationally during the month under report.

### 18.—GUJRAT DISTRICT.

There was moderate rainfall varying from 1·11 to 3·58 inches. The sowing of toria, turnips and gram was continued in the second fortnight. Germination was fair. The condition of standing crops was average to good in both the irrigated and unirrigated areas. Nothing was harvested during the month. The cattle were generally in fair condition. Supplies of drinking water and fodder were sufficient. Public health was generally good. Canals remained flowing and there were no complaints of supply. Stocks of foodstuffs were sufficient in the markets and with big zamindars. The prices of the agricultural commodities have risen to some extent.

### 19.—SHAHPUR DISTRICT.

There was a fair rainfall varying from 0·40 to 1·71 inches on all rain gauge stations except Midh Ranjah and Bhera. It was beneficial to standing crops. Wheat,

toria, turnips and other fodder crops have been sown in this month. Condition of standing crops remained fair to good in irrigated and average in unirrigated areas. Picking of desi cotton has begun with average outturn in Sargodha tahsil. Cattle generally remained in fair condition. Fodder and drinking water is sufficient. Public health remained satisfactory. Lower Jhelum canal is flowing with adequate water-supply. Rural development scheme remained in progress in Shahpur tahsil.

### 20.—Jhelum District.

There was 0·36, 2·92, and 0·16 inches rainfall in Pind Dadan Khan, Jhelum and Chakwal tahsils, respectively. Rain is needed. Very little sowings of oilseeds and gram were made in some parts of the district. Condition of standing crops is average in the irrigated and below average in the unirrigated areas. Owing to the shortage of rainfall the condition of the crops is unsatisfactory in the unirrigated area. The yield is expected to be average in the irrigated and below average in the unirrigated areas. Condition of cattle is generally average. Fodder is sufficient except the Thal and Phaphra circles of the Pind Dadan Khan tahsil. State of public health is generally good.

### 21.—Rawalpindi District.

The rainfall during the month was above average in Rawalpindi tahsil and below average in Gujar Khan, Kahuta and Murree tahsils. The condition of standing crops is average. The yield is considered to be normal. The condition of cattle is fair. Black-quarter is reported in village Sapiali Khingar and foot-and-mouth disease is reported in Karlot Diballar and Kottran Becharag villages. The public health is generally good in this district except in some villages of Kahuta tahsil, where malaria fever is reported. The prices are generally the same as reported in the last month.

### 22.—Attock District.

Rainfall was below average throughout the district. It is badly needed. No sowings of barley, etc., have yet been commenced on account of insufficient moisture. The condition of crops in irrigated area is average to good and in unirrigated area is below average. The kharif crops in unirrigated area have withered for want of rain. An average yield is expected in irrigated and below average in unirrigated areas. The condition of cattle is satisfactory on the whole. The public health is fair but 2 cases and 2 deaths by smallpox disease are reported. Fodder is procurable and prices are generally the same.

### 23.—Mianwali District.

Rainfall at Mianwali 0·39, at Isakhel 0·43 and at Bhakkar 0·20 inch. More rain is badly wanted. Kharif crops are withering and sowings of rabi crops have commenced in riverain portion of Mianwali tahsil. Condition of kharif crops is average on irrigated areas, but below average rather poor on unirrigated areas. Condition of cattle is generally fair, but shortage of fodder is being felt in the Thal portions of Mianwali and Bhakkar tahsils. Public health remained satisfactory on the whole. Nammal canal in Mianwali remained closed while Kas Umar Khan in Isakhel is flowing and irrigating lands.

### 24.—Montgomery District.

Sowing of zaid kharif fodder crops, turnips and gram continued during the month under report. Condition of standing crops is about average. There is a slight complaint of tela to cotton crop in this district. The condition of the cattle is satisfactory. The public health of the district remained satisfactory during the month under report. Smallpox was responsible for 8 cases and 2 deaths at 11 villages and the town of Pakpattan. All places were visited by the staff and 768 primary and 11,629 re-vaccinations were performed. The disease is under control. The Lower Bari Doab canal and Sutlej Valley Project canals have been flowing.

### 25.—Lyallpur District.

Rainfall at Lyallpur 0·15, at Jaranwala 0·23 inch. No rain fell at Toba Tek Singh and Samundri during the month. The condition of standing crops on the whole is normal. Complaint of tela to cotton crop is reported which is due to scarcity of rainfall. Picking of desi cotton has commenced, but no estimate of outturn can be made at present. The condition of cattle is generally good. There has, however, been complaint of smallpox in Chak No. 223-G. B. of Samundri tahsil and that of Ghalghotu in Chak No. 418-G. B. of Samundri tahsil and Chak No. 144-G. B.,

tahsil Jaranwala. Public health is generally good except that in the beginning of the month reports of small pox were received from Chaks 549 and 614-G. B. of tahsil Samundri. Canals are working satisfactorily.

26.—JHANG DISTRICT.

The rain has been below average in all the tahsils of the district. Condition of standing irrigated crops is average and of unirrigated below average. Turnips, til, jowar, toria and gram were sown during the month. No crop was harvested during the month. No complaint of cattle disease. No complaint of public health. Canals are working as usual.

27.—MULTAN DISTRICT.

No rain. Sowings of maize, sathri, taramira, turnips, bajra, china and gram continued. Germination is good. Condition of chari, chillies, til, sugarcane, cotton, bajra, mung and moth crops was generally average except cotton and chari crops of Khanewal and Kabirwala tahsils and cotton crop of Lodhran tahsil, the condition of which was below average due to damage by tela disease, jowar (borer) and deficiency of canal water. The harvesting of jowar, vegetables, chillies and chari crops continued; outturn is generally normal except chari crops of Kabirwala and Khanewal tahsils, the condition of which was below normal for the reason explained above. Condition of cattle was good and supply of fodder was sufficient, 26 cases and 7 deaths by small-pox and enteric fever were reported from Shujabad, Khanewal, Kabirwala tahsils and Multan City, otherwise the district remained free from all other epidemics. Lower Bari Doab canal was flowing regularly while perennial and non-perennial canals from Sutlej were running by rotation. The Haveli Project canals were also flowing but the zamindars of Multan tahsil were not satisfied with sites of fixation and size of certain outlets and complained about inadequate supply of water on this account. Stock of food-grains and drinking water were sufficient.

28.—MUZAFFARGARH DISTRICT.

No rain fell during the month. The sowings of turnips, gram, toria and peas were in progress. Crops were in average condition on both classes of soil. Rice and indigo crops were harvested. The outturn per acre was normal. Complaints of hæmorrhagic septicæmia and foot-and-mouth diseases were reported from some parts of the district. Green fodder and grazing were available. Public health was normal. The canals of the Chenab series are running with average supplies of water but those of the Indus series are running by rotation. Prices are rising.

29.—DERA GHAZI KHAN DISTRICT.

Rain at Dera Ghazi Khan 0·03 inch which was below average. Condition and expected yield of the standing crops are average except rice crops of Dera Ghazi Khan and Rajanpur tahsils and also unirrigated crops of Rajanpur tahsil which are below average. The rice crop was damaged by the rice borer and unfavourable winds. There was some complaint of rinderpest disease in only Kotla Isan village of Rajanpur tahsil, otherwise the condition of cattle was on the whole good. The fodder was sufficient except in Pachahd tracts. There was a complaint of malaria fever in Dera Ghazi Khan and Rajanpur tahsils, otherwise the public health was good. Massuwah canal flowed in the first fortnight and then closed, other canals flowed with sufficient supply of water. Nurdhundi and Qutabdhundi are flowing by rotation. Prices are rising.

KATTI RAM,

SUPERINTENDENT,

*for* Director of Land Records, Punjab.

## Working Class Cost of Living Index Numbers.

THE Department of Industries, Punjab, under the auspices of the Board of Economic Inquiry, Punjab, publishes below the monthly statement of Working Class Cost of Living Index Numbers for the month of June, 1939, at Sialkot, Ludhiana, Rohtak, Lahore and Multan.

The cost of Living Index Numbers at the above-mentioned stations at the end of June, 1939, on the base 1931—35 equal to 100 were as under :—

| Centre. | Food Articles. | | Fuel and Lighting. | | Clothing. | | House rent. | | Miscellaneous. | | General Index. | |
|---|---|---|---|---|---|---|---|---|---|---|---|---|
| | May, 1939. | June, 1939. | May, 1939. | June, 1939. | May, 1939. | June, 1939. | May, 1939. | June, 1939. | May, 1939. | June, 1939. | May, 1939. | June, 1939. |
| Sialkot .. | 126 | 126 | 119 | 119 | 95 | 95 | 77 | 77 | 137 | 132 | 120 | 120 |
| Ludhiana .. | 123 | 121 | 116 | 116 | 89 | 89 | 100 | 100 | 87 | 87 | 114 | 114 |
| Rohtak .. | 128 | 125 | 81 | 81 | 97 | 97 | 80 | 70 | 71 | 72 | 113 | 111 |
| Lahore .. | 125 | 127 | 108 | 108 | 106 | 106 | 100 | 100 | 120 | 110 | 120 | 120 |
| Multan .. | 137 | 137 | 118 | 118 | 112 | 112 | 100 | 100 | 102 | 93 | 128 | 127 |

The items of expenditure included in the statement have been given relative weightage proportional to total expenditure. These items account for 75 per cent of the total expenditure of the working classes, the remaining 25 per cent being expended on education, interest on debt, marriages, travelling, religious performances, etc., is not included in these index numbers of cost of living.

No 43 LAHORE, FRIDAY, OCTOBER 27, 1939.

## PART I.

## STATISTICAL.

**Weather and Crop Report for the week ending 8 a. m., Monday, the 23rd October, 1939.**

This report deals with the following districts only :—Hissar, Rohtak, Gurgaon, Ambala, Jullundur, Ferozepore, Lahore, Amritsar, Sialkot, Shahpur, Rawalpindi, Mianwali, Lyallpur, Multan and Dera Ghazi Khan.

No abnormal conditions are reported from other districts.

| No. | Reporting Station. | Rain. | 1. Supply of fodder.<br>2. Water supply for—<br>(a) Drinking.<br>(b) Canal irrigation.<br>3. Condition of cattle. | Retail prices in seers per rupee. | Prospects of — Autumn. | Prospects of — Spring. |
|---|---|---|---|---|---|---|
| 1 | Hissar | 0·20 at Tohana .. No rain fell at other stations. | 1. There is great scarcity of fodder in barani areas of Sirsa, Fatehabad, Hissar and Hansi tahsils and Bagar tract of Bhiwani tahsil, *i.e.*, Siwani circle, where crops have dried up due to want of rain. In other parts of Bhiwani tahsil fodder is available. Arrangements have been made to distribute fodder taccavi in kind in affected parts of the district.<br>2. (a) Drinking water is sufficient in Nahri villages, but it is scarce in Bagar and barani tracts where rain was insufficient.<br>(b) Perennial canals are flowing by rotation. Ghaggar canals are dry.<br>3. Condition of cattle is poor for want of fodder except in most of Bhiwani tahsil where they are a bit better. About 20,500 cattle are being maintained by Government on fodder taccavi. | Wheat, 11½<br>Gram, 10½ to 11.<br>Barley, 17.<br>Jowar, 13<br>Bajra, 12 | Condition of irrigated standing crops much below average to average. In Fatehabad tahsil the cotton crop is much below average and Jowar and chari below average due to damage done by insects. In Bhiwani tahsil condition of crops is below average on account of high winds. Unirrigated crops in Fatehabad and Sirsa tahsils have completely withered away. In Hansi and Hissar tahsils condition of crops is bad but they are a bit better in some village of Hissar tahsil where there was some rain. In Siwani circle and villages round about Tosham crops have been ruined for want of timely rains. In other parts of Bhiwani tahsil crops are worsening on account of high winds and paucity of rains. Picking of irrigated cotton in some villages of Hansi and Hissar tahsils has commenced. | Rain is badly needed. On irrigated area in Sirsa tahsil the sowing of wheat, gram and barley and in Hissar tahsil where cotton crop has been spoiled, the sowing of gram have commenced. On unirrigated area sowing of gram in parts of Hissar tahsil where there was some rain, has also commenced. |
| 2 | Rohtak | *Nil* | 1. Scarcity of fodder in unirrigated tracts still continues.<br>2. (a) Drinking water for cattle in ponds of barani villages is quite insufficient.<br>(b) Perennial canals are flowing by rotation and the supply of water is adequate.<br>3. Generally satisfactory. | Wheat, 12¾<br>Gram, 11½.<br>Barley, 15½<br>Gochni, 12.<br>Jowar, 14.<br>Bajra, 13. | Condition of standing crops average on irrigated area. In unirrigated area crops in famine-stricken area have withered altogether except in a few villages on the south of Jhajjar tahsil where they are of stunted growth and will not mature, but will serve as fodder. Jowar on irrigated area has been damaged by storm borer. Picking of cotton and harvesting of other crops continue. Their outturn except that of jowar is average. Jowar which has been damaged by insects is being used as fodder. | Sowing of gram continues. Area sown is small. Germination is good. |

| No. | Reporting Station. | Rain. | 1. Supply of fodder. 2. Water supply for— (a) Drinking. (b) Canal irrigation. 3. Condition of cattle. | Retail prices in seers per rupee. | Prospects of — Autumn. | Prospects of — Spring. |
|---|---|---|---|---|---|---|
| 3 | Gurgaon .. | 0·10 at Palwal .. No rain fell at other stations. | 1. Green fodder is available, but the stocks of dry fodder have been finished in the whole of the district. 2. (a) Drinking water in wells and pools is available except in Rewari where pools are dry. (b) Canal flowed by rotation in Palwal and Firozpur-Jhirka tahsils. 3. Generally fair. | Wheat, 11 to 13.. Gram, $10\frac{1}{2}$ to 11. Barley, 15. Jowar, 14 to 16. Bajra, 12 to $14\frac{1}{2}$. | Condition of standing crops average on irrigated and below average on unirrigated areas. Harvesting of jowar and bajra continues. Yield is average on irrigated and below average on unirrigated areas. | Rain is badly needed, Sowing gram, barley and oilseeds continues. |
| 4 | Ambala .. | Slight rain fell at Sadr. No rain fell at other stations. | 1. Sufficient .. 2. (a) Do. (b) Western Jumna canal is flowing. 3. Generally good. | Wheat, white, $13\frac{3}{4}$ Wheat red, 14. Gram, 14. Barley $16\frac{1}{2}$. | Condition of standing crops average on irrigated and below average on unirrigated areas. Picking of cotton continues. Probable yield is below normal. | Sowing of gram continues. |
| 5 | Jullundur .. | *Nil* .. | 1. Insufficient application for the supply of fodder at concession rates for the whole district has been made. 2. (a) Sufficient. 3. Generally good. | Wheat, white, $13\frac{1}{2}$ Wheat, red, 14. Gram, 11. Barley, 17. Maize, 18. | Condition of standing crops good on irrigated and average on unirrigated areas. Picking of cotton, pressing of sugarcane and harvesting of maize continues. Outturn is average. | Rain is badly needed. Sowing of wheat and gram is in progress. |
| 6 | Ferozepore .. | *Nil* .. | 1. Sufficient .. 2. (a) Do. (b) Sirhind and Eastern canals are flowing with normal supply of water. 3. Generally good. | Wheat, $12\frac{1}{2}$ to 13 Gram, $10\frac{1}{2}$ to 11. Barley, 15. | Condition of standing crops average on irrigated and below average on unirrigated areas. Yield of irrigated rice, maize and sugarcane is average. | Rain is badly needed. Sowing of gram, barley and oilseeds continues. |
| 7 | Lahore .. | 0·08 at Sadr .. No rain fell at other stations. | 1. Sufficient .. 2. (a) Do. (b) Canals are flowing by rotation and the supply of water is adequate. 3. Generally good. | Wheat, 13 .. Gram, 10. Barley, $16\frac{1}{2}$. | Condition of standing crops average. Picking of cotton and chillies and harvesting of rice continues. Probable yield is normal. | Sowing of wheat, gram, barley, vegetable and fodder continues. |
| 8 | Amritsar .. | 0·08 at Sadr .. 0·14 at Ajnala. *Nil* at Tarn Taran. | 1. Sufficient .. 2. (a) Do. (b) Canals are flowing by rotation and the supply of water is sufficient. 3. Good. | Wheat, 14 .. Gram, $10\frac{1}{2}$ | Condition and expected yield of standing crops good in Amritsar and Tarn Taran tahsils on irrigated area and average elsewhere. Picking of cotton, pressing of sugarcane and harvesting of rice, maize and til are in progress. | Sowing of wheat, berrar and fodder continues. |
| 9 | Sialkot .. | 0·11 at Sadr .. 0·14 at Narowal. 0·09 at Pasrur. 0·10 at Daska. | 1. Ample .. 2. (a) Sufficient. (b) Upper Chenab Canal is flowing but its branches are closed. 3. Generally satisfactory. | Wheat, white, $13\frac{3}{4}$ Wheat, red, 15. Gram, $10\frac{5}{16}$. Maize, $6\frac{1}{4}$. Rice ordinary, $11\frac{1}{16}$. | Condition of standing crops average on irrigated and below average on unirrigated areas. | Sowing of wheat, gram, barley, oilseeds, fodder and massur continues. |
| 10 | Shahpur .. | 0·15 at Sahiwal.. 0·12 at Shahpur. No rain fell at other stations. | 1. Sufficient except in Khushab tahsil. 2. (a) Do. (b) Lower Jhelum canal is flowing with adequate supply of water. 3. Generally fair. | Wheat, $14\frac{1}{2}$ to $16\frac{1}{2}$ Gram, 11 to $11\frac{1}{2}$. Barley, 16 to 19. Jowar, 16 to 20. Bajra, 15 to 16. Maize, 11 to 17. | Rain was beneficial to standing crops. Condition of standing crops good on irrigated and average on unirrigated areas. Picking of desi cotton in Sargodha and Khushab tahsils is in progress. Outturn is average. | Sowing of wheat, gram, toria, turnip and other fodder crops continues. |

| No. | Reporting Station. | Rain. | 1. Supply of fodder.<br>2. Water supply for—<br>(a) Drinking.<br>(b) Canal irrigation.<br>3. Condition of cattle. | Retail prices in seers per rupee. | Prospects of Autumn. | Prospects of Spring. |
|---|---|---|---|---|---|---|
| 11 | Rawalpindi ... | 0·42 at Sadr ...<br>0·21 at Gujar Khan.<br>0·23 at Kahuta.<br>1·40 at Murree. | 1. Sufficient ...<br>2. (a) Do.<br>3. Generally fair. | Wheat, 13½ ...<br>Gram, 10½.<br>Barley, 15<br>Jowar, 15<br>Bajra, 14½.<br>Maize, 15. | Condition of standing crops below average. | Sowing of oilseed continues in Rawalpindi and Murree tahsils. |
| 12 | Mianwali ... | Nil ... | 1. Scarce in Thal tracts of Mianwali and Bhakkar tahsils; and sufficient elsewhere.<br>2. (a) Sufficient except in Thal tract of Isakhel tahsil.<br>(b) Nammal Canal in Mianwali and Kurram Canal in Isakhel are flowing satisfactorily.<br>3. Fair. | Wheat, 15½ ...<br>Gram, 11<br>Barley, 17½.<br>Bajra, 15½.<br>Jowar, 16. | Condition of standing crops average on irrigated and below average rather poor on unirrigated areas. Harvesting has begun in Mianwali tahsil. | Rain is badly needed. Sowings have commenced. |
| 13 | Lyallpur .. | 0·02 at Sadr ..<br>No rain fell at other stations. | 1. Sufficient ...<br>2. (a) Do.<br>(b) Canals are flowing satisfactorily.<br>3. Generally good. | Wheat, 14 ...<br>Gram, 1[illegible]. | Condition of standing crops on the whole normal. Picking of cotton both Desi and American continues. Outturn is slightly below normal in case of Desi cotton as the crop has been attacked by *tela* in some parts of the district. Pressing of sugarcane has commenced. Outturn is normal. | Sowing of wheat and gram continues. |
| 14 | Multan ... | Nil .. | 1. Generally sufficient except in Khanewal tahsil.<br>2. (a) Sufficient.<br>(b) Lower Bari Doab Canal is flowing regularly while perennial and non-perennial canals from Sutlej are flowing by rotation with inadequate supply of water. The Haveli Project canals are also flowing but the zamindars of Multan tahsil are not satisfied with sites of fixation and size of certain outlets and they complain about inadequate supply of water on this account.<br>3. Good. | Wheat, 14½ ...<br>Gram, 10½.<br>Barley, 18.<br>Jowar, 19.<br>Bajra, 15.<br>Maize, 12½. | Condition of standing crops generally average except cotton crop of Khanewal and Lodhran tahsils and jowar crop of Khanewal and Kabirwala tahsils which are below average due to damage by *tela* and insects respectively and also due to inadequate supply of canal water. Picking of cotton and chillies and harvesting of jowar, bajra and rice continues. Outturn is generally normal, except of cotton crops of Khanewal and Lodhran tahsils and of jowar crop of Kabirwala and Khanewal tahsils which are below normal. | Sowing of gram, barley, oilseed turnips, etc. continues. |
| 15 | Dera Ghazi Khan. | 0·02 at Sadr ..<br>No rain fell at other stations. | 1. Sufficient except in Pachad tracts.<br>2. (a) Do.<br>(b) Nurdhundi, Qutabdhundi and Qutab Dal canals are flowing by rotation and Manka with sufficient supply of water. Other canals are closed.<br>3. Generally good | Wheat 18<br>Jowar 21.<br>Bajra, 18.<br>Gram, 13½. | Condition and expected yield of standing crops average except til, jowar unirrigated crops of Jampur tahsil and irrigated rice of Rajanpur tahsil which are below average in Rajanpur tahsil. Rice crop is reported to have been damaged by rice-borer and til and jowar by strong winds. | Sowing continues. |

*REMARKS*

LIGHT rain fell in parts of all the reporting districts except Rohtak, Jullundur, Ferozepore, Mianwali and Multan. Rain is needed. Condition of standing crops (sugarcane, cotton, millets, maize, fodder, etc.) is generally average to good on irrigated and below average to average on unirrigated areas. Insects have damaged crops in parts of Hissar, Rohtak, Multan, and Dera Ghazi Khan and strong winds in parts of Hissar and Dera Ghazi Khan. *Tela* continues to damage cotton in parts of Lyallpur and Multan. Sowing of spring crops, picking of cotton and harvesting of other autumn crops are in progress. Fodder and drinking water are generally sufficient except in parts of the south-east and south-west. Supplies of canal water are generally sufficient except in Pakpattan, Dipalpur, Eastern and Mailsi canals. Condition of cattle is generally fair except in Hissar. The daily average number of workers at test works in progress in Rohtak was 4,841. Retail prices in seers per rupee are as follows :—

| | Wheat. | | Gram. | | Barley. | |

No. 44. LAHORE, FRIDAY, NOVEMBER 3, 1939.

## PART I.
## STATISTICAL.

**Weather and Crop Report for the week ending 8 a. m., Monday, the 30th October, 1939.**

This report deals with the following districts only :—Hissar, Rohtak, Gurgaon, Ambala, Jullundur, Ferozepore, Lahore, Amritsar, Sialkot, Shahpur, Rawalpindi, Mianwali, Lyallpur, Multan and Dera Ghazi Khan.

No abnormal conditions are reported from other districts.

| No. | Reporting Station. | Rain. | 1. Supply of fodder.<br>2. Water supply for—<br>(a) Drinking.<br>(b) Canal irrigation.<br>3. Condition of cattle. | Retail prices in seers per rupee. | Prospects of — Autumn. | Prospects of — Spring. |
|---|---|---|---|---|---|---|
| 1 | Hissar | *Nil* | 1. There is great scarcity of fodder in barani areas of Sirsa, Fatehabad, Hissar and Hansi tahsils and Bagar tract of Bhiwani tahsil, *i.e.*, Siwani circle, where crops have dried up due to want of rain. In other parts of the Bhiwani tahsil fodder is available. Arrangements have been made to distribute fodder taccavi in kind in the district.<br>2. (a) Drinking water is sufficient in Nahri villages, but it is scarce in Bagar and barani tracts where rain was insufficient<br>(b) Perennial canals are flowing by rotation. Ghaggar canals are dry.<br>3. Condition of cattle is poor for want of fodder except in most villages of Bhiwan tahsil, where they are a bit better. About 20,000 cattle are being maintained by Government on fodder taccavi. No cattle disease is reported. | Wheat, 11½ to 2½<br>Gram, 10½.<br>Barley, 17.<br>Jowar, 13<br>Bajra, 12. | Condition of standing crop on irrigated area is below average to average in Fatehabad tahsil. Condition of cotton crop has slightly improved in the villages where the supply of canal water was adequate, but that of jowar and chari is below average due to damage caused by insects. Picking of cotton in Hansi and Hissar tahsils continues while in Sirsa and Bhiwani tahsils it has recently commenced. Unirrigated crops in Fatehabad and Sirsa tahsils have completely withered away. In Hansi and Hissar tahsils the condition of crops is bad, but they are a bit better in some villages of Hissar tahsil where there was some rain. In Siwani circle and villages round about Tosham crops have been ruined for want of timely rains. In other parts of Bhiwani tahsil crops are worsening on account of paucity of rains. | Sowing of wheat, gram and barley in Sirsa tahsil and of gram and rapeseed in Hissar tahsil continues on irrigated area. On unirrigated area in Hissar tahsil where there was some rain sowing of gram continues in a very few villages. |
| 2 | Rohtak | 0·40 at Beri<br>No rain fell at other stations. | 1. Scarcity of fodder in unirrigated tracts continues.<br>2. (a) Drinking water for cattle in the ponds of barani villages is quite insufficient.<br>(b) Perennial canals are flowing by rotation and the supply of water is adequate.<br>3. Generally satisfactory. | Wheat, 12¾<br>Gram, 11½.<br>Barley, 15½<br>Gochni, 12.<br>Jowar, 14,<br>Bajra, 13. | Condition of standing crops average, but jowar crop has been damaged by stem borer and is being used as fodder. Crops on unirrigated area have more or less been a failure, where there was some crop it was of very stunted growth and has served only for fodder purposes. Harvesting continues. Outturn is average except of jowar. | Sowing of gram continues and that of wheat has commenced on irrigated area. Area sown is small. Germination is good |

| No. | Reporting Station. | Rain. | 1. Supply of fodder. 2. Water supply for—(a) Drinking. (b) Canal irrigation. 3. Condition of cattle. | Retail prices in seers per rupee. | Prospects of Autumn. | Prospects of Spring. |
|---|---|---|---|---|---|---|
| 3 | Gurgaon .. | 0·07 at Sadr .. 0·20 at Farrukhnagar. 0·48 at Khol. 0·13 at Firozpur Jhirka. 0·63 at Hathin. No rain fell at other stations. | 1. Green grass is available, but the stores of fodder have been finished in the whole of the district. 2. (a) Drinking water in wells and ponds is available except Rewari tahsil where pools are still dry. (b) Canal flowed in Palwal tahsil only. 3. Generally fair. | Wheat, 11 to 13.. Gram, 10 to 11. Barley, 15. Jowar, 14 to 16. Bajra, 12 to 14½. | Condition and expected yield of standing crops average on irrigated and below average on unirrigated areas. Harvesting continues. | More rain is badly needed, Sowing of barley, gram and oilseeds continues. |
| 4 | Ambala .. | 1·03 at Naraingarh. 0·9? at Kharar. 0·19 at Rupar. 0·10 at Kasauli. No rain fell at other stations. | 1. Sufficient .. 2. (a) Do. (b) Western Jumna canal is flowing. 3. Generally good. | Wheat, white, 13½ Wheat red, 14. Gram, 11. Barley 16½. | Condition of standing crops average on irrigated and below average on unirrigated areas. Picking of cotton continues. Yield below normal. | Sowing of wheat and gram is in progress. |
| 5 | Jullundur .. | 1·10 at Nawanshahr. No rain fell at other stations. | 1. Insufficient. An application for the import of white bhusa on concession rates has been made. 2. (a) Sufficient. 3. Generally good. | Wheat, white, 13 Wheat, red, 13½. Gram, 10. Barley, 16 Maize, 17. | Condition of standing crops average on irrigated and below average on unirrigated areas. Picking of cotton, pressing of sugarcane and harvesting of maize continue. Probable yield is average. | Rain is badly needed. Sowing of wheat, etc continues. |
| 6 | Ferozepore .. | 0·15 at Sadr .. 0·40 at Ferozepura City. No rain fell at other stations. | 1. Sufficient .. 2. (a) Do. (b) Sirhind and Eastern canals are flowing with normal supply of water. 3. Generally good. | Wheat, 12 to 13 Gram, 10½ to 11. Barley, 15 to 16. | Condition of standing crops average on irrigated and below average on unirrigated areas. Unirrigated crops are nominal on account of scarcity of rain. Yield of irrigated maize, rice, sugarcane, bajra and cotton is average. | Rain is badly wanted. Sowing of wheat, gram, barley and oilseeds continues. |
| 7 | Lahore .. | Nil .. | 1. Sufficient .. 2. (a) Do. (b) Canals are flowing by rotation and the supply of water is adequate. 3. Generally good. | Wheat, 13½ .. Gram, 10½. Barley, 16½ | Condition of standing crops average. Picking of cotton and chillies and harvesting of rice continue. Outturn is normal. | Sowing of wheat and gram continues. |
| 8 | Amritsar .. | Nil .. | 1. Sufficient 2. (a) Do. (b) Canals are flowing by rotation and the supply of water is sufficient. 3. Good. | Wheat, 13½ Gram, 10½. | Condition and expected yield of standing crops good in Amritsar and Tarn Taran tahsils on irrigated area and average elsewhere. Picking of cotton, pressing of sugarcane and harvesting of rice are in progress. | Sowing of wheat gram and berrar continues. |
| 9 | Sialkot .. | 0·24 at Narowal.. No rain fell at other stations. | 1. Ample .. 2. (a) Sufficient. (b) Upper Chenab Canal is flowing but its branches are closed. 3. Generally satisfactory. | Wheat, white, 13½¼ Wheat, red, 14½. Gram, 10 5/16. Maize, 16½. Rice ordinary, 11 5/16. | Condition and expected yield of standing crops average on irrigated and below average on unirrigated areas. Picking of cotton, pressing of sugarcane and harvesting of rice, maize and bajra continue. | Sowing of wheat, gram, barley, masaur, turnips and fodder continues. |
| 10 | Shahpur .. | Nil .. | 1. Sufficient except in Khushab tahsil. 2. (a) Do. (b) Lower Jhelum canal is flowing with adequate supply of water. 3. Generally fair. | Wheat, 14½ to 16½ Gram, 11 to 11½. Barley, 18 to 19. Jowar, 13 to 20. Bajra, 15 to 16. Maize, 15 to 17. | Condition of standing crops average to good on irrigated and below average to average on unirrigated areas. American cotton has been damaged by tela to some extent and its balls have been affected. Picking of cotton is in progress. Outturn is below average to average. | Sowing of wheat, gram and taramira is in progress. |

| No. | Reporting Station. | Rain. | 1. Supply of fodder.<br>2. Water supply for—<br>(a) Drinking.<br>(b) Canal irrigation.<br>3. Condition of cattle. | Retail prices in seers per rupee. | Prospects of Autumn. | Prospects of Spring. |
|---|---|---|---|---|---|---|
| 11 | Rawalpindi .. | 0·18 at Sadr ..<br>0·08 at Kahuta.<br>0·60 at Murree.<br>*Nil* at Gujar Khan. | 1. Sufficient ..<br>2. (a) Do.<br>3. Generally fair. | Wheat, 13½ ..<br>Gram, 10½.<br>Barley, 16<br>Jowar, 17<br>Maize, 19 to 20<br>Bajra, 14. | Condition of standing crops below average. | Sowing of wheat is in progress in some lower parts of Murree tahsil. |
| 12 | Mianwali .. | *Nil* .. | 1. Sufficient except in Thal tracts of Mianwali and Bhakkar tahsils.<br>2. (a) Sufficient excepting Thal tract of Isakhel tahsil.<br>(b) Nammal Canal in Mianwali and Kurram Canal in Isakhel are flowing satisfactorily.<br>3. Generally fair. | Wheat, 14¼ ..<br>Gram, 10¼.<br>Barley, 16¼.<br>Bajra, 15.<br>Jowar, 16. | Condition of standing crops average on irrigated and below average rather poor on unirrigated areas. Harvesting continues in Mianwali tahsil. | Rain is badly needed. Sowing continue throughout the district. |
| 13 | Lyallpur .. | *Nil* .. | 1. Sufficient ..<br>2. (a) Do.<br>(b) Canals are flowing satisfactorily.<br>3. Generally good. | Wheat, 14<br>Gram, 10½. | Condition of standing crops on the whole normal. Picking of cotton and pressing of sugarcane are in progress. Outturn of Desi cotton is slightly below normal as this variety was attacked by *tela* in some parts of the district. Outturn of sugarcane is normal. | Sowing of wheat and gram is in progress. |
| 14 | Multan .. | *Nil* .. | 1. Generally sufficient except in Khanewal tahsil.<br>2. (a) Sufficient.<br>(b) Lower Bari Doab Canal is flowing regularly while perennial and non-perennial canals are flowing by rotation with inadequate supply of water. The Haveli Project canals are also flowing but the zamindars of Multan tahsil are not satisfied with sites of fixation and size of certain outlets and they complain about inadequate supply of water on this account.<br>3. Good. | Wheat, 14½ ..<br>Gram, 10¾.<br>Barley, 17.<br>Jowar, 19.<br>Bajra, 15.<br>Maize, 12. | Condition of standing crops generally average except cotton crop of Lodhran and Khanewal tahsils and jowar crop of Khanewal tahsil which are below average due to damage by *tela* and jowar borer respectively and for want of canal water and rains. Picking of cotton and chillies and harvesting of rice, jowar, bajra and pulses continue. Outturn is generally normal, except of cotton of Lodhran and Khanewal tahsils and of jowar of Kabirwala tahsil which are below average. | Sowing of wheat, gram, barley, toria, etc., continues. |
| 15 | Dera Ghazi Khan. | *Nil* .. | 1. Sufficient except in Pachhad tracts.<br>2. (a) Do.<br>(b) Manka canal is flowing with sufficient supply and Nurdhundi and Qutabdhundi canals are flowing by rotation with sufficient and insufficient supply at head and tail respectively.<br>3. Generally good | Wheat, 18<br>Jowar 21.<br>Bajra, 18.<br>Gram, 13¼. | Condition and expected yield of standing crops average except in Rajanpur tahsil and of unirrigated crops of Jampur tahsil which are below average. Crops of Rajanpur tahsil have been damaged by unfavourable winds. | Sowing continues. |

## REMARKS

Light rain fell in parts of Rohtak, Gurgaon, Ambala, Jullundur, Ferozepore, Sialkot and Rawalpindi. Rain is needed. Condition of standing crops (sugarcane, cotton, millets, maize, fodder, etc.) is generally average on irrigated and below average on unirrigated areas. Standing crops have been damaged by strong winds in parts of Dera Ghazi Khan and by insects in parts of Hissar, Rohtak and Multan. Damage to cotton by *Tela* is reported from parts of Shahpur, Lyallpur and Multan. Sowing of spring crops, picking of cotton and harvesting of other autumn crops are in progress. Fodder and drinking water are generally sufficient except in parts of the south-east and south-west. Supplies of canal water are generally sufficient except in Pakpattan, Dipalpur, Eastern and Mailsi canals. Condition of cattle is generally fair except in Hissar. The daily average number of workers at test works in progress in Rohtak was 4,884. Retail prices in seers per rupee are as follows :—

| | Wheat. Srs. | Wheat. Chs. | Gram. Srs. | Gram. Chs. | Barley. Srs. | Barley. Chs. | Corresponding prices of last year: | Wheat. Srs. | Wheat. Chs. | Gram. Srs. | Gram. Chs. | Barley. Srs. | Barley. Chs. |

LAHORE,
The 24th October, 1939.

M. A. HAMID,
Under-Secretary to Government, Punjab,
Public Works Deparment, Irrigation Branch.

## Working Class Cost of Living Index Numbers.

THE Department of Industries, Punjab, under the auspices of the Board of Economic Inquiry, Punjab, publishes below the monthly statement of Working Class Cost of Living Index Numbers for the month of July, 1939, at Sialkot, Ludhiana, Rohtak, Lahore and Multan.

The cost of Living Index Numbers at the above-mentioned stations at the end of July, 1939, on the base 1931—35 equal to 100 were as under :—

| Centre. | Food Articles. | | Fuel and Lighting. | | Clothing. | | House Rent. | | Miscellaneous. | | General Index. | |
|---|---|---|---|---|---|---|---|---|---|---|---|---|
| | June, 1939. | July, 1939. | June, 1939. | July, 1939. | June, 1939. | July, 1939. | June, 1939. | July, 1939. | June, 1939. | July, 1939. | June, 1939. | July, 1939. |
| Sialkot .. | 126 | 120 | 119 | 119 | 95 | 95 | 77 | 77 | 132 | 132 | 120 | 116 |
| Ludhiana .. | 123 | 122 | 116 | 116 | 89 | 89 | 100 | 100 | 87 | 86 | 114 | 114 |
| Rohtak .. | 125 | 119 | 81 | 81 | 97 | 97 | 70 | 70 | 72 | 72 | 111 | 107 |
| Lahore .. | 127 | 127 | 108 | 108 | 106 | 106 | 100 | 100 | 110 | 120 | 120 | 121 |
| Multan .. | 137 | 105 | 118 | 128 | 112 | 99 | 100 | 100 | 93 | 93 | 12[illegible] | 105 |

The items of expenditure included in the statement have been given relative weightage proportional to total expenditure. These items account for 75 per cent of the total expenditure of the working classes, the remaining 25 per cent being expended on education, interest on debt, marriages, travelling, religious performances, etc., is not included in these index numbers of cost of living.

## Working Class Cost of Living Index Numbers for Sialkot (July, 1939).

...OF PUBLIC HEALTH, PUNJAB.

...towns (1,048 males and 911 females), giving a birth rate of 49 *per mille* of population and 804 deaths were registered ...three largest towns were as follows:—Lahore 17 against 23 in the corresponding week of the previous year,

AMRIT SINGH, D.P.H.,
STATISTICAL OFFICER,
*for* Director of Public Health, Punjab.

## SUMMARY OF METEOROLOGICAL CONDITIONS PREVAILING OVER THE PUNJAB AND THE NORTH-WEST FRONTIER PROVINCE DURING THE MONTH OF JULY, 1939.

The monsoon caused fairly widespread rain in the Punjab on the 1st, but weakened considerably thereafter, only isolated showers falling in the east and north Punjab on the 2nd and between the 4th and 7th, and in the North-West Frontier Province on the 6th. There was a temporary revival in the activity of the monsoon on the 8th under the influence of a depression near the head of the Bay, and local rain fell in the Punjab with a few falls in the North-West Frontier Province, on that date.

Isolated showers fell in the east and north Punjab till about the end of the second week and in the North-West Frontier Province on the 13th. As a result of another depression over Central India the monsoon revived and there was local rain in the east and north Punjab between the 14th and 16th, and in the North-West Frontier Province on the 15th with a few falls in the south-west Punjab on the 15th and 16th. This was followed by a break till about the 23rd, during which period there were isolated showers in the Punjab and occasionally in the North-West Frontier Province. Lastly, associated with a depression over the United Provinces, there was another revival of the monsoon in the east and north Punjab, with occasional extensions to the North-West Frontier Province. There was local rain in this part of the Punjab from 24th to about the end of the month and scattered showers in the North-West Frontier Province on the 25th, 26th and 30th.

The total rainfall of the month was in large excess at Drosh, in slight excess at Simla and normal or in defect elsewhere. Cloud amount was normal or in defect. Humidity was in excess at Montgomery and normal or in defect elsewhere. Maximum temperature was below normal at Montgomery, and normal elsewhere, while minimum temperature was in defect at Ambala and in excess at Murree.

KARTAR SINGH,

A. D.,

*for* Director of Agriculture, Punjab.

Registered No. L. 864.

# SUPPLEMENT TO

# The Government Gazette, Punjab.

## Published by Authority.

No. 45.] LAHORE, FRIDAY, NOVEMBER 10, 1939.

## PART I. STATISTICAL.

**Weather and Crop Report for the week ending 8 a. m., Monday, the 6th November, 1939.**

This report deals with the following districts only :—Hissar, Rohtak, Gurgaon, Ambala, Jullundur, Ferozepore, Lahore, Amritsar, Sialkot, Shahpur, Rawalpindi, Mianwali, Lyallpur, Multan and Dera Ghazi Khan.

No abnormal conditions are reported from other districts.

| No. | Reporting Station. | Rain. | 1. Supply of fodder. 2. Water supply for— (a) Drinking. (b) Canal irrigation. 3. Condition of cattle. | Retail prices in seers per rupee. | Prospects of Autumn. | Prospects of Spring. |
|---|---|---|---|---|---|---|
| 1 | Hissar .. | *Nil* .. | 1. There is great scarcity of fodder in barani areas of Sirsa, Fatehabad, Hissar and Hansi tahsils and Bagar tracts of Bhiwani tahsil, *i.e.*, Siwani circle, where crops have been dried up due to want of rain. In other parts of Bhiwani tahsil fodder is available. Arrangements have been made to distribute fodder in kind in affected parts of the district. 2. (a) Drinking water is sufficient in Nahri villages, but it is scarce in Bagar and barani tracts. (b) Perennial canals are closed except in Fatehabad tahsil where canal is flowing in bed. There was a general complaint against short supply of canal water which is badly needed for rabi sowings. Ghaggar canals are dry. 3. Condition of cattle is poor for want of fodder except in most villages of Bhiwani tahsil, where they are a bit better. About 20,000 cattle are being maintained by Government on fodder taccavi. No cattle disease is reported. | Wheat, 11½ to 12½. Gram, 10½ to 11½. Barley, 17. Jowar, 13. Bajra, 12. | Condition of standing crops much below average to average on irrigated area. In Fatehabad tahsil cotton crop is much below average and late sown chari and jowar are below average due to damage done by insects. In Bhiwani tahsil the condition of crop is below average. Picking of irrigated cotton continues. Unirrigated crops in Fatehabad and Sirsa tahsils have completely withered away. In Hansi and Hissar tahsils the condition of crops is bad. In Siwani circle, Bhiwani tahsil and villages round about Tosham crops have been ruined for want of timely rains. In Bhiwani field Kanungo circle crops are below average to average and in Keru circle they are average. | Rain is badly needed. Sowings of wheat, barley and rapeseed in Hissar tahsil, of wheat and gram in Sirsa tahsil and of gram in Fatehabad tahsil on irrigated area are in progress. |
| 2 | Rohtak .. | *Nil* .. | 1. Scarcity of fodder in unirrigated tracts continues. 2. (a) Drinking water for cattle in the ponds barani villages has been exhausted. (b) Perennial canals are flowing by rotation and the supply of water is adequate. 3. Generally satisfactory in Nahri tracts and poor in unirrigated area. | Wheat, 12½. Gram, 11½. Barley, 15. Gochni, 12. Jowar, 14. Bajra, 13. | Condition of irrigated sugarcane and bajra is good and that of cotton is average. Jowar has been damaged by stem borer and is being used as fodder. Harvesting continues. Yield is normal except of jowar. Crops on unirrigated area have been a failure. | Sowing of wheat, gram and rapeseed continues on irrigated areas. |

| No. | Reporting Station. | Rain. | 1. Supply of fodder. 2. Water supply for— (a) Drinking. (b) Canal irrigation. 3. Condition of cattle. | Retail prices in seers per rupee. | Prospects of Autumn. | Prospects of Spring. |
|---|---|---|---|---|---|---|
| 3 | Gurgaon .. | *Nil* .. | 1. Fodder is scarce except in Palwal and irrigated areas of Nuh, Firozpur-Jhirka and Ballabgarh tahsils. 2. (a) Drinking water in wells and pools is available. Pools are generally dry in Rewari tahsil. (b) Canal flowed in Palwal, Ballabgarh Nuh and Ferozpur Jhirka tahsils. 3. Generally fair. | Wheat, 10½ to 12. Gram, 9 to 9½. Barley, 14 to 14½. Jowar, 14 to 16. Bajra, 12 to 13. | Condition of standing crops average on irrigated and poor to below average on unirrigated areas. Harvesting of jowar, bajra, etc., continues. Yield is average on irrigated and below average on unirrigated areas. | Rain is badly needed. Sowing of wheat gram barley and rapeseed continues. |
| 4 | Ambala | *Nil* .. | 1. Sufficient .. 2. (a) Do. (b) Western Jumna canal is flowing. 3. Generally good. | Wheat, white, 12½. Wheat red, 12½. Gram, 10$\frac{1}{16}$. Barley 15½. | Condition of standing crops average on irrigated and below average on unirrigated areas. Picking of cotton continues. Probable yield is below normal. | Sowing of wheat and gram continues. |
| 5 | Jullundur .. | *Nil* .. | 1. Insufficient. Import of white bhusa on concession rates has been sanctioned by the Government. 2. (a) Sufficient. 3. Generally good. | Wheat, white, 13. Wheat, red, 13½. Gram, 10½. Barley, 16. Maize, 17. | Condition of standing crops average on irrigated and below average on unirrigated areas. Picking of cotton and pressing of sugarcane continue. Outturn is average. | Rain is badly needed. Sowing of wheat, gram and other crops continues. |
| 6 | Ferozepore .. | *Nil* .. | 1. Sufficient .. 2. (a) Do. (b) Sirhind canal is flowing with normal supply of water. 3. Generally good. | Wheat, 12 to 13. Gram, 10½ to 11. Barley, 15 to 15½. | Condition of standing crops average on irrigated and below average on unirrigated areas. Crops on unirrigated area nominal on account of scarcity of rain. Probable yield of maize, rice, sugarcane, bajra and cotton is 75 per cent of the normal. | Rain is badly needed. Sowing of wheat, barley gram and oilseeds continues. |
| 7 | Lahore .. | *Nil* .. | 1. Sufficient .. 2. (a) Do. (b) Canals are flowing by rotation and the supply of water is adequate. 3. Generally good. | Wheat, 12½. Gram, 10. Barley, 15. | Condition of standing crops average. Picking of cotton and chillies pressing of sugarcane and harvesting of rice continue. Outturn of cotton and sugarcane is below normal and that of other crops normal. | Sowing of wheat and gram continues. |
| 8 | Amritsar .. | *Nil* .. | 1. Sufficient .. 2. (a) Do. (b) Canals are flowing by rotation and the supply of water is sufficient. 3. Good. | Wheat, 13. Gram, 10⅞. | Condition and expected yield of standing crops good in Amritsar and Tarn Taran tahsils on irrigated area and average elsewhere. Picking of cotton, pressing of sugarcane and harvesting of rice are in progress. | Sowing of wheat and barley continues. |
| 9 | Sialkot .. | *Nil* .. | 1. Ample .. 2. (a) Sufficient. (b) Upper Chenab Canal is flowing but its branches are closed. 3. Generally satisfactory. | Wheat, white, 14. Wheat, red, 15. Gram, 10. Maize, 6. Rice, ordinary, 11$\frac{1}{16}$. | Condition of standing crops average on irrigated and below average on unirrigated areas. | Sowing of wheat, barley, oilseeds and vegetables continues. |
| 10 | Shahpur .. | *Nil* .. | 1. Sufficient except in Khushab tahsil. 2. (a) Do. (b) Lower Jhelum canal is flowing with adequate supply of water. 3. Generally fair. | Wheat, 14 to 16. Gram, 11 to 11½. Barley, 17 to 19. Jowar, 15 to 20. Maize, 14 to 17. | Condition of standing crops average to good on irrigated and below average to average on unirrigated areas. Picking and harvesting of cotton, jowar, bajra and rice continue. Yield of American cotton is below average to average due to damage by *tela* and of Desi cotton and other crops average. | Sowing of wheat, gram, barley and other fodder crops continues. |

| No. | Reporting Station. | Rain. | 1. Supply of fodder. 2. Water supply for— (a) Drinking. (b) Canal irrigation. 3. Condition of cattle. | Retail prices in seers per rupee. | Prospects of — Autumn. | Prospects of — Spring. |
|---|---|---|---|---|---|---|
| 11 | Rawalpindi .. | Nil .. | 1. Sufficient .. 2. (a) Do. 3. Fair. | Wheat, 13 .. Gram, 10. Barley, 16. Jowar, 17. Maize, 18. Bajra, 13. | Condition of standing crops average in Rawalpindi and Gujar Khan tahsils and below average elsewhere. | .. |
| 12 | Mianwali | Nil .. | 1. Scarce in Thal tracts of Mianwali and Bhakkar tahsils. Sufficient elsewhere. 2. (a) Sufficient except in Thal tract of Isakhel tahsil. (b) Nammal Canal in Mianwali and Kurram Canal in Isakhel are flowing satisfactorily. 3 Generally fair. | Wheat, 15 .. Gram, 10½. Barley, 16. Bajra, 15. Jowar, 16. | Condition and expected yield of standing crops average on irrigated and below average rather poor on unirrigated areas. Harvesting continues in Mianwali and Isakhel tahsils. | Rain is badly needed. Sowings continue throughout the district. |
| 13 | Lyallpur .. | Nil .. | 1. Sufficient .. 2. (a) Do. (b) Canals are flowing satisfactorily. 3. Generally good. | Wheat, 14 .. Gram, 11. | Condition of standing crops on the whole normal. Picking of cotton and pressing of sugarcane continue. Outturn is normal except Desi cotton which is below normal due to damage by *tela*. | Sowing of wheat and gram is in progress. |
| 14 | Multan .. | Nil .. | 1. Generally sufficient except in Khanewal tahsil. 2. (a) Sufficient. (b) Lower Bari Doab and perennial canals from Sutlej are flowing by rotation while non-perennial canals from Sutlej are dry. The Haveli Project canals are also flowing but the zamindars of Multan tahsil are not satisfied with sites of fixation and size of certain outlets and they complain about inadequate supply of water on this account. 3. Good. | Wheat, 14½ .. Gram, 10½. Barley, 18. Jowar, 19. Bajra, 15. Maize, 12. | Condition of standing crops generally average except cotton crop of Lodhran and Khanewal tahsils and jowar crop of Khanewal tahsil due to damage by *tela* and jowar borer respectively and owing to inadequate supply of canal water and scarcity of rains. Picking of cotton and chillies and harvesting of rice, jowar, bajra, maize, til and pulses continue. Outturn is generally normal, except of cotton crop of Lodhran and Khanewal tahsils and of jowar crops of Khanewal tahsil which are below average. | Sowing of wheat, gram barley pulses, etc., continues. |
| 15 | Dera Ghazi Khan. | Nil .. | 1. Sufficient except in Pachadh tracts. 2. (a) Do. (b) Manka, Nurdhundi and Qutabdhundi canals are flowing with sufficient supply of water the latter two are flowing by rotation. 3. Generally good. | Wheat, 18 Jowar 21. Bajra, 18. Gram, 13½. | Condition and expected yield of standing crops average except in Rajanpur tahsil and of unirrigated crops of Jampur tahsil which are below average. | Sowings continue. |

*REMARKS.*

WEATHER remained dry. Rain is needed. Condition of standing crops (sugarcane, cotton, millets, maize, fodder, etc.) is generally average on irrigated and below average on unirrigated areas. Jowar has been damaged by insects in parts of Hissar, Rohtak and Multan and cotton by *Tela* in parts of Shahpur, Lyallpur and Multan. Sowing of spring crops, picking of cotton, pressing of sugarcane and harvesting of other autumn crops are in progress. Fodder and drinking water are generally sufficient except in parts of the south-east and south-west. Supplies of canal water are generally sufficient in Northern Administration and in Sirhind, Indus inundation, Pakpattan, Sidhnai and Haveli Canals and insufficient elsewhere. Condition of cattle is generally fair except in Hissar and unirrigated tracts of Rohtak. The daily average number of workers at test works in progress in Rohtak was 5,221. Retail prices in seers per rupee are as follows :—

RAM LAL,

Director of Industries and Stores Purchase Officer, Punjab.

1672 CS—999—9-11-39—SGPP Lahore.

SUPPLEMENT TO

# The Government Gazette, Punjab.

**Published by Authority.**

**No. 46.** LAHORE, FRIDAY, NOVEMBER 17, 1939.

## PART I.

## STATISTICAL.

**Weather and Crop Report for the week ending 8 a. m., Monday, the 13th November, 1939.**

This report deals with the following districts only :—Hissar, Rohtak, Gurgaon, Ambala, Jullundur, Ferozepore, Lahore, Amritsar, Sialkot, Shahpur, Rawalpindi, Mianwali, Lyallpur, Multan and Dera Ghazi Khan.

No abnormal conditions are reported from other districts.

| No. | Reporting Station. | Rain. | 1. Supply of fodder. 2. Water supply for— (a) Drinking. (b) Canal irrigation. 3. Condition of cattle. | Retail prices in seers per rupee. | Prospects of Autumn. | Prospects of Spring. |
|---|---|---|---|---|---|---|
| 1 | Hissar | Nil .. | 1. There is great scarcity of fodder in barani areas of Sirsa, Fatehabad, Hissar and Hansi tahsils and Bagar tracts of Bhiwani tahsil, *i.e.*, Siwani circle, where crops have dried up due to want of rain. In other parts of Bhiwani tahsil fodder is available. Arrangements have been made to distribute fodder taccavi in kind in the district.<br>2. (a) Drinking water is sufficient in Nahri villages, but it is scarce in Bagar and barani tracts.<br>(b) Perennial canals remained closed except in Hansi tahsil where they are running for last two days. Ghaggar canals are dry.<br>3. Condition of cattle is poor for want of fodder except in most villages of Bhiwani tahsil, where they are a bit better. About 20,000 cattle are being maintained by Government on fodder taccavi. No cattle disease is reported. | Wheat, 11½ to 12½<br>Gram, 10½ to 11.<br>Barley, 17.<br>Jowar, 13<br>Bajra, 12. | Condition of standing crops below average to average on irrigated area. On unirrigated area in Fatehabad and Sirsa tahsils crops have completely withered away. In Hansi and Hissar tahsils the condition of crops is bad but they are a bit better in some villages of Hissar tahsil where there was some rain. In Siwani circle and villages round about Tosham crops have been ruined for want of timely rains. In other parts of Bhiwani tahsil condition of crops is below average to average. Picking of irrigat cotton continues. | Sowing of wheat, gram and barley in Sirsa and Fatehabad tahsils and of wheat in Hansi tahsil on irrigated area continues. Sowing of unirrigated wheat and gram are also in progress to a little extent in Sirsa tahsil. |
| 2 | Rohtak | Nil .. | 1. Scarcity of fodder in unirrigated tracts continues.<br>2. (a) Drinking water for cattle in the ponds of barani villages has been exhausted.<br>(b) Perennial canals are flowing by rotation and the supply of water is adequate.<br>3. Generally satisfactory in Nahri tracts and poor due to deficiency of fodder in unirrigated tracts. | Wheat, 11 to 11½<br>Gram, 10½.<br>Barley, 13<br>Gochni, 10½.<br>Jowar, 13.<br>Bajra, 12. | Condition of irrigated sugarcane and bajra is good and that of cotton average but jowar has been damaged by stem borer. Harvesting of irrigated crops continues and their outturn except that of jowar is average. Jowar which was damaged is being used as a fodder. Unirrigated crops have been a failure. | Sowing of wheat, gram and rapeseed continues on irrigated area. Area sown is small. Germination is good. |

| No. | Reporting Station. | Rain. | 1. Supply of fodder. 2. Water supply for— (a) Drinking. (b) Canal irrigation. 3. Condition of cattle. | Retail prices in seers per rupee. | Prospects — Autumn. | Prospects — Spring. |
|---|---|---|---|---|---|---|
| 3 | Gurgaon | *Nil* .. | 1. Fodder is scarce except in Palwal, irrigated area of Nuh, Firozpur-Jhirka and Ballabgarh tahsils. 2. (a) Drinking water in wells and ponds is available. The ponds are generally dry in Rewari tahsil. (b) Canal flowed in Palwal, Ballabgarh, Nuh and Firozpur-Jhirka tahsils. 3. Fair. | Wheat, 10½ to 11. Gram, 9½ to 10½. Barley, 14. Jowar, 14 to 15. Bajra, 12 to 13. | Condition of standing crops average on irrigated and poor to below average on unirrigated areas. Harvesting of jowar, bajra and gowar continues. Yield is average on irrigated and below average on unirrigated areas. | Rain is badly needed, Sowing of wheat, gram and rapeseed continues. |
| 4 | Ambala | | Report not received. | | | |
| 5 | Jullundur . | *Nil* .. | 1. Insufficient. Import of bhusa has been sanctioned by the Government on ordinary tariff rates. 2. (a) Sufficient. 3. Generally fair. | Wheat, white, 12½. Wheat, red, 12¼. Gram, 10. Barley, 15. Maize, 16. | Condition of standing crops average on irrigated and below average on unirrigated areas. Picking of cotton and pressing of sugarcane continue. Outturn is average. | Sowing of wheat and other spring crops continues. |
| 6 | Ferozepore . | *Nil* .. | 1. Sufficient .. 2. (a) Do. (b) Sirhind canal is flowing with normal supply of water. 3. Generally good. | Wheat, 12 .. Barley, 16. Gram, 10½. | Condition of standing crops average on irrigated and below average on unirrigated areas. Crops on unirrigated area are nominal on account of scarcity of rain. The yield of irrigated maize, rice, sugarcane, bajra and cotton is 75 per cent. of the normal. | Rain is badly needed. Sowing of wheat, barley gram and oilseeds continues. |
| 7 | Lahore .. | *Nil* .. | 1. Sufficient .. 2. (a) Do. (b) Canals are flowing by rotation and the supply of water is adequate. 3. Generally good. | Wheat, 12½ .. Gram, 10. Barley, 16. | Condition of standing crops average. Picking of cotton, pressing of sugarcane and harvesting of rice continue. Outturn of cotton and sugarcane is below normal and that of rice normal. | Sowing of wheat, gram and barley continues. |
| 8 | Amritsar . | *Nil* .. | 1. Sufficient 2. (a) Do. (b) Canals are flowing by rotation and the supply of water is sufficient. 3. Good. | Wheat, 13. Gram, 10½. | Condition and expected yield of standing crops good in Amritsar and Tarn Taran tahsils on irrigated area and average elsewhere. Picking of cotton, pressing of sugarcane and harvesting of rice continue. | Sowing of wheat, barley and fodder continues. |
| 9 | Sialkot .. | *Nil* .. | 1. Ample .. 2. (a) Sufficient. (b) Upper Chenab Canal is flowing but its branches are closed. 3. Satisfactory. | Wheat, white, 13¾. Wheat, red, 14. Gram, 9$\frac{11}{16}$. Maize, 15. Rice, ordinary, 11. | Condition of standing crops average on irrigated and below average on unirrigated areas. Picking of cotton, pressing of sugarcane and harvesting of rice, bajra and maize continue. | Sowing of wheat, barley, oilseed, etc., continues. |
| 10 | Shahpur | *Nil* | 1. Sufficient except in Khushab tahsil. 2. (a) Do. (b) Lower Jhelum canal is flowing with adequate supply of water. 3. Generally fair. | Wheat, 13 to 14. Gram, 11. Barley, 18 to 19. Jowar, 13 to 16. Maize, 14 to 16. | Condition of standing crops average on irrigated and below average on unirrigated areas. Picking of cotton and harvesting of jowar and bajra continue. Outturn of American cotton is below average to average due to damage by *tela* and that of other crops is average. | Sowing of wheat, barley and gram is in progress. |

| No. | Reporting Station. | Rain. | 1. Supply of fodder.<br>2. Water supply for—<br>(a) Drinking.<br>(b) Canal irrigation.<br>3. Condition of cattle. | Retail prices in seers per rupee. | Prospects of Autumn. | Prospects of Spring. |
|---|---|---|---|---|---|---|
| 11 | Rawalpindi .. | Nil .. | 1. Sufficient ..<br>2. (a) Sufficient except in some village of Kahuta tahsil.<br>3. Fair. | Wheat, 12½ ..<br>Gram, 10.<br>Barley, 16.<br>Jowar, 17.<br>Maize, 17.<br>Bajra, 13½. | Condition of standing crops average. | Rain is badly needed. |
| 12 | Mianwali .. | Nil .. | 1. Scarce in Thal tracts of Mianwali and Bhakkar tahsils. Sufficient elsewhere.<br>2. (a) Sufficient except in Thal tract of Isakhel tahsil.<br>(b) Nammal Canal in Mianwali and Kurram Canal in Isakhel are flowing with insufficient supply of water due to scarcity of rains.<br>3. Generally fair. | Wheat, 14½ ..<br>Gram, 10¾.<br>Barley, 16.<br>Bajra. 15.<br>Jowar, 16. | Condition and expected yield of standing crops average on irrigated and below average rather poor on unirrigated areas. Harvesting continues. | Rain is badly needed. Sowings continue throughout the district. |
| 13 | Lyallpur .. | Nil .. | 1. Sufficient ..<br>2. (a) Do.<br>(b) Canals are flowing satisfactorily.<br>3. Generally good. | Wheat, 13½ ..<br>Gram, 11. | Condition of standing crops on the whole normal. Picking of cotton and pressing of sugarcane continue. Outturn of Desi cotton is below normal due to damage by *tela* and that of sugarcane is normal. | Sowing of wheat and gram is in progress. |
| 14 | Multan .. | Nil .. | 1. Generally sufficient except in Khanewal tahsil.<br>2. (a) Sufficient.<br>(b) Lower Bari Doab and perennial canals are flowing by rotation while non-perennial canals from Sutlej are dry. The Haveli canals are also flowing with inadequate supply of water but the non-perennial canals are dry.<br>3. Good. | Wheat, 13½ ..<br>Gram, 10½.<br>Barley, 17¾.<br>Jowar, 19.<br>Bajra, 15.<br>Maize, 12. | Condition of standing crops generally average except cotton crops of Lodhran, Khanewal and a part of Mailsi tahsil which is irrigated by non-perennial canals and jowar crop of Khanewal tahsil the condition of which is below average due to shortage of canal water and damage by *tela* and jowar borer respectively. Picking of cotton and chillies and harvesting of rice, jowar, bajra, pulses, til and maize continue. Outturn is generally normal, except of cotton crop of Lodhran, Khanewal and a part of Mailsi tahsil which is below normal. | Sowing of wheat gram, barley oilseed, etc., continues. |
| 15 | Dera Ghazi Khan. | Nil .. | 1. Sufficient except in Pachadh tracts.<br>2. (a) Do.<br>(b) Manka canal is flowing with sufficient and Nurdhundi and Qutabdhundi canals with insufficient supply of water. The latter two canals are flowing by rotation.<br>3. Generally good. | Wheat, 17 ..<br>Jowar, 21.<br>Bajra, 18.<br>Gram, 13½. | Condition and expected yield of standing crops average except in Rajanpur and on unirrigated area of Jampur tahsil which are below average. | Sowings continue. |

*REMARKS.*

WEATHER remained dry. Rain is needed. Condition of standing crops (sugarcane, cotton, millets, maize, fodder, etc.) is generally average on irrigated and below average on unirrigated areas. Damaged to jowar by insects is reported from parts of Rohtak and Multan and to cotton by *tela* from parts of Shahpur, Lyallpur and Multan. Sowing of spring crops, picking of cotton, pressing of sugarcane and harvesting of other autumn crops continue. Fodder and drinking water are generally sufficient except in parts of the south-east and south-west. Supplies of canal water are generally sufficient in Northern Administration and in Sirhind, Indus inundation, Sidhnai and Haveli canals and insufficient elsewhere. Condition of cattle is generally fair except in Hissar and unirrigated tracts of Rohtak. Retail prices in seers per rupee are as follows :—

[illegible]—Prices of rice as shown in the statement are for the quality in common demand.
[illegible]ations in prices are due to fluctuations in imports and exports; §§The figures entered were received too late for insertion in the supplement to the *Punjab Gazette* dated 27th October, 1939.

*No wholesale salt sold. [illegible]

‡Not procurable. ††Under enquiry. The price of "Bathu" and "Marr" at Simla during the fortnight ending 31st October, 1939, was 15 seers 0 chhatank and 6 seers 8 chhataks per rupee, respectively.

The grades of salt for which quotations are given in this statement are as follows:—

Hissar ... ... ... ... Didwána.
Rohtak, Gurgaon and Karnal ... ... ... Sambhar.
Remaining districts ... ... ... ... Rock or Sendha.

(a) Not available.

Average percentage ratio of current to pre-war prices or unweighted index number =102.

Unweighted index number of wholesale prices for the second fortnight of October, 1938, was 93.

KATTI RAM,

Superintendent,

*for* Director of Land Records, Punjab.

## Working Class Cost of Living Index Numbers.

THE Department of Industries, Punjab, under the auspices of the Board of Economic Inquiry, Punjab, publishes below the monthly statement of Working Class Cost of Living Index Numbers for the month of August, 1939, at Sialkot, Ludhiana, Rohtak, Lahore and Multan.

The cost of Living Index Numbers at the above-mentioned stations at the end of August, 1939, on the base 1931—35 equal to 100 were as under :—

| Centre. | Food Articles. | | Fuel and Lighting. | | Clothing. | | House rent. | | Miscellaneous. | | General Index. | |
|---|---|---|---|---|---|---|---|---|---|---|---|---|
| | July, 1939. | August, 1939. | July, 1939. | August, 1939. | July, 1939. | August, 1939. | July, 1939. | August, 1939. | July, 1939. | August, 1939. | July, 1939. | August, 1939. |
| Sialkot .. | 120 | 126 | 119 | 119 | 95 | 95 | 77 | 77 | 132 | 138 | 116 | 120 |
| Ludhiana .. | 122 | 122 | 116 | 116 | 89 | 89 | 100 | 100 | 86 | 86 | 114 | 114 |
| Rohtak .. | 119 | 123 | 81 | 81 | 97 | 97 | 70 | 70 | 72 | 72 | 107 | 110 |
| Lahore .. | 127 | 125 | 108 | 108 | 106 | 106 | 100 | 100 | 120 | 120 | 121 | 120 |
| Multan .. | 105 | 122 | 128 | 104 | 99 | 96 | 100 | 100 | 93 | 103 | 105 | 115 |

The items of expenditure included in the statement have been given relative weightage proportional to the total expenditure. These items account for 75 per cent of the total expenditure of the working class, the remaining 25 per cent being expended on education, interest on debt, marriages, travelling, religious performances, etc., etc., is not included in these index numbers of cost of living.

# SUPPLEMENT TO

# The Government Gazette, Punjab.

## Published by Authority.

No. 47. LAHORE, FRIDAY, NOVEMBER 24 1, 939.

## PART I.
## STATISTICAL.

**Weather and Crop Report for the week ending 8 a. m., Monday, the 20th November, 1939.**

This report deals with the following districts only :—Hissar, Rohtak, Gurgaon, Ambala, Jullundur, Ferozepore, Lahore, Amritsar, Sialkot, Shahpur, Rawalpindi, Mianwali, Lyallpur, Multan and Dera Ghazi Khan.

No abnormal conditions are reported from other districts.

| No. | Reporting Station. | Rain. | 1. Supply of fodder. 2. Water supply for— (a) Drinking. (b) Canal irrigation. 3. Condition of cattle. | Retail prices in seers per rupee. | Prospects of Autumn. | Prospects of Spring. |
|---|---|---|---|---|---|---|
| 1 | Hissar .. | Nil .. | 1 There is great scarcity of fodder in barani areas of Sirsa, Fatehabad, Hissar and Hansi tahsils and Bagar tract of Bhiwani tahsil, i.e., Siwani circle, where crops have dried up due to want of rain. In other parts of Bhiwani tahsil fodder is available. Arrangements have been made to distribute fodder taccavi in kind in the district. 2 (a) Drinking water is sufficient in Nahri villages, but it is scarce in Bagar and barani tracts. (b) Perennial canals are flowing by rotation. Ghaggar canals are dry. 3. Condition of cattle is poor for want of fodder except in most villages of Bhiwani tahsil, where they are a bit better. About 20,000 cattle are being maintained by Government on fodder taccavi. No cattle disease is reported. | Wheat, 10 to 11. Gram, 10½ to 11. Barley, 15. Jowar, 12. Bajra, 11½. | Condition of standing crops below average to average on irrigated area. Picking of cotton continues. There are no crops on unirrigated area now. | Rain is badly needed on irrigated area in Sirsa and Fatehabad tahsils. Sowing of wheat, barley and gram continues while in Hansi tahsil sowing of wheat, sarshaf and gram has commenced. In Hissar tahsil sowing of wheat continues. |
| 2 | Rohtak .. | Nil .. | 1. Scarcity of fodder in unirrigated tracts continues. 2. (a) Drinking water for cattle in ponds of barani villages has been exhausted. (b) Perennial canals are flowing by rotation and the supply of water is adequate. 3. Generally satisfactory in Nahri tracts and poor in unirrigated area. | Wheat, 11 .. Gram, 10½. Barley, 13. Gochni, 10½. Jowar, 13. Bajra, 12. | Condition of sugarcane and bajra is good, of cotton average and of jowar below average on irrigated area. Crops on unirrigated area have been a failure. Harvesting continues. Outturn except that of jowar is average. Jowar which was damaged by stem-borer is being used as fodder. | Sowing of wheat, gram and rapeseed continues on irrigated area. Area sown is small. Germination is good. |

| No. | Reporting Station. | Rain. | 1. Supply of fodder. 2. Water supply for— (a) Drinking. (b) Canal irrigation. 3. Condition of cattle. | Retail prices in seers per rupee. | Prospects of Autumn. | Prospects of Spring. |
|---|---|---|---|---|---|---|
| 3 | Gurgaon .. | *Nil* .. | 1. Scarce except in Palwal, Ballabgarh, Gurgaon and irrigated areas of Nuh and Firozpur-Jhirka tahsils. 2. (a) Drinking water in wells and pools is available. Pools are generally dry in Rewari tahsil. (b) Canal flowed in Palwal, Ballabgarh, Nuh and Firozpur-Jhirka tahsils. 3. Generally fair. | Wheat, $10\frac{1}{2}$ to 11. Gram, $9\frac{1}{2}$ to $10\frac{1}{2}$. Barley, 14. Jowar, 14 to 15. Bajra, 12 to 13. | Condition of standing crops average on irrigated and poor to below average on unirrigated areas. Picking of cotton and harvesting of jowar and bajra continue. Yield is average on irrigated and poor to below average or unirrigated areas. | Rain is needed. Sowing of wheat, gram, barley and rapeseed continues. |
| 4 | Ambala .. | *Nil* | 1. Sufficient .. 2. (a) Do. (b) Western Jumna canal is flowing. 3. Generally good. | Wheat, white, $11\frac{1}{3}$. Wheat, red, $11\frac{3}{8}$. Gram, $10\frac{3}{4}$. Barley, 15. | Condition of standing crops average on irrigated and below average on unirrigated areas. Picking of cotton continues. Yield is below normal. | Rain is badly needed. Sowings continue. |
| 5 | Jullundur .. | *Nil* .. | 1. Insufficient. Permits for import of bhusa are being issued on ordinary tariff rates. 2. (a) Sufficient. 3. Generally good. | Wheat, white, 12. Wheat, red, $12\frac{1}{4}$. Gram, $9\frac{3}{4}$. Barley, 14. Maize, 16. | Condition of standing crops average on irrigated and below average on unirrigated areas. Picking of cotton and pressing of sugarcane continue. Outturn is average. | Rain is badly needed. Sowing of wheat, gram, oilseeds, etc., continues. |
| 6 | Ferozepore .. | *Nil* .. | 1. Sufficient except in a few villages of Moga tahsil. 2. (a) Sufficient. (b) Sirhind canal is flowing with normal supply of water. 3. Generally good. | Wheat, $11\frac{1}{4}$ .. Gram, $10\frac{1}{8}$. Barley, 14. | Condition of standing crops average on irrigated and below average on unirrigated areas. Crops on unirrigated area are nominal on account of scarcity of rain. Yield of cotton, sugarcane, maize, rice, and bajra is 75 per cent. of normal on irrigated area. | Rain is badly wanted. Sowing of wheat, gram, barley and oilseed continues. |
| 7 | Lahore .. | *Nil* .. | 1. Sufficient .. 2. (a) Do. (b) Canals are flowing by rotation and the supply of water is adequate. 3. Generally good. | Wheat, 12 .. Gram, $9\frac{3}{4}$. Barley, $15\frac{1}{2}$. | Condition of standing crops average. Picking of cotton, pressing of sugarcane and harvesting of rice continue. Outturn of cotton is below normal and of other crops normal. | Sowing of wheat and gram continues. |
| 8 | Amritsar .. | *Nil* .. | 1. Sufficient .. 2. (a) Do. (b) Canals are flowing by rotation and the supply of water is sufficient. 3. Good. | Wheat, 12 Gram, 10. | Condition and expected yield of standing crops good in Amritsar and Tarn Taran tahsils on irrigated area and average elsewhere. Picking of cotton, pressing of sugarcane and harvesting of maize and til continue. | Sowing of wheat, barley and fodder continues. |
| 9 | Sialkot .. | *Nil* .. | 1. Ample .. 2. (a) Sufficient. (b) Upper Chenab canal is flowing but its branches are closed. 3. Generally satisfactory. | Wheat, white, $12\frac{1}{2}$. Wheat, red, 13. Gram, $9\frac{1}{2}$. Maize, 15. Rice, ordinary, $11\frac{7}{16}$. | Condition of standing crops average on irrigated and below average on unirrigated areas. Picking of cotton, pressing of sugarcane and harvesting of rice, and bajra continue. Outturn is average on irrigated and below average on unirrigated areas. | Sowing of wheat, barley, fodder and oilseeds continues. |
| 10 | Shahpur .. | *Nil* .. | 1. Sufficient except in Khushab tahsil. 2. (a) Do. (b) Lower Jhelum canal is closed. 3. Generally fair. | Wheat, $12\frac{1}{2}$ to $14\frac{1}{2}$. Gram, 10 to $11\frac{1}{2}$. Barley, $15\frac{1}{2}$ to 18. Jowar, 12 to 20. Bajra, 13 to 16. Maize, 14 to 16. | Condition of standing crops average to good on irrigated and average on unirrigated areas. Picking of cotton continues. Yield of American cotton is below average to average and of Desi average. | Sowing of wheat, gram and barley is in progress. |

| No. | Reporting Station. | Rain. | 1. Supply of fodder. 2. Water supply for— (a) Drinking. (b) Canal irrigation. 3. Condition of cattle. | Retail prices in seers per rupee. | Prospects of Autumn. | Prospects of Spring. |
|---|---|---|---|---|---|---|
| 11 | Rawalpindi ... | Nil ... | 1. Sufficient ... 2. (a) Do. 3. Generally fair. | Wheat, 12½ ... Gram, 10 Barley, 16 Maize, 17. Jowar, 17. Bajra, 13½. | Condition of standing crops average. | Rain is needed. |
| 12 | Mianwali ... | Nil ... | 1. Scarce in Thal tracts of Mianwali and Bhakkar tahsils. Sufficient elsewhere. 2. (a) Sufficient except in Thal tracts of Isakhel tahsil. (b) Nammal canal in Mianwali and Kurram canal in Isakhel are flowing with insufficient supply of water due to shortage of water in them for want of rains. 3. Generally fair. | Wheat, 14½ ... Gram, 10¾. Barley, 16. Bajra. 15. Jowar, 16 | Condition and expected yield of standing crops average on irrigated and below average rather poor on unirrigated areas. Harvesting continues. | Rain is badly needed. Sowings continue. |
| 13 | Lyallpur ... | Nil .. | 1. Sufficient ... 2. (a) Do. (b) Canals are flowing satisfactorily. 3. Generally good. | Wheat, 13 ... Gram, 10. | Condition of standing crops on the whole normal. Complaint of premature opening of bolls of American cotton has commenced throughout the district. Picking of cotton and pressing of sugarcane continue. Outturn of Desi cotton is below normal and of sugarcane normal. | Sowing of wheat continues. |
| 14 | Multan ... | Nil ... | 1. Generally sufficient except in Khanewal tahsil. 2. (a) Sufficient. (b) Lower Bari Doab and perennial canals from Sutlej are flowing by rotation while non-perennial canals from Sutlej and Haveli non-perennial canals are dry. The Haveli perennial canals are flowing regularly but the zamindars of Multan tahsil complain about inadequate supply of water from them. 3. Good. | Wheat, 13½ ... Gram, 10¾. Barley, 17¾. Jowar, 17¾. Bajra, 14¾. Maize, 12. | Condition and expected yield of standing crops generally average except cotton crops of Multan, Lodhran, Kabirwala and Khanewal tahsils where desi cotton is below average due to inadequate supply of canal water and American cotton due to damage by *tela* and *kaki* diseases. The condition of jowar crop of Khanewal tahsil is also below average owing to damage by jowar borer. Picking of cotton and chillies pressing of sugarcane and harvesting of other crops continue. | Sowing of wheat, barley, fodder, etc., continues. |
| 15 | Dera Ghazi Khan. | Nil ... | 1. Sufficient except in Pachadh tracts. 2. (a) Do. (b) Manka canal is flowing with sufficient and Nurdhundi and Qutabdhundi canals with insufficient supply of water. The latter two canals are flowing by rotation. 3. Generally good | Wheat 16 Jowar, 10 Bajra, 16½. Gram 13 | Condition and expected yield of standing crops average except in Rajanpur tahsil and of unirrigated crops of Jampur tahsil which are below average. | Sowings continue. |

*REMARKS.*

WEATHER remained dry. Rain is needed. Condition of standing crops (sugarcane, cotton, millets, maize, fodder, etc.) is generally average on irrigated and below average on unirrigated areas. Premature opening of bolls of American cotton is reported from Lyallpur district. American cotton has been damaged by *tela* and jowar by insects in parts of Multan. Sowing of spring crops, are in progress. Picking of cotton, pressing of sugarcane and harvesting of other autumn crops continue. Probable yield is generally below normal to normal. Fodder and drinking water are generally sufficient except in parts of the south-east and south-west. Supplies of canal water are generally adequate in Northern Administration and Sirhind, Indus inundation, Pakpattan, Sidhnai and Haveli canals and insufficient elsewhere. Condition of cattle is generally fair except in Hissar and unirrigated tracts of Rohtak. The daily average number of workers at test works in progress in Rohtak was 5,178. Retail prices in seers per rupee are as follows :—

canal raingauge stations.
have been fixed.

KATTI RAM,
SUPERINTENDENT,
Office of Director of Land Records, Punjab.

# Notes on the condition and prospects of crops, etc., in each district of the Punjab for the month of October, 1939.

## 1.—HISSAR DISTRICT.

The month under review was dry and rainless. Rain is badly needed. In irrigated areas of Sirsa tahsil the sowing of barley, wheat and gram and in Hissar tahsil sowing of gram and sarshaf continued, and in the unirrigated areas of Hissar tahsil where there was some rain, sowing of gram commenced in a very few villages. The condition of standing irrigated crops is below average to average. In Fatehabad tahsil the condition of cotton crop has slightly improved in the villages where the supply of canal water was adequate, but that of jowar and chari is below average due to damage done by insects. Picking of cotton in Hansi and Hissar tahsils continued while in Sirsa and Bhiwani tahsils it has recently commenced. In Fatehabad and Sirsa tahsils crops have completely withered away. In Hansi and Hissar tahsils the condition of crops is bad, but they are a bit better in some villages of Hissar tahsil where there was some rain. In Siwani circle and villages round about Tosham crops have been ruined for want of timely rains. In other parts of Bhiwani tahsil crops are worsening on account of paucity of rain. Condition of cattle is poor for want of fodder except in most villages of Bhiwani tahsil where they are a bit better. There is great scarcity of fodder in barani areas of Sirsa, Fatehabad, Hissar and Hansi tahsils and Bagar tract of Bhiwani tahsil, *i.e.*, Siwani circle where crops have dried up due to want of rains. In other parts of Bhiwani tahsil fodder is available. Arrangements have been made to distribute fodder taccavi in kind in the district. About 20,000 cattle are being maintained by Government on fodder taccavi. Drinking water is sufficient in nahri villages but it is scarce in Bagar and Barani tracts where rain was insufficient. Perennial canals went on running on their rotational turns. The Ghaggar canals are dry. Public health is generally good. Famine relief works were in progress at 13 centres in the district. There is no special rise in prices of foodstuffs.

## 2.—ROHTAK DISTRICT.

There was 0·40 inches rain at Beri but no rain fell at any other raingauge stations. Sowing of gram, wheat and sarshaf commenced in irrigated areas but the area sown is small and germination is good. Condition of irrigated sugarcane and bajra is good while that of cotton (desi) and chari is average. Jowar was damaged by stern borer. Unirrigated jowar, bajra and other crops have withered except in some villages where they were of stunted growth and have served only fodder purposes. Picking of cotton and harvesting of bajra continued. The probable outturn will be normal in the irrigated and poor in the unirrigated tracts of the district. Scarcity of fodder in the unirrigated tracts of the district continues. Hæmorrhagic septicæmia disease appeared in some villages of the district but the general condition of cattle in the nahri areas is satisfactory and poor in the barani tracts due to deficiency of fodder. Public health has been satisfactory during the month under report. Supply of canal water has been adequate. Water in ponds for cattle is quite insufficient in most of the barani villages of the district.

## 3.—GURGAON DISTRICT.

During the month under report rainfall varied from 0·10 to 0·63 inches at various places in the district. It was above average at Hathin and below average at other places. Rain is badly needed for the rabi sowings. Condition of standing crops, *i.e.*, sugarcane, chari, bajra and cotton on irrigated area was below average to average and that on unirrigated area poor to below average. Picking of cotton and harvesting of bajra, jowar, chari, gowar, mung and mash have begun and the yield is below average to average on irrigated and poor to below average on unirrigated areas. Carrot, gram, barley, wheat and sarshaf were sown on irrigated and unirrigated lands. But the sowing was not an extensive one owing to the lack of rain. Foodgrains are available except in Nuh and Firozpur-Jhirka tahsils. Fodder was also scarce in the district except Palwal and Ballabgarh tahsils. Drinking water was sufficient. Pools are generally dry in Rewari tahsil. Condition of cattle remained generally fair. Scarcity of fodder has affected them. Foot and mouth disease was also reported from a few villages of the district. Canal flowed in Nuh, Firozpur-Jhirka, Ballabgarh and Palwal tahsils by rotation. Supply of water was insufficient. General state of public health remained satisfactory.

## 4.—KARNAL DISTRICT.

There was no rain during the month under report. Sowing of wheat and other rabi crops continued, and the condition of standing crops on the irrigated area is average and that on unirrigated poor. The expected yield is normal on irrigated and much below normal on the unirrigated areas. The condition of cattle is satisfactory on the whole but cattle working on wells have become rather weak on account of hard work and scarcity of

fodder. Outbreak of rinderpest and several other cattle diseases have been reported from some villages of all the four tahsils. Public health is satisfactory. Canals worked satisfactorily according to their programme. Prices are rising slightly.

### 5.—AMBALA DISTRICT.

The rain was above average in Naraingarh and Kharar tahsils only. Sowing of rabi crops commenced. Condition of standing crops is the same as was reported in the last month, but the hailstorms have partially damaged the standing crops such as rice, mash, moth and cotton in some villages of tahsils Kharar and Rupar. Rice, chari and mash were harvested ; yield except chari is poor. Picking of cotton continued ; yield is normal. Condition of cattle is generally satisfactory. Public health is generally good. Only malaria fever was prevailing in the villages. Western Jumna canal flowed with adequate supply of water. Prices are rising.

### 6.—SIMLA DISTRICT.

Only $\frac{3}{4}$ unirrigated area has been sown in Simla tahsil and the whole in Kotkhai tahsil. Condition of kharif crops in Simla tahsil is average and in Kotkhai nearly good. The yield per acre is as follows :—

| | SIMLA TAHSIL. | | KOTKHAI TAHSIL. | |
|---|---|---|---|---|
| | Irrigated. | Unirrigated. | Irrigated. | Unirrigated. |
| | Seers. | Seers. | Seers. | Seers. |
| Dhan .. .. | 401 | 233 | 450 | 350 |
| Maize .. .. .. | .. | 363 | .. | 350 |
| Ginger .. .. .. | 1,653 | .. | .. | .. |
| Mash .. .. .. | .. | 73 | .. | 90 |
| Kulth .. .. .. | .. | 38 | .. | 90 |
| Bathu .. .. .. | .. | 123 | .. | 250 |
| Koda .. .. .. | .. | 243 | .. | 340 |
| Potato .. .. .. | .. | 578 | .. | 1,118 |
| China .. .. .. | .. | .. | .. | 400 |
| Kangni .. .. .. | .. | .. | .. | 400 |

Condition of cattle on the whole is good but foot and mouth disease is spreading in one village of Simla tahsil. No death occurred. Public health is good. Water in hill streams is sufficient.

### 7.—KANGRA DISTRICT.

Rainfall during the month was much above the average except at Palampur, Dehra and Nurpur where it was below the average. Some area was sown with linseed, sarshaf, gram, wheat and barley during the month. Harvesting of kharif crops was finished. Standing crops are in fair condition. The yield in the irrigated area is average while in the unirrigated area is below average. Hailstorm damaged the paddy crop in some parts of Kangra and Palampur tahsils during the month. Cattle are in fair condition. Fodder is sufficient. Foot and mouth, rinderpest and hæmorrhagic septicæmia cattle diseases existed in some parts of the district. Public health is fair. Smallpox is reported from one village in Nurpur and one village in Hamirpur tahsils. There has also been a malaria complaint in some parts of the district. Water in streams and kuhls was sufficient for irrigation proposes. Prices are stationary.

### 8.—HOSHIARPUR DISTRICT.

The rainfall at Garhshankar was above average and at Una and Dasuya below average, whereas no rain fell at Hoshiarpur and Tanda. The scarcity of rainfall has adversely affected the sugarcane and cotton as well as the rabi sowings. The condition of irrigated crops is good on the whole and those of unirrigated below average. Rabi sowings continued and kharif harvesting completed with the exception of cotton and chillies, the picking of which is continued. The condition of cattle and public health is generally good. Shah Nahr remained running during the month. There is no remarkable increase or decrease in the prices.

### 9.—JULLUNDUR DISTRICT.

Rainfall was below average in Jullundur, Nakodar and Phillaur tahsils. Sowing of wheat, etc. (rabi crops) is in progress but owing to lack of rain the zamindars have to work on persian wheels day and night for watering the standing crops and the lands under furrow for the coming rabi crops. Condition of the standing irrigated crops is average and that of the unirrigated below average. Picking of cotton and crushing of sugarcane is in progress. Outturn is average. Cattle are generally in good condition. Fodder is not sufficient. Its import has been sanctioned by the Government on concession rates. Public health is generally good.

### 10.—LUDHIANA DISTRICT.

The sowing of rabi crops was in progress during the month under report. The condition of the standing crops is average and below average in the irrigated and unirrigated areas, respectively. The harvesting of kharif crops is completed. The yield is expected to be normal and below normal on irrigated and unirrigated areas, respectively. The condition of the cattle remained satisfactory on the whole. Public health is generally satisfactory. Sirhind canal has been flowing regularly.

### 11.—FEROZEPORE DISTRICT.

Rainfall was nominal and it is badly wanted throughout the district. Condition of standing crops is average in irrigated and below average in the unirrigated areas. The crops in the unirrigated area are nominal on account of scarcity of rain. Season has been dry throughout. Condition of cattle is satisfactory. Fodder and drinking water are sufficient. Public health is good. The yield of irrigated crops, such as maize, bajra, cotton and sugarcane is about 75 per cent of the normal. Rabi crops, *i. e.*, barley, gram, wheat and oilseeds are being sown in the district.

### 12.—LAHORE DISTRICT.

With the exception of a few showers of rain at Lahore on 20th October, 1939, there was no rainfall during the month under report. Wheat, gram, barley and fodder are being sown. Condition of standing crops is average. Cotton and chillies are being picked, rice is being harvested and sugarcane is being pressed, the outturn of cotton and sugarcane is below normal, while that of other crops is normal. The general condition of the cattle on the whole remained satisfactory. The general condition of public health is good. Sutlej Valley Project canals are closed. Rajbah Khara did not remain running by rotation and there was a break in Rajbah Kahna near village Her which resulted in the wastage of water, the rest of the canals remained working by rotation and the water supply was inadequate.

### 13.—AMRITSAR DISTRICT.

The rainfall during the month was below average. Rain is badly needed. The condition and expected yield of standing crops are good on irrigated and average on unirrigated areas. Sowing of gram, toria, wheat and berrar is going on. Condition of cattle is good. Public health is good. Canals are working by rotation and the supply of water is sufficient.

### 14.—GURDASPUR DISTRICT.

The rainfall during the month was below average in the district except in Shakargarh tahsil. Rabi crops are being sown throughout the district. The condition of the standing crops is reported to be average. The condition of cattle is generally good except for a slight complaint of hæmorrhagic septicæmia and foot and mouth diseases reported in a few villages of Pathankot and Batala tahsils. Public health is generally good except for a slight complaint of smallpox in one village only in Batala tahsil and of malaria in Pathankot and Gurdaspur tahsils. Government canals are running but have not been irrigating the lands since 15th October.

### 15.—SIALKOT DISTRICT.

Rainfall during the month under report in Narowal 0·88, Pasrur 0·47, Daska 0·10, and in Sialkot 0·75 inches, respectively, which was beneficial to the rabi sown crops. The condition of standing crops is average in the irrigated and below average in the unirrigated areas on the whole. Yield of maize, bajra, rice, sugarcane and cotton is expected to be normal in the irrigated and below normal in the unirrigated areas on the whole. Sowing of wheat, barley, masur, gram, toria, linseed and vegetables continued in the district. Condition of cattle is generally satisfactory but there has been a complaint of hæmorrhagic septicæmia and foot and mouth diseases in certain villages in the district. Health is generally satisfactory but there has been a complaint of smallpox in a village of Sialkot tahsil. Upper Chenab canal is running but its branches are closed.

16.—GUJRANWALA DISTRICT.

Except for a few showers of rain at Gujranwala the month remained practically dry. Sowings of wheat, gram, and barley remained in progress. Condition of standing crops is generally average on irrigated and below average to average on unirrigated lands. However the condition of sugarcane in tahsil Gujranwala is reported to be below average on both irrigated and unirrigated areas. Rice crop is being harvested and picking of cotton is also in progress. Yields are reported to be average. Condition of cattle is satisfactory except that in a few villages hæmorrhagic septicæmia disease remained prevalent. State of public health is also satisfactory. Kharif channels have ceased to run and perennial canals are flowing by rotation. There has been no complaint of insufficient supply of canal water.

17.—SHEIKHUPURA DISTRICT.

The rainfall during the month under report was as under:—Sheikhupura 0·49, Shahdara 0·16 inches and Nankana Sahib nil. Very light rainfall in the month under report. Season remained dry. The condition of the standing crops is reported to be average, but there is a complaint of '*tirk*' to the cotton crop. The condition of the cattle is reported to be good. The amount of green fodder appears to be sufficient. The state of public health is good. Canals kept running rotationally.

18.—GUJRAT DISTRICT.

There was practically no rain during the whole of the month. The sowings of toria and turnips were finished and the germination was fair on the whole. The condition of standing crops was fair to good in both the irrigated and unirrigated areas. Some complaints of *tela* disease to cotton crop were however received from a few villages but the exact damage is not yet known. The harvesting of Kharif crops, *viz.*, bajra, jowar, moth and til was begun with average outturn. The cattle were generally in fair condition. Fodder and drinking water were sufficient. Public health was generally good. Canals remained flowing and there were no complaints of supply. Stocks of foodstuffs were sufficient in markets and with the big zamindars. The prices of the agricultural commodities have risen to a certain extent.

19.—SHAHPUR DISTRICT.

Very little rainfall 0·15 at Sahiwal and 0·12 at Shahpur raingauge stations. It was beneficial to standing crops. Sowing of wheat, gram and other rabi fodder crops remained in progress. Condition of standing crops is average to good in irrigated and ordinary in unirrigated areas. Outturn of cotton (desi) is fair and that of American cotton is below average owing to *tela* disease in all kinds of soil. Cattle are generally in fair condition except a few complaints of hæmorrhagic septicæmia disease in one village of Bhalwal tahsil and one village in Sargodha tahsil. Public health remained satisfactory. Fodder is sufficient except in Khushab tahsil. Lower Jhelum canal remained flowing and there was no complaint of water supply. Rural development scheme remained in progress in Shahpur tahsil.

20.—JHELUM DISTRICT.

There was 0·10 inches rainfall in Pind Dadan Khan only. The sowing of rabi harvest is being done. Condition of kharif crops is generally below average. Harvesting is in progress. The yield is expected to be below average. Condition of cattle is average on the whole. The public health is good on the whole. Prices are nearly stationary.

21.—RAWALPINDI DISTRICT.

The rainfall during the month was above average in Rawalpindi and Murree tahsils while it was below average in Gujar Khan and Kahuta tahsils. The condition of standing crops is average in Rawalpindi and Murree tahsils and about average in Gujar Khan and Kahuta tahsils. The yield is considered to be about average. Rinderpest in one village of Rawalpindi tahsil, hæmorrhagic septicæmia in one village and foot and mouth disease in 21 villages of Gujar Khan tahsil and in 3 villages of Kahuta tahsil were reported to have appeared. The public health was generally good except in a few villages of Kahuta tahsil where malaria fever was reported. Prices are stationary.

22.—ATTOCK DISTRICT.

Rainfall during the month was below average. It proved very beneficial to standing crops as well as for rabi sowings. Sowings of wheat, barley, rapeseed were made during the month. The condition of standing crops in irrigated area is average while that in unirrigated area is below average. The average yield is expected in irrigated and below average in unirrigated areas. The condition of cattle was satisfactory on the whole. Public health is satisfactory but 7 cases from smallpox and 2 cases from diptheria were reported. Stocks of foodstuffs were sufficient. Prices are stationary.

23.—MIANWALI DISTRICT.

No rain fell during the whole month. It is badly needed. Sowings of rabi crops have begun throughout the district where there is moisture. Condition of kharif crops is average on irrigated area but below average rather poor on unirrigated areas. Condition of cattle has been fair on the whole excepting a few scattered complaints of foot and mouth and hæmorrhagic septicæmia diseases. Fodder is scarce in the Thal tracts of Mianwali and Bhakkar tahsils. State of public health remained satisfactory on the whole. Nammal canal in Mianwali and Kurrum canal in Isakhel are watering lands satisfactorily.

24.—MONTGOMERY DISTRICT.

Sowing of rabi crops continued during the month. Condition of standing crops is about average. Cotton has been affected by *tela* and in some parts by "tirk" also. Although *tela* on account of change of season is disappearing but it has affected the crops, and cotton crop is not expected to yield the same outturn which it would have otherwise. In Dipalpur tahsil the rice crop has given low outturn. The condition of cattle is satisfactory. The public health of the district remained satisfactory. Smallpox was responsible for 23 cases and 2 deaths in 8 villages and the town of Pakpattan. All these places were visited by the staff and 160 persons were protected against the disease. The Sutlej Valley Project and Lower Bari Doab canals have been flowing satisfactorily.

25.—LYALLPUR DISTRICT.

Rain at Lyallpur 0·02" and no rain at other places. Sowing of toria is finished and that of fodder and gram continues. Sowing of wheat has commenced during the month. The condition of standing crops, on the whole, is normal. Complaint of *tela* to cotton crop is reported which is due to the scarcity of rainfall. The outturn of desi cotton is reported to be below normal throughout the district. The condition of cattle is generally good except in Chak Nos. 437, 426, 393 and 415-G. B., of the Samundri tahsil wherein the disease of *galghotu* is reported to have spread out. Public health is generally good. Canals are working by rotation due to which sowing of rabi crops is slightly delayed.

26.—JHANG DISTRICT.

The rain was below average during the month. Condition of standing irrigated crops is average while that of unirrigated below average. Shalgham, wheat, barley, lusin, matar, masur and gram have been sown during the month. There is a complaint of cattle disease in some villages of Jhang tahsil. Scarcity of fodder is being felt. There are complaints of malaria fever in certain villages of the district. Rivers have gone down and canals are working as usual.

27.—MULTAN DISTRICT.

No rain. Sowings of maize, sathri, gram, turnips, barley, jandal, wheat, peas, vegetables and masur continued. Germination is good. Condition of standing crops generally average except cotton crop of Lodhran, Kabirwala and Khanewal tahsils and jowar crop of Kabirwala and Khanewal tahsils the condition of which was below average due to damage by tela and jowar borer, respectively, and on account of inadequate canal water and rains. Harvesting of rice, jowar, cotton, chillies, bajra, mash, mung and sawank continued, outturn is generally normal except of cotton crop of Lodhran, Kabirwala and Khanewal tahsils and of jowar crop of Kabirwala and Khanewal tahsils, which was below normal for the reason explained above. Condition of cattle was generally good except in some villages of Kabirwal tahsil wherefrom complaints of hæmorrhagic septicæmia were reported. The Veterinary Assistant was informed direct by the tahsildar concerned to take preventive measures. Supply of fodder was generally sufficient except in Khanewal tahsil where it was insufficient due to damage to jowar crop by jowar (borer). 22 cases and 6 deaths by smallpox and enteric fever were reported from Mailsi, Lodhran, Shujabad and Multan city, otherwise the district remained free from all other epidemics. Lower Bari Doab canal was flowing regularly while perennial and non-perennial canals from Sutlej were running by rotation with adequate supply of water. The Haveli canals were also flowing but some of the zamindars of Multan tahsil were not satisfied with sites of fixation and size of certain outlets and they complained about inadequate supply of water on this account. On the whole the water supply of Haveli canals was very satisfactory during this month. Stock of foodgrains and drinking water was sufficient.

28.—MUZAFFARGARH DISTRICT.

No rain fell during the month. The condition of the standing crops on both classes of soil was below average. Rice and bajra were harvested, the outturn being below

normal. Sowings of peas, gram, barley and wheat were in progress. Complaints of hæmorrhagic septicæmia and foot and mouth diseases were reported from parts of the district. Bhusa, green fodder and grazing were available excepting the Leiah tahsil. Public health was normal. The canals on the Indus series are running by rotation with insufficient supplies of water. Prices are rising.

29.—Dera Ghazi Khan District.

Rain at Dera Ghazi Khan 0·02 inch was below average and nominal. Condition and expected yield of the standing crops are on the whole average except rice crop of Dera Ghazi Khan and Rajanpur tahsils and also jowar and til crops of Rajanpur tahsil which are below average. The rice crop was damaged by the rice borer and jowar and til crops was damaged by the unfavourable winds. There was no complaint of cattle disease and the condition of cattle was on the whole good. The fodder was sufficient except in Pachahd tracts. There was some complaint of malaria fever in Dera Ghazi Khan and Rajanpur tahsils, otherwise the public health was on the whole good. Only Manka, Nurdhundi and Qutabdhund canals are flowing. The latter two flowed by rotation. The prices are rising.

KATTI RAM,

Superintendent,

*for* Director of Land Records, Punjab.

No. 48. LAHORE, FRIDAY, DECEMBER 1, 1939.

## PART I.
## STATISTICAL.

**Weather and Crop Report for the week ending 8 a. m. Monday, the 27th November, 1939.**

This report deals with the following districts only :—Hissar, Rohtak, Gurgaon, Ambala, Jullundur Ferozepore, Lahore, Amritsar, Sialkot, Shahpur, Rawalpindi, Mianwali, Lyallpur, Multan and Dera Ghazi Khan.

No abnormal conditions are reported from other districts.

| No. | Reporting Station. | Rain. | 1. Supply of fodder. 2. Water supply for— (a) Drinking. (b) Canal irrigation. 3. Condition of cattle. | Retail prices in seers per rupee. | Prospects of — Autumn. | Prospects of — Spring. |
|---|---|---|---|---|---|---|
| 1 | Hissar .. | Nil .. | 1. There is great scarcity of fodder in barani areas of Sirsa, Fatehabad, Hissar and Hansi tahsils and Bagar tract of Bhiwani tahsil, *i.e.*, Siwani circle, where crops have dried up due to want of rain. In parts of Bhiwani tahsil it is available to some extent. Arrangements have been made to distribute fodder taccavi in the district.<br>2. (a) Drinking water is sufficient in Nahri villages, but it is scarce in Bagar and barani tracts. In a few villages of Bhiwani tahsil, the tanks have dried up.<br>(b) Perennial canals are flowing by rotation. Ghaggar canals are dry.<br>3. Condition of cattle is poor for want of fodder except in most villages of Bhiwani tahsil, where they are a bit better. About 15,000 cattle are being maintained by the Government on fodder taccavi. No cattle disease is reported. | Wheat, 9 to 9½<br>Gram, 9½.<br>Barley, 14.<br>Jowar, 12.<br>Bajra, 10. | Condition of standing crops below average to average on irrigated area. There are no crops on unirrigated area now. Picking of cotton continues. | Rain is needed in Sirsa and Fatehabad tahsils. Sowings of wheat, barley and gram and in Hansi and Bhiwani tahsils those of wheat, and gram continue on irrigated area. |
| 2 | Rohtak .. | Nil .. | 1. Scarcity of fodder in unirrigated tracts continues.<br>2. (a) Drinking water for cattle in ponds of barani villages has been exhausted.<br>(b) Perennial canals are flowing by rotation and the supply of water is adequate.<br>3. Generally satisfactory in Nahri tracts and poor in unirrigated areas. | Wheat, 10 ..<br>Gram, 8½.<br>Barley, 12½.<br>Jowar, 12½.<br>Bajra, 11½.<br>Gochni, 9½ | Condition of sugarcane good, of cotton average and of jowar below average. Harvesting continues. Outturn except of jowar is average. Jowar which was damaged by stem-borer is used as fodder. | Condition of wheat, gram, barley and rapeseed is good on irrigated and below average on unirrigated areas. Sowings continue on irrigated area. Germination is good. Very small area is sown with unirrigated crops. |

| No. | Reporting Station. | Rain. | 1. Supply of fodder. 2. Water supply for— (a) Drinking. (b) Canal irrigation. 3. Condition of cattle. | Retail prices in seers per rupee. | Prospects of Autumn. | Prospects of Spring. |
|---|---|---|---|---|---|---|
| 3 | Gurgaon .. | *Nil* .. | 1. Scarce except in Palwal, Ballabgarh, and Gurgaon tahsils and in villages irrigated by canal in Nuh and Firozpur-Jhirka tahsils.<br>2. (a) Drinking water in wells and pools is available. Pools are generally dry in Rewari tahsil.<br>(b) Canal flowed in Palwal, Firozpur-Jhirka and Ballabgarh tahsils.<br>3. Generally fair. | Wheat, 9½ to 10½.<br>Gram, 9½ to 10.<br>Barley, 13 to 13½.<br>Jowar, 14.<br>Bajra, 11½ to 12. | Condition of standing crops average on irrigated and poor to below average on unirrigated areas. Picking of cotton and harvesting of jowar and bajra continue. Yield is average on irrigated and poor to below average or unirrigated areas. | Sowing of wheat, barley and sarshaf continues. |
| 4 | Ambala .. | *Nil* .. | 1. Sufficient ..<br>2. (a) Do.<br>(b) Western Jumna canal is flowing.<br>3. Generally good. | Wheat, white, 11½.<br>Wheat, red, 11⅜.<br>Gram, 10⅞.<br>Barley, 15. | Condition of standing crops average on irrigated and below average on unirrigated areas. Picking of cotton continues. Yield is below normal. | Rain is badly needed. Sowings continue. |
| 5 | Jullundur .. | *Nil* .. | 1. Insufficient. The Government has sanctioned the railway concession rates of fare for the import of white bhusa from the colony districts.<br>2. (a) Sufficient.<br>3. Generally good. | Wheat, white, 10½.<br>Wheat, red, 10⅞.<br>Gram, 9½.<br>Maize, 14. | Condition of standing crops average on irrigated and below average on unirrigated areas. Picking of cotton and pressing of sugarcane continue. Outturn is average. | Rain is badly needed. Sowing of wheat, gram, oilseeds, etc., continues. |
| 6 | Ferozepore .. | *Nil* .. | 1. Sufficient except in 12 villages of Moga tahsil.<br>2. (a) Sufficient.<br>(b) Sirhind canal is flowing with normal supply of water.<br>3. Generally good. | Wheat, 11 ..<br>Gram, 10.<br>Barley, 11½. | Condition of standing crops average on irrigated and below average on unirrigated areas. Unirrigated crops are nominal on account of scarcity of rain. The yield of maize, rice, sugarcane, bajra and cotton, is 75 per cent. of the normal on irrigated area. | Rain is badly needed. Sowing of wheat, barley, gram and oilseeds continues. |
| 7 | Lahore .. | *Nil* .. | 1. Sufficient ..<br>2. (a) Do.<br>(b) Canals are flowing by rotation and the supply of water is adequate.<br>3. Generally good. | Wheat, 11 ..<br>Gram, 9½.<br>Barley, 14½. | Condition of standing crops average. Picking of cotton, and pressing of sugarcane continue. Outturn of sugarcane is normal while that of cotton is below normal. | Sowing of wheat and gram continues. |
| 8 | Amritsar .. | *Nil* .. | 1. Sufficient ..<br>2. (a) Do.<br>(b) Canals are flowing by rotation and the supply of water is sufficient.<br>3. Good. | Wheat 12½.<br>Gram, 10. | Condition and expected yield of standing crops good in Amritsar on irrigated area and average elsewhere. Picking of cotton, pressing of sugarcane and harvesting of til continue. | Sowing of wheat and barley continues. |
| 9 | Sialkot .. | *Nil* .. | 1. Ample ..<br>2. (a) Sufficient.<br>(b) Upper Chenab canal is flowing but its branches are closed.<br>3. Generally satisfactory. | Wheat, white, 12<br>Wheat, red, 12½.<br>Gram, 9½.<br>Maize, 14½.<br>Rice, ordinary, 9½. | Condition of standing crops average on irrigated and below average on unirrigated areas. Picking of cotton, pressing of sugarcane and harvesting of rice continue. | Sowing of wheat, barley and fodder continues. |
| 10 | Shahpur .. | *Nil* .. | 1. Sufficient except in Khushab tahsil.<br>2. (a) Do.<br>(b) Lower Jhelum canal is flowing with adequate supply of water.<br>3. Generally fair. | Wheat, 11 to 12..<br>Gram, 10 to 11.<br>Barley, 16.<br>Bajra, 13 to 14.<br>Jowar, 12 to 16.<br>Maize, 14 to 16. | Condition of standing crops except cotton average to good on irrigated and below average to average on unirrigated areas. Picking of cotton, pressing of sugarcane and harvesting of bajra continues. Outturn of American cotton is poor and that of other crops is average. | Sowing of wheat, barley and gram continues. |

| No. | Reporting Station. | Rain. | 1. Supply of fodder.<br>2. Water supply for—<br>(a) Drinking.<br>(b) Canal irrigation.<br>3. Condition of cattle. | Retail prices in seers per rupee. | Prospects of Autumn. | Prospects of Spring. |
|---|---|---|---|---|---|---|
| 11 | Rawalpindi ... | Nil ... | 1. Sufficient ...<br>2. (a) Do.<br>3. Generally fair. | Wheat, 12 ...<br>Gram, 9¾.<br>Barley, 15<br>Maize, 15.<br>Jowar, 14.<br>Bajra, 13½. | Condition of standing crops below average. | Rain is much needed. |
| 12 | Mianwali | Nil ... | 1. Scarce in Thal tracts of Mianwali and Bhakkar tahsils. Sufficient elsewhere.<br>2. (a) Sufficient except in Thal tracts of Isakhel tahsil.<br>(b) Nammal canal in Mianwali and Kurram canal in Isakhel are flowing with normal supply of water.<br>3. Generally fair. | Wheat, 12 ...<br>Gram, 10.<br>Barley, 14.<br>Bajra, 13.<br>Jowar, 13 | Condition and expected yield of standing crops average on irrigated and below average rather poor on unirrigated areas. Harvesting continues. | Rain is badly needed. Sowings continue. |
| 13 | Lyallpur .. | Nil .. | 1. Sufficient ...<br>2. (a) Do.<br>(b) Canals are flowing satisfactorily by rotation.<br>3. Generally good. | Wheat, 12 ..<br>Gram, 10. | Condition of standing crops on the whole normal. Complaints of premature opening of bolls of American cotton continues throughout the district. Picking of cotton and pressing of sugarcane continue. Outturn of Desi cotton is below normal and of sugarcane normal. | Sowing of wheat continues. |
| 14 | Multan ... | Nil ... | 1. Generally sufficient except in Khanewal tahsil.<br>2. (a) Sufficient.<br>(b) Lower Bari Doab canal and perennial canals from Sutlej are flowing by rotation while non-perennial canals from Sutlej and Haveli project are dry. The Haveli project perennial canals are also flowing regularly.<br>3. Good. | Wheat, 11½ .<br>Gram, 9½.<br>Barley, 16½.<br>Jowar, 14½.<br>Bajra, 13½.<br>Maize, 11½ | Condition and expected yield of standing crops generally average except cotton crops of Multan, Kabirwala, Mailsi, Lodhran, and Khanewal tahsils which is below average due to inadequate supply of canal water and damage by *kaki* and *tela* diseases. The condition of jowar crop of Khanewal is also below average due to damage by jowar borer. Picking of cotton, pressing of sugarcane and harvesting of rice, jowar, pulses, and til continue. | Sowing of wheat, barley and other fodder crops continues. |
| 15 | Dera Ghazi Khan. | Nil ... | 1. Sufficient except in Pachadh tracts.<br>2. (a) Do.<br>(b) Manka canal is flowing with sufficient and Nurdhundi and Qutabdhundi canals with insufficient supply of water. The latter two canals are flowing by rotation.<br>3. Generally good | Wheat, 16 ..<br>Jowar, 19.<br>Bajra, 16½.<br>Gram, 13. | Condition and expected yield of standing crops average except in Rajanpur tahsil and of unirrigated crops of Jampur tahsil which are below average. | Sowings continue. |

*REMARKS.*

WEATHER remained dry. Rain is needed. Condition of standing crops (sugarcane, cotton, millets, maize, fodder, etc.) is generally average on irrigated and below average on unirrigated areas. Damage to American cotton by *tela* and to jowar by insects is reported from parts of Multan. Premature opening of bolls of American cotton continues, in the Lyallpur district. Sowing of spring crops are in progress. Picking of cotton, pressing of sugarcane and harvesting of other autumn crops continue. Probable yield is generally below normal to normal. Fodder and drinking water are generally sufficient except in parts of the south-east and south-west. Supplies of canal water are generally adequate in Northern Administration and Sirhind, Indus inundation, Pakpattan, Sidhnai and Haveli canals and insufficient elsewhere. Condition of cattle is generally fair except in Hissar and unirrigated tracts of Rohtak. The daily average number of workers at test works in progress in Rohtak was 5,962. Retail prices in seers per rupee are as follows :—

Average percentage ratio of current to pre-war prices or unweighted index number =107.

Unweighted index number of wholesale prices for the first fortnight of November, 1938, was 93.

## SUMMARY OF METEOROLOGICAL CONDITIONS PREVAILING OVER THE PUNJAB AND NORTH-WEST FRONTIER PROVINCE IN AUGUST, 1939.

THE revival of the monsoon, which had occurred in the last week of July, continued to give rain over the Punjab excluding the south-western districts on the 1st August. It weakened in the next two days, but between the 4th and 6th rainfall was again widespread in the east and north Punjab and the adjacent districts of the south-west Punjab and occurred at some stations in the North-West Frontier Province. There was a break in the activity of the monsoon in the next week, but from the 11th onwards rainfall began to re-appear in the east Punjab hills and extended to the adjoining plains on the 14th. During the next ten days the monsoon continued weak and its activity was shown mainly on the Punjab hills with occasional falls in the submontane plains and extensions to the North-West Frontier Province on the 17th and 22nd. In connection with a depression from the Bay which reached the Punjab on the 27th, there was fairly widespread, but light to moderate, rain over the Punjab that day. After its disappearance there were only scattered showers mostly in the hills.

The total rainfall of the month was in slight defect at Cherat and Parachinar, and in moderate to large defect elsewhere. Both cloud amount and humidity were either normal or in defect. Maximum temperature was generally above normal in the Punjab, it was also in excess at Dera Ismail Khan. Minimum temperature was in excess at Hissar and Murree and normal elsewhere.

**August, 1939.**

LAHORE,
The 23rd November, 1939.

M. A. HAMID,
Under-Secretary to Government, Punjab,
Public Works Deparment, Irrigation Branch.

## Working Class Cost of Living Index Numbers.

THE Department of Industries, Punjab, under the auspices of the Board of Economic Inquiry, Punjab, publishes below the monthly statement of Working Class Cost of Living Index Numbers for the month of September, 1939, at Sialkot, Ludhiana, Rohtak, Lahore and Multan.

The cost of Living Index Numbers at the above-mentioned stations at the end of September, 1939, on the base 1931—35 equal to 100 were as under :—

| Centre. | Food Articles. | | Fuel and Lighting. | | Clothing. | | House rent. | | Miscellaneous. | | General Index. | |
|---|---|---|---|---|---|---|---|---|---|---|---|---|
| | August, 1939. | September, 1939. | August, 1939. | September, 1939. | August, 1939. | September, 1939. | August, 1939. | September, 1939. | August, 1939. | September, 1939. | August, 1939. | September, 1939. |
| Sialkot .. | 126 | 129 | 119 | 119 | 95 | 95 | 77 | 77 | 138 | 108 | 120 | 120 |
| Ludhiana .. | 122 | 137 | 116 | 116 | 89 | 94 | 100 | 100 | 86 | 87 | 114 | 124 |
| Rohtak .. | 123 | 130 | 81 | 90 | 97 | 97 | 70 | 80 | 72 | 72 | 110 | 116 |
| Lahore .. | 125 | 130 | 108 | 108 | 106 | 106 | 100 | 100 | 120 | 117 | 120 | 123 |
| Multan .. | 122 | 130 | 104 | 116 | 96 | 108 | 100 | 100 | 103 | 91 | 115 | 122 |

The items of expenditure included in the statement have been given relative weightage proportional to the total expenditure. These items account for 75 per cent of the total expenditure of the working class, the remaining 25 per cent being expended on education, interest on debt, marriages, travelling, religious performances, etc., etc., is not included in these index numbers of cost of living.

## Working Class Cost of Living Index Numbers for Sialkot (September, 1939).
